All we ask is to look at the instruments, try the tone yourself, and you will be convinced that Needhams are the best pianos on the market, except Chickering or Steinway. For reference see O. F. Money Appropriated By the Fifty-fifth Congress

OVER A BILLION AND A HALF

Six Hundred and Seventy-Five Millions the Appropriations of the Session Just Ended.

WASHINGTON, March 5.—The official statement of Representative J. C. Cannon, of Illinois, the chairman of the house appropriations committee, summing up the appropriations of the 55th congress, shows aggregate appropriations by the entire congress of \$1,560,800,016, and for the session just closed a total of \$673,658,200, with authority for contracts subject to future appropriations amounting to \$50,000,000. Chairman Cannon's statement is full follows:

"The appropriations made at the session of congress just closed amount approximately to \$219,658,200, and show an apparent reduction of \$219,571,000, under the appropriations made at the preceding session.

"This is attributable to the large expenses occasioned by the war with Spain that were provided for during the preceding session. The entire appropriations made by the 55th congress aggregate \$1,560,800,016.28. Of this sum, \$482,562,082.47 is directly chargeable to our late war with Spain or incident thereto. Deducting this charge from the whole amount of the appropriations the remaining \$1,078,237,933.81 represents the ordinary or normal appropriation made by the 55th congress.

"The appropriations made by the preceding congress, the 54th, amounted to \$1,041,583,273.57. A comparison shows an increase in ordinary appropriations made by this congress, the 55th, of \$20,654,708.71, but this apparent increase is more than accounted for by increases under eight items alone, namely: For pensions \$1,000,000; for the postal service \$16,000,000; for rivers and harbors, including work under contracts previously authorized, \$3,000,000; for new ships for the navy, \$6,000,000; for beginning the work of the 12th census, \$1,000,000; for the Paris exposition, \$1,200,000; for new public buildings, including the building for the department of justice and for site and partial construction of the new government printing office, about \$5,000,000; and for payment of judgments rendered against the government on account of the French spoliation, an account of the Bismarck act, \$3,100,000.

"The very natural and necessary increase in public expenditures on account of the pension list, the growth of the postal service in response to the demands of commerce, the improvements of the great waterways of the country, increase of the navy, the construction of needed buildings to accommodate the government service in the cities of the country; the taking of the census, the participation of the nation in the great exposition to be held at Paris next year and the payment of the French spoliation judgments and Bismarck act cases so long considered by and pressed upon congress, aggregate \$39,900,000—more than dissipating the entire apparent increase in the ordinary appropriations by this congress over those made by the 54th congress.

"In addition to the direct appropriations made at this session, contracts were authorized, subject to future appropriations to be made by congress, amounting to about \$70,000,000. Of this amount, \$44,000,000 is for additional ships for the navy, \$22,500,000 for work on rivers and harbors, and something over \$3,000,000 is for public buildings. The contract system is of necessity applied to the construction of new warships, which require periods of years for their construction.

"In the case of river and harbor improvements and the construction of public buildings, experience has shown that the authorization of contracts tends materially to expedite and cheapen the same."

To Indian War Veterans.

We are indebted to Thos. B. Reed, speaker of the house of representatives, for the failure of our pension bill. His objections are senseless and needless. Justice or a sense of right, is no part of his makeup. He is opposed to whatever is to the interest of the west.

The Nicaragua Canal, the acquisition of the Philippines, the passage of the Indian War pension bill, etc.

If Dewey had captured the north pole, no doubt Reed would have been anxious to retain and have it decorated with New England emblems.

For a high grade piano, don't overlook the Haines Bros. Indorsed by all leading musicians in Roseburg. They are used and indorsed by Dr. Kline, Mrs. Appell and others. Miss Path has a Haines upright in her parlour. Her beautiful home at Craycroft Castle, Wales, and uses the Haines piano during her last tour of the United States.
