NEW SOLDIERS' HOME BILL

Places the Soldiers' Home Under the Direct Control of the Government.

For an act to amend an act entitled "An act to establish the Oregon Soldiers' Home, and to make an appropriation therefor," filed in the office of secretary of state February 21, 1893; and also to amend an act amendatory thereto, entitled "An act to amend an act to establish the Oregon Soldiers' Home, and to make an appropriation therefor," approved February 25, 1895, and the same is hereby amended to read as follows:

Sec 1 That there is hereby established in the state of Oregon an institution of the name and style of the Oregon Soldiers' Home, which shall be under the supervision and management of the governor, as hereinafter provided.

Sec 2 The object of the soldiers' home shall be to provide a home for all honorably discharged ex-soldiers, sailors or marines, who served in the army or navy of the United States during the war of the rebellion, Mexican or Indian wars of Oregon, Washington and Idaho, who are now or may hereafter become citizens of the state of Oregon, who by reason of wounds, disease, old age or infirmities, are unable to earn their living, and have no adequate means of support.

Sec 3 The governor shall have the general supervision over and shall prescribe the rules for the government and management of said soldiers' home, and shall make all necessary bylaws and regulations governing the admission, maintenance and discharge of the inmates of said home, which shall not be inconsistent with the spirit and provisions of this act. He shall appoint a commandant for said soldiers' home, and upon the nomination of such commandant, such necessary officials and employees as may be required; and any such subordinate officials or employees may be suspended by said commandant for inefficiency or misconduct; but in case of the suspension of any such official or employee, a statement of the case shall be reported by the commandant to the governor, who shall offer such suspended official or employee a hearing, and whose action thereon shall be final.

Sec 4 The commandant and all subordinate officials of said Oregon soldiers' home shall preferably be honorably discharged ex-soldiers, sailors or marines.

Sec 5 Said commandant shall appoint an adjutant, subject to the approval of the governor, who shall perform his duty under such regulations and restrictions as may be prescribed by the bylaws, and not inconsistent with the provisions of this act. He shall also act as secretary and keep all accounts pertaining to said soldiers' home, under such rules and regulations as may be established for its government.

Sec 6 The state treasurer is hereby directed and required to place to the credit of the Oregon soldiers' home maintenance fund, all sums received hereafter by him from the general government in consequence thereof, and on account of the establishment and maintenance of said soldiers' home by the state and state treasurer is hereby authorized and designated as the proper and lawful officer of the state to receive and accept for all sums hereafter to be due and paid by the general government on account of the maintenance and care of the inmates of the Oregon soldiers' home.

Sec 7 All vouchers given for supplies for said soldiers' home, or services rendered the same, to be paid by warrants drawn on said national fund, shall be paid by the state treasurer on warrants drawn by the secretary of state; provided, that all vouchers, whether drawn upon the national fund, shall be approved by the governor before being audited by the secretary.

Sec 8 There shall be paid out of the general fund annually hereafter the sum of ten thousand dollars for the purpose of carrying out the provisions of this act.

Sec 9 Said soldiers' home shall at all times be subject to the inspection of the board of managers of the national home for disabled volunteer soldiers under such regulations as shall be made for its government.

Sec 10 The commandant shall receive an annual salary of seven hundred and fifty dollars; the matron of the home an annual salary of four hundred dollars; the adjutant shall receive an annual salary of four hundred and twenty dollars; the matron of the hospital shall receive an annual salary of four hundred dollars; and the physician at the hospital shall receive an annual salary of five hundred and eighty dollars.

Sec 11 Application for admission to the soldiers' home shall hereafter be made to the county judge of the county in which the applicant resides on blank

forms approved by the governor, and the applicant shall furnish said county judge the sworn statement of two residents of said county that they are well acquainted with the applicant and know him to be the person he claims himself to be, and that he is a citizen of Oregon and a resident of said county, and that he, by their knowledge, does not possess the means of support, and that he is not able to earn a living by manual labor, and that he is a worthy and proper person to be cared for in said home. Such statements of said county judge as to their genuineness shall be made a part of the application for admission to said home.

Sec 12 The commandant of said home shall, on the first Monday of January, 1901, and on the same day of every alternate year thereafter, make a report to the governor containing a full statement of the condition of the institution, its receipts and expenditures, and the additions and improvements, if any necessary, for its proper care and maintenance.

Sec 13 The governor shall visit and inspect the soldiers' home at least four times a year, and as much oftener as he shall deem necessary.

Sec 14 All Acts or parts of Acts in conflict with the provisions of this Act are hereby repealed.

As the emergency clause was not attached to the bill, it will not take effect until about May 1st, at which time the new officers will probably be appointed by the governor.

Life in Alaska.

L. A. Nurnberg, writing from Dyea, Alaska, in the winter, to his friend, J. F. Sellar, of Portland, is quoted by the Oregonian as follows:

"This Alaska life is not what it might be, or what some people think it to be, especially here at Dyea and Skagway, where we are either together or not far enough. I don't know which, it is all the same as Siberia."

"I don't know what wrong some of us have done to receive the punishment we are getting. The penitentiary would be no worse were it not for the disgrace attached to it. It is an infernal region of a country, anyway, where the dogs cannot bark."

"We are having so much night here that we hardly know what to do with it, and the days are so short. Shorter ones would do it if it were not for increasing the night. It becomes light at 8 a. m., and dark 3 p. m. This would be a great country for gas works if we had any use for them. If there had been more light instead of so much darkness, so that we could have seen what we were doing, the work would not have been so many of us here."

"Everything in Alaska is on a large scale, especially the mountains and the ice and snow. If the gold was on half the same scale the valleys and lakes would be on a level with the mountains."

"The saying is that there is a hell and a heaven. I am satisfied now that there is a hell, but I have my doubts about there being a heaven. I don't think that there is any room left for a heaven—at any rate I am satisfied that it is not in Alaska. A person here at this time of year has to walk the floor like a lion in a cage to pass time and troubles. The Indians were satisfied to live here, but we were not satisfied until we came up here to Dyea, where we are now. We have no sun here at this time of year, but we live—no, we only exist."

"We have most everything here but the comforts of life. There is anyone in the states who is not satisfied, send him up here to see the elephant, and I assure you that he will go home satisfied to return no more."

"The rich Alutian country is a region that none of us can afford to let pass without taking a waack at. It is a region where many a poor man is going to make a stake. All reports from Alutia are good. All men who come out for an outfit return."

"The Alutian country is going to surprise the world when well prospected and opened up. It is far better for a poor man than is the Yukon country, on account of the gold being more evenly distributed, thus giving not only a few but many a chance to get something, and it does not require so much capital to work claims. Everybody in this part of the country is going to Alutia."

"This Alaska country is going to be the country for the man who is willing to stay here and put up with all the hardships and do without all the comforts and pleasures of life."

The W. C. T. U. will hold its regular meetings on the second and fourth Monday of every month at 7:30 p. m. in the Epworth League room of the M. E. church.

"Out of Sight Out of Mind."

In other months we forget the harsh winds of Spring. But they have their use, as some say, to blow out the bad air accumulated after Winter storms and Spring thaws. There is far more important accumulation of badness in the veins and arteries of humanity, which needs Hood's Sarsaparilla.

This great Spring Medicine clarifies the blood as nothing else can. It cures scrofula, kidney disease, liver troubles, rheumatism, and kindred ailments. Thus it gives perfect health, strength and appetite for months to come.

Kidneys—My kidneys troubled me, and on advice took Hood's Sarsaparilla which gave prompt relief, better appetite, my sleep is refreshing. I cured my wife also. MICHAEL BOYLE, 3473 Denny Street, Pittsburg, Pa.

Dyspepsia—Complicated with liver and kidney troubles, I suffered for years with dyspepsia, with severe pains. Hood's Sarsaparilla made me strong and hearty. J. B. ESSEX, Main Street, Auburn, Me.

Whooping Cough—Five running sores on my hip caused me to use crutches. Was confined to bed every winter. Hood's Sarsaparilla saved my life, as it cured me perfectly. Am strong and well. ALICE ROBERT, 49 Fourth St., Fall River, Mass.

Hood's Sarsaparilla

Never Disappoints

Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

W. G. WOODWARD

A sea-captain may navigate his ship safely across the ocean, but when he comes into port he must have a pilot who knows all the shoals, rocks, and dangers of that particular channel. In the voyage of life there are many perilous places where we need the help of a pilot who has a thorough knowledge of the special difficulties and dangers to be avoided.

In those delicate physical weaknesses and diseases peculiar to women a general practitioner or ordinary doctor has no opportunity to become thoroughly proficient. Still less to be trusted is the advice of any mere nurse or unscientific person.
