OUR BOYS PRAISED.

Noble Work Done By the Second Oregon.

THEIR BRAVERY IS COMMENCED

The Reports of Losses Show the Entire Regiment Was Exposed to the Hottest Fire.

WASHINGTON, March 27.—There was nothing but high-sounding praise heard from the war department for the Oregon troops, which have stood the brunt of the fighting in the Philippines during the past few days.

The entire volunteer army in the Philippines is highly praised, the Star, this evening, giving it a half column of editorial commendation. It speaks of the lack of complaint among the volunteers in the Philippines and the soldierly qualities. It is well to remember that the army in the Philippines has been handled by soldiers, and not by politicians.

Senator McBride today said of the Oregon regiment: "It was very sad news, especially to me, I knew personally many of the soldiers among the killed and wounded. A considerable proportion of the soldiers of the regiment are native born Oregonians, sons of pioneer families, who were well known in the state."

"The heavy losses of the Oregon regiment show that they were called upon to take the post of honor, where the fighting was hottest, and from that point of view it is a tribute to their well-known proficiency."

"From the time they first marched through the streets in San Francisco and elicited the praise of regular army officers for their soldierly bearing, until now, the men of the Oregon regiment have been called upon for difficult service, where soldierly discipline and trustworthy character were required. The news of these losses will bring sorrow to a great many homes in Oregon, and the families will have general sympathy throughout the state. Personally, I feel the deepest sympathy for the families of those who were killed or wounded, being acquainted with so many of them."

Commissioner Herman, of the general land office, said: "In consultation with the war department officials to ascertain the view entertained from a military standpoint, as to the merit disclosed by the Oregon volunteers in the battle just reported, I find, from the diagram of the battle-field and the movements of the troops, as technically shown by the war charts, that the efficiency especially shown by the Second Oregon companies is equal to that of anything before illustrated in regard to any other troops. In view of the insurmountable obstacles which intervened, the success achieved indicates a degree of bravery, of discipline and cool determination which has few equals. While I express the deepest regret upon the sad showing in reference to the losses sustained and the wounds inflicted upon our brave men, yet I feel a profound pleasure in knowing that our state has, through its honored troops, achieved such a reputation."

"The battleship Oregon had previously made our state famous through its name upon the high seas, and now, through the blood and valor of our troops, we are becoming most creditably remembered upon the battle-field. As an Oregonian, I am especially proud of the record made by the Oregon troops."

There will be a gospel temperance meeting at the Presbyterian church Tuesday, April 4th. Following is the program: Music, by the Chorus. Scripture reading, Rev. Douglas. Prayer, Rev. Arnold. Solo, Mrs. S. C. Flint. Reading, Miss Clara McCoy. Recitation, Mrs. Elya Loug. Music, by the Chorus. Address, Dr. J. A. Townsend. Collection.

VOLUNTEERS TO REMAIN

War Department to Keep Them at the Philippines Until the Fighting is Over

CORBIN HAS SO ANNOUNCED

Conduct of the Volunteers in This War Has Endured Them to the Regulars as Has Nothing Else in the History of the Country

CHICAGO, March 28.—A special dispatch to the Record from Washington says: Adjutant-General Corbin says nothing has occurred in the history of the country to endanger the volunteer troops to the regular organization as their conduct at Manila during the present movement on Malolos. Not only have they shown excellent discipline, but they have eagerly sought duty on the firing line, and have never faltered in an advance on the enemy. There has been no shirking in their regiments and no complaint when called upon to bear the brunt of an assault.

Their record from the moment they embarked to the present time has been excellent, and the reports received at the war department, General Corbin says, indicate that any attempt at sending them home for muster out before the campaign is completed would excite a riot. They desire to remain as long as there is any fighting to be done, and the department, in recognition of their excellent service, will not order them home until the military problem in the Philippines is solved, or the volunteers request to be relieved.

Surgeon-General Sternberg says the medical department in the Philippines is ready and prepared for any emergency which may arise. The hospital ship Letitia, which left New York several weeks ago laden with supplies, is about half way to Manila, and her arrival is expected at that port about April 15. She carries an abundance of medical supplies of every description, and has many medical officers, hospital stewards, privates and nurses aboard. The officers in charge at Manila have plenty of funds to make any necessary purchases, and have full authority and discretion in every particular. Hospitals had been constructed at Manila and in the vicinity in anticipation of trouble with the insurgents and every conceivable preparation for the reception of the wounded has been made.

The surgeons from the American warships in the harbor have come ashore and are co-operating with the medical officers of the army in the treatment of the wounded.

Surgeon-General Sternberg has received a very interesting report from Colonel Jayme, the chief surgeon at Manila, showing the accommodations at hand and the preparations which have been made. A convalescent hospital has been established on Corregidor island at the entrance of Manila bay, some 30 miles west of the city. A steamer makes daily trips to the island. It is too early to say what benefit the hospital will be to the command, but it will be considerable considering the refreshing sea air, the less excessive heat, and the absence of the unhealthy surroundings of Manila.
