FOR THE PUBLIC SCHOOLS.

Several years ago Mrs. Margaret Durand, of Oakland, devised to Douglas county \$1063.26, to become part of an irrevocable school fund.

Such a fund has never been created by law for Douglas county, and for that reason the county officials had no right to loan the money thus received.

To obviate that difficulty so that the county officials may have the proper management of the amounts thus left to the county.

Such a law seems to be necessary for the proper management of the amounts thus left to the county.

But the fund should grow. With the proposed bill on the statute books and an assurance that the fund will be rightly used for the benefit of the schools.

Mrs. C. P. Totten of Glenellen made us a two days visit this week, and we were honored to entertain one of Cow Creek valley's prominent pioneers.

Thomas Jefferson, the father of democracy, was an "imperialist."

Half of our law makers spent poster at Corvallis visiting the agricultural college.

By action of the legislature the Oregon grape has been made the state flower of Oregon.

D. J. Asbury, of Canyon City, has purchased the Yamhill County Reporter and will take charge of it at once.

The farmers are in favor of expansion it will make better markets for their products abroad.
