TRAP FOR AGUINALDO.

Troops Will Be Sent to the North by Sea.

REBELS ARE CRUSHED, SAYS OTIS

Campaign Will Not Stop on Account of Rain—Exterminating the Bandits.

MANILA, April 15.—The Americans plan to trap Aguinaldo by sending troops via the sea route to the north of him. Then he will be between two lines of Americans, and it may result in his capture.

General Otis declares he has crushed the rebel army and Aguinaldo's so-called government. He adds that the Americans are not going to stop on account of rainy weather, but will make an active campaign, cutting the rebel forces in two at Manila and trapping Aguinaldo to the north.

He thinks the chief problem is now to exterminate the brigands and bandits, who infest the island in immense bands of great strength and daring.

The condition of the Spanish prisoners is terrible. They are weak, emaciated, starved, beaten cruelly and ordered about by prods of bayonets.

United effort has been made by merchants of all nationalities to have the Spaniards set free by Aguinaldo. The petition is to be delivered at once. However, Otis thinks it will be some time before Luzon is pacified.

Lawton Takes Calamba.

MANILA, April 15, 10 p. m.—News is received here by way of Tanay that Lawton has captured Calamba. It is known that he has landed, but the details of his taking the place are delayed on account of poor transportation.

Pursuant to instructions from Madrid, Spanish officials and troops destined for the Carolino islands embarked on the steamer Porto Rico today.

KILLED AND WOUNDED.

List of Casualties From Otis Not Before Reported.

WASHINGTON, April 16.—The war department tonight received from General Otis the following list of casualties, not heretofore reported:

"Killed. Third artillery, April 13—Sergeant John L. Lang; Private A. Seifert.

"Wounded—First Washington, company D, Corporal Cal Wellons, hip, slight.

"Twenty-second infantry—Private Robert H. Haley, forearm, moderate.

"Thirteenth Minnesota, April 13—Privates Charles Still, knee, slight; Charles Conley, clavicle, slight. April 1—Corporal Robert Kelliher, leg, severe.

"First Montana, April 13—Private Joseph Wright, company B, thigh, severe.

"Third artillery, April 2—Lieutenant Conrad H. Lanza, leg, moderate; Private Ralph H. Golden, cheek, severe; Henry V. T. Jarrell, thigh, severe; Geo. C. Samples, cheek, slight; Robert Moles, hand, slight."

SINGAPORE, April 15.—The latest news received by the local Filipino junta from Manila describes the proclamation of the United States Philippine commissioners as "vague and unsatisfactory." The Filipino are reported as repudiating it, "because their experience is that American actions belie American promises and because the proclamation contains no tangible guarantees of self-government, or that the islands will not be exploited by the syndicates, adventurers and carpetbaggers."

The proclamation of Major-General Otis, according to this junta dispatch, is considered "equally injudicious," and it is asserted that "no faith can be reposed in General Otis or Dewey."

WASHINGTON, April 15.—The following cablegram has just been received by the navy department from Admiral Dewey:

Manila, April 15.—The gunboat Wheeling arrived, six days from Cebu. Quiet and order is reported. The natives are most friendly to the Americans. The native government established by Tanesig is working well. The native soldiers are a fine body of men. The Natchan, United States naval transport, is in Guam.

WELL KNOWN IN THE SMOKY CITY

Pittsburg Club Will Honor the Memory of Lieutenant Lansdale.

PITTSBURG, April 15.—The Pittsburg Club the leading social organization of the city, will take action on the death of Lieutenant Philip Lansdale, who was killed in Samoa. The officer lived here from 1890 to 1893. He was a member of the board of armor-plate inspectors on duty at Homestead, and was there during the riots. He was one of the most popular members of the Pittsburg Club and had apartments with lieutenant C. H. Harlow, now commander of the Vixen, a few doors from the clubhouse. Lieutenant Lansdale was a prominent tennis player, and was in all the local championship games.

During the latter part of 1893 he was ordered to the Philadelphia. A year or two years later he was sent to the hydrographic office in Washington. Last summer he secured a Manila assignment and shortly before his departure was married to a California woman.

Lawton Captures Two More Towns.

NEW YORK, April 14.—A dispatch to the Herald from Manila says: The expedition under Major-General Lawton yesterday moved 12 miles further north along the lake, taking two towns, Longos and Paete. A squadron of the Fourth cavalry was left to garrison Santa Cruz.

There was only desultory shooting from the retreating enemy until the advance reached Paete, the center of the insurgent military government in the district of Laguna de Bay. Here the road is flanked by steep hills on each side, on which the insurgents had constructed great log trenches, and also across the road. The North Dakota regiment ran into a cross fire.

Squads of five sharpshooters each were sent up the steep hill and through the thick brush to flank the insurgents. One squad of the North Dakota regiment suddenly came to the insurgent trench, halting when only 15 yards off. Only one man in this squad got away unhurt.

The Utah artillery gun boats shelled the insurgents' position for an hour. The enemy was finally driven out.

Our loss was five killed and two wounded, the greatest loss Lawton has yet sustained.

The Lanzones captured Tuesday are worth $60,000.

A PESSIMISTIC VIEW.

Senator Cullom Thinks Grave Complications Are Probable

CHICAGO, April 15.—Senator Cullom, of Illinois, while traveling a train for Springfield, Ill., was asked for an expression on the massacre of American and British subjects by Mataafans on a German plantation in Samoa. The senator said:

"I have only a vague idea of the latest information from Apia, but from what I can gather, this massacre will result in complications of the gravest character. The dispatches indicate that the American and British sailors have been waylaid and slaughtered on the plantation of prominent German resident of Samoa, and executed according to the most approved methods of the uncivilized American Indian—and that this German urged the Mataafans on to the slaughter. If these reports turn out to be true, then Germany will be called to account by both the United States and England."

The senator refused to predict what action in the matter would be taken at Washington, giving it as his opinion that the United States government and the British could meet promptly any emergency and cope with it successfully.

SCANT SATISFACTION

What the War Department Will Reply to Governor Lee.

WASHINGTON, April 14.—The war department will reply to the telegram of Governor Lee of South Dakota, to President McKinley, making the immediate muster out of the South Dakota regiments impossible, that all the troops will be brought home as soon as transportation can be furnished by the United States as fast as possible with the transports at hand.

It is said at the war department that the fact regarding the muster out of the troops is established that the executive department will have time to issue the necessary orders and make preparations to properly discharge the soldiers and bring them home.
