VOL. XXX. ROSEBURG, OREGON, THURSDAY, MAY 4, 1899. NO. 35.

AFFAIRS AT WARDNER

The Federal Troops Are on the Scene.

RIOTERS MAY GO UNPUNISHED

Local Courts and Juries Cannot Try the Rioters, so it is Said.

WARDNER, Ida., May 2.—State Auditor Sinclair is being urged by citizens to use his influence in procuring martial law as the only hope for law-abiding people in the Coeur de 'Alenes. Five masked men were seen between Wardner and Kellogg last night but no further outrage has been reported. A company of colored troops has just arrived from Spokane. Hundreds of people met them at the depot and were wild with delight. Arrests of strikers have commenced.

WALLACE, Ida., May 2.—Sheriff Young and County Attorney Samuels are both in Wardner today, presumably conferring with State Auditor Sinclair, the governor's representative, who arrived yesterday.

Under-Sheriff Seysler pronounces Saturday's outrage as unparalleled. The destruction of property was bad enough, although not surprising to one acquainted with conditions here. The boldness of the attack, however, is without precedent, while the shooting of the men was utterly without excuse. He further says that while punishment should be meted to the guilty parties, only the federal government can do so, as there is not a man in Shoshone county qualified to sit as a juror in the case. There is no talk or expectation of any action by the local authorities.

SPOKANE, May 2.—Seventy-five picked men of Co. M, Twenty-fourth Infantry, Captain Batchelor, left Fort Spokane for Wardner this morning. They carry 15 days rations and 1,000 pounds of ammunition. Many are veterans who fought at San Juan. The men expect no immediate fighting but are ready for any thing.

WALLA WALLA, Wn., May 2.—One troop of the Fourth cavalry, under the command of Lieut. Munroe, will leave this afternoon to proceed to the scene of the Wardner riot.

High-Handed Outrage.

Language is almost inadequate to express the horrible conduct of the employes of the Bunker Hill and Sullivan mine, at Wardner, Idaho. Because this mob was unable to dictate terms which were unreasonable, to its employes, it destroys about $300,000 worth of their property, with giant powder. Not only that, but the frenzied miners also jeopardized much human life in the execution of an act unworthy of this age.

It is scarcely conceivable that at this period of enlightment and toleration—particularly in the United States—a mob of white men would engage in such satanical work.

What have they gained by it? The answer can be summed up in a few lines. They have destroyed the avenue in which they earned a livelihood; they have discouraged other mineowners in the camp from prosecuting work; they have thrown a large number of innocent men out of employment, and have subjected themselves to serve criminal prosecution.

This act on the part of men accredited with intelligence, committed in the heart of civilization, startles the world. —Ex.

Brigadier-General Harrison Gray Otis, lately in high command in the Philippines, has arrived home in California, having voluntarily resigned. He will at once resume the editorship-in-chief of the Los Angeles Times.

"Spring Unlocks The Flowers

To Paint the Laughing Soil."

And not even Nature would allow the flowers to grow and blossom to perfection without good soil. Now Nature and people are much alike; the former must have sunshine, latter must have pure blood in order to have perfect health.

Hood's Sarsaparilla cures blood troubles of all sorts. It is to the human system what sunshine is to Nature—the destroyer of disease germs. *It never disappoints.*

Poor Blood—"The doctor said there were not seven drops of good blood in my body. Hood's Sarsaparilla built me up and made me strong and well." SUSIE E. BROWN, 16 Astor Hill, Lynn, Mass.

Dyspepsia, etc.—"A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite until I took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured." N. B. SEELEY, 1874 W. 14th Av., Denver, Col.

Rheumatism—"My husband was obliged to give up work on account of rheumatism. No remedy helped until he used Hood's Sarsaparilla, which permanently cured him. It cured my daughter of catarrh. I give it to the children with good results." MRS. J. S. MCMATH, Stamford, Ct.

Hood's Sarsaparilla

Never Disappoints.

Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

FILIPINO MILLIONAIRES.

Cortez Brothers in this Country—Lost $1,000,000 During the War.

The Cortez brothers, millionaire Filipinos, who claim they were robbed of $1,000,000 by the Spainards at Manila, have been in Washington, where they had several conferences with President McKinley in regard to the best way of governing the natives in the Philippines. They also sought to have their property restored to them, and applied for American citizenship. They say that, after due investigation, the president decided that their property should be returned to them.

They are of the opinion that an independent government in the Philippines would not endure, but they think that the people can be intrusted with local government.

While in Washington they suggested that President McKinley should take into consideration conditions as he found them in the Philippines, and recognize the influence of the property class, winning them over by doing justice to their claims to have their property restored. If the president follows this suggestion, they think the war will end speedily.

McKinley to Dewey.

WASHINGTON, May 1.—President McKinley today, sent the following to Admiral Dewey:

"On this anniversary of your great victory, the people of the United States unite in an expression of their affection and gratitude to yourself and the brave officers and men of your fleet, whose brilliant accomplishments mark an epoch in history and will live in the annals of the world's heroic deeds.

State News.

For new dwellings or business buildings under construction or to be constructed, there is being expended in Baker city, by conservativ estimate, about $100,000.

W. H. Byars, of Salem, has secured the contract for the surveying of townships 37 South, 14 West, and 37 South, 7 West. Both these townships are located in Curry county.

Owing to the recent suit decided against them the Bellamy colony, of Lincoln county, has broken up, and the association is no more. Many of the members will return to their old homes in Dakota.

Wells Fargo has established a direct express service between Coos Bay and Portland. This will be an advantage to the public who do not believe in patronizing home institutions, as the express rate will be only one-third of what it ure to be.—Marshfield Mail.

No more letters asking the governor to demand the recall of the Second Oregon volunteers from Manila have been received at the executive office at Salem, but many inquiries as to the probability of another call for volunteers and offers to respond thereto are coming in.

The prune crop in France is reported to have been injured seriously by frost. There will be no competition this year in the Eastern markets with Pacific coast prunes. The California crop will be large, late rains having put the prune orchards in perfect conditions as regards moisture.

General John M. Bacon, who has been in Vancouver on a four months' leave of absence, will be retired at the expiration of his furlough. General Bacon has decided to locate permanently in Clark county, and will devote his time to raising prunes. He has a fine fruit farm, north of Portland.

Residents at Haines are stirred up over the mysterious disappearance of Lafayette Favorite, a well-to-do rancher, who, on April 25, bade his young bride good-by and started for Haines to make a land deal and attend the Odd Fellows' lodge. Mr Favorite never reached Haines. It is feared he has been foully dealt with.

At the meeting of the Lane County Fruit Growers' Association Saturday the question of enforcing the law in regard to fighting fruit pests were discussed. All present seemed to favor a strict enforcement of the law in regard to the San Jose scale. A resolution was passed to this effect, and also prohibiting the sale of wormy fruit.

H. E. Allen, arrested for arson in connection with the fire at Grants Pass, last week, in which the Salvation Army barracks and Johnson's grocery were burned, was found guilty by a jury in circuit court Friday. The case was a very strong one against the accused and it was ably conducted by District Attorney Watson for the state. It is thought that the sentence will not be less than ten years' imprisonment.

United States Senator Geo. A. Pettigrew, of South Dakota, after investigating the possibilities and prospects of the Bohemia mining district, and the plans of the Calapooia-Bohemia Gold Mining and Milling Company, has backed his faith in both by the purchase of a large block of the treasury stock of the company. Bohemia is fast becoming favorably known in other parts of the world.

It has been said that the day of miracles was past. Not so with the stage line between here and The Dalles. On Tuesday between the bridge and Bakeoven the coach turned over with seven passengers aboard and no one was hurt. On Wednesday night following, between Hay creek and Willow creek the driver, unable in time to see that the bridge across a deep ravine had been washed away by the swollen waters, drove into the remaining frame work of the structure in such a way that the coach was supported on the stringers, the team falling through into the water eight feet below, throwing the driver and passengers out, nothing being injured but the harness.—Prineville Review.

PEACE CONFERENCE

Otis Will Accept Nothing But Surrender.

PROPOSALS ARE CONSIDERED.

Rebels Insist That the Consent of the Filipinos Congress Must Be Obtained.

MANILA, May 2, 6.05 p. m.—Major Manuel Arguelezeas and Lieutenant Jose Bernal, of the staff of General Antonio Luna, returned here today to renew and press the request of General Luna for a cessation of hostilities. They have found their field of labor a most uncongenial one. The two officers were received and admitted to a conference with Major-General Otis. The proposals which they had to submit differed but slightly from those which they brought from the Filipino commander in the first place. They desired a little time to summon congress, and expressed themselves as being confident that congress will decree peace, because the people desire it.

They represent that Aguinaldo is without power to surrender the army and congress must decide that question. Incidentally the Filipinos envoys asserted that Aguinaldo had not yet made a fair test of his strength against the American forces, because but one third of his army had been assembled together. The envoys presented a letter from Senior Malini, president and minister of foreign affairs, in the cabinet of Aguinaldo, and who is the backbone of the Filipino organization. The communication is personal and unofficial, and seconds Major Arguelezeas' arguments.

The truth is, the dissension among the leaders of the rebels is helping on the disorganization of the Filipino army almost as much as the American campaign. In course of a conference with the Filipino envoys, General Otis agreed with the statement of Major Arguelezes that the people of the Philippines wanted peace, and he added that requests for protection were pouring upon him from all parts of the country.

Envoys will see General Otis again tomorrow. They will stop tonight in Manila. They lunched with General MacArthur at his head quarters on a car of an armored train at Calumpit before going to Manila. Whether or not General Luna is sincere in his overtures, the negotiations are giving the insurgents much needed opportunity to reorganize their demoralized forces.

General Lawton was engaged in hard fighting early this morning, but telegraphic communication was cut at 9 a. m., and there have been no reports from Lawton since that time.

General Hale Joins Maccabebs.

General Hale started at daybreak with the Iowa and South Dakota regiments. A squad of cavalry and two guns of the Utah battery, from Calumpit, moved in a northeasterly direction, to co-operate with Maccabebs, who have asked Americans to arm them in order that they might fight Taglis. The Maccabebs have already organized a company of bolo men to guard the town. They are taking Taglis prisoners to General MacArthur.

Oregon Boy Promoted.

WASHINGTON, May 1.—In accordance with the request of the president to choose, from each regiment in the Philippines, the one most distinguished for gallantry for appointment as second lieutenant in the regular army, General Otis has forwarded a list of such volunteers. Among the names is that of Rhees Jackson, a lieutenant of the Second Oregon.

[Rhees Jackson enlisted from Fort Klamath June 15, 1897. He was discharged and re-enlisted at Portland, where he was commissioned as first lieutenat Co. F.]

Of Interest to Stockmen.

H. Mc Donald, a prominent stock buyer of Eastern Oregon says he does not expect that prices for cattle will be much better than those of last year, but fully as good. The tendency of Montana buyers is to keep the price down but the fact that last winter was a hard one, many cattle perishing in different parts of the west from starvation, will tend to keep prices up.

The McDonald Bros. have contracted to furnish the Kiddle Bros. at Island City 500 head of cattle to be delivered at Elgin in May. The cattle will be shipped to the Nebraska market and are one and two-year-olds.

In speaking of the hog market Mr. McDonald said that the peices so far for hogs to be delivered in Elgin in June were 4 cents gross.

One reason why the price does not get any better is on account of the very favorable terms dealers have been able to make with the railroad companies. Formerly, if a hog buyer wished to ship in from the east, where the price for fat hogs is less than the price paid in Oregon, he would be compelled to ship one train load. Now it is different, a single car can be shipped at the same rate as a train load.

A curious thing occurred while Col. Bryan was being introduced to his Schenectady, N. Y., audience the other night. Just as the chairman of the meeting asserted that there was always an abundant supply of torchbearers present when the light of true democracy might be temporarily obscured, a[n] electric lights

THE COPPER RIVER ROUTE.

Many Destitute Miners are Coming Out, and a Hospital Has Been Organized.

WASHINGTON, May 1.—Acting Secretary Meiklejohn has received a report from Captain Abercrombie, who is commanding the expedition investigating the Copper river route to the Yukon country.

The report comes through Captain Robbins, quartermaster at Seattle, who says the following message was handed him by the purser of the steamer Excelsior, which arrived yesterday from Valdez, Alaska:

"My expedition disembarked today, April 25. A hospital was organized for the care of the destitute miners, who are now coming out of the interior by the route you contemplate opening. So far as the destitute are concerned, the worst is over.

"ABERCROMBIE, Commanding."

SAN FRANCISCO SHAKEN.

Two Earthquakes During a Driving Rain.

SAN FRANCISCO, April 30.—Two shocks of earthquakes were distinctly felt in all parts of the city today. The first shock was rather mild, but the second, which followed immediately afterward, was of much greater severity. It was a matter of general comment that the shocks, which were felt about 2.15 p. m., should have occurred during a pouring rain and with an unusually low temperature for this season. While the second shock was responsible for a general fright, particularly to those who were higher up than the ground floor of houses or other buildings, so far as known no damage has resulted from the earthquake beyond trivial household disasters to glassware and china.

The shocks were generally in the coast counties of the central portion of the state, the vibrations being from northwest to southeast, the first lasting two seconds and the second shock continuing for about four seconds. In some localities the earthquake was more pronounced than in San Francisco. At Salinas, loud atmospheric noises accompanied the shocks, and window-glasses were broken.

Fourth Body Recovered.

The party that went to search for the remaining victim of the ill-fated timber land party in Clatsop county, returned to Seaside last Sunday and reported having found the body of A. J. Cloutrie about a mile and a half in the back trail from where the bodies of Radir and Heikmann were found. Cloutrie was evidently the first of the party to die, as his body had been dragged down the side of a hill for over 100 yards and placed under a log in a sheltered place. The body was well preserved. It was brought into Seaside Monday. Near where Cloutrie died there was evidence that three other men were at that time in good health from the way they walked about. There were signs of their having eaten raw domestic onions, and the skins of cooked meat sausages were on the ground. It is believed now that the sausages were the cause of death, but this is only the latest of many theories. It is evident that the men could not have been very sick when Cloutrie died or they would not have been so careful to lay his body away in a sheltered and out-of-the-way place. Their camp has not been discovered, but the party that went out from Seaside Monday morning will keep up the search until it is found.

Current News.

Quay's friends are working hard to influence senators in favor of seating him.

A state convention will be called in Georgia to consider the lynching question.

Over 3000 mechanics of Cleveland will receive increased wages dating from May 1.

Returning Copper river prospectors bring horrible tales of suffering, sickness and disappointment.

Chilcat Indians are reported on the warpath in Alaska, and driving whites off the White Pass trail.

Several lumbering companies near Eureka, Cal., have raised the wages of their employes from 10 to 15 per cent.

The Nicaragua commissioners' report will be presented soon. The cost is estimated at $125,000,000, possible minimum, $100,000,000.

It is rumored in Washington that Platt and Quay have combined to effect the election of Sherman as speaker, and a Pennsylvanian for doorkeeper.

Col. Funston, of the 30th Kansas regiment, now fighting in the Philippines, although one of the bravest men in the service, weighs, clothes and all, only 98 pounds.

Not one correspondent at Manila, and there are several representing non-expansionist papers, has said that Aguinaldo represents anything but a barbarous military despotism. With one voice the correspondents declare that the Filipinos are totally unfit for self-government.

Southern Kansas farmers are planning a trust, which, if it proves successful in organization, will raise the price of wheat to higher prices than last year. They have commenced to form a combine to prevent the sale of all the May wheat raised in Kansas. Each farmer is to sign an agreement to hold his wheat until all agree to sell. In this way they expect to prevent marketing until the price is raised to suit them. Several hundred farmers in Sedgwick and Cowley counties have already signed the agreement. Farmer Smith, well known politician of McP[herson]
