No. 36

A GLOWING TRIBUTE

Paid the Oregon Volunteers by a Manila Paper

HEROIC COURAGE AND BRAVERY No Veterans of Wellington, Napoleon or Grant could have done better

In the battle of Malabon on Saturday, March 25th of the Second Oregon regiment U. S. V. took an active and leading part and displayed courage, valor and endurance of the highest order. For years to come the work of this regiment last Saturday will be pointed out as an example of what can be achieved by volunteers. No veterans of Wellington or Napoleon or Grant could have done better. No one can possibly conceive the heroic bravery of the Second Oregon on this occasion unless he has walked over the battle field; over the insurgent trenches one after another; through the thicket and jungle; over open stretches where for 500 yards the boys faced a steady rain of bullets; and up to the final impetuous charge which consisted really of a fort with stone loop holes. This is not exaggeration. It is not half the truth. The whole truth is contained in the work of this regiment will not be written. No one saw it all, and descriptions of those rushes through fields where the air was fairly charged with pulsing lead would be "not assuaged" (said only takes). There is "no kill a soldier. The natives on the scene. Only poor marksmen. This fact and a favor. Other regiments - Oregon, as it is d. Other regiments - from destruction.

The insurgents with a vengeance Masters three torrents of lead. We must find a victim.

Col. Summers should be proud of his regiment; the Eighth Army Co. V. should be proud of this record. All the good people of the great state of Oregon - can words express how they feel? People of Oregon, your sons have this day proved that their blood is like that shed at Thermopylae and Bunker Hill. - Freedom, Manila, P. I.

THRILLING TRIP OVER ICE.

Latest News Brought Out by the Last Party From Dawson.

SEATTLE, May 2.-H. J. Cameron and Fred Hall arrived from Dawson this morning with news to April 13th. They had a terrible trip over the fast-breaking ice on the Yukon and the lakes. They will probably be the last arrivals before the river opens. They were compelled to abandon their sled at White Horse rapids after pulling it through many miles of flesh. They waded through a foot or more of water to the foot of Bennett. They claim to be the last party that will leave Dawson before the break-up.

The miners at Circle City have formed a combine to keep up wages. They claim that owners threatened to cut wages, but the union established a scale of \$1 an hour, and appears to be strong enough to enforce it. The loading or unloading of boats is included in the wage scale.

Ferdinand Anderson died at the Dawson police barracks April 9th, after suffering terribly from a wound inflicted with suicidal intent a year before when mining on Quartz creek.

Ronald Morrison reported on arrival at Dawson, April 9th, that a strike had been made on Tulare creek. The stream flows into the Yukon, 100 miles south of Dawson. He saw a 500 nugget taken from the discovery claim.

WASHINGTON, May 4.-There is a belief among members of congress that the president will call congress to meet in "extra session" this fall, probably in October.

"Durability is Better Than Show."

The wealth of the multi-millionaires is not equal to good health. Riches without health are a curse, and yet the rich, the middle classes and the poor alike have, in Hood's Sarsaparilla, a valuable assistant in getting and maintaining perfect health. It never disappoints.

Scrofula - Three years ago our son, now eleven, had a serious case of scrofula and erysipelas with dreadful sores, discharging and itching constantly. He could not walk. Several physicians did not help for sixteen months. "Three months" treatment with Hood's Sarsaparilla made him perfectly well. We are glad to tell others of it." Mrs. DAVID LATHROP, Kansas.

Eczema - "Vomiting, spells, dizziness and prostration troubled me for years. Had neuralgia, grew weak and could not sleep. My age was against me, but Hood's Sarsaparilla cured me thoroughly. My weight increased from 125 to 145 pounds. The mother of nine children. Never felt so well and strong since I was married as I do now." Mrs. M. A. WATERS, 1229 3rd St., Washington, D. C.

Eczema - "We had to tie the hands of our two-year-old son on account of his face and limbs being so badly affected." Mrs. J. W. WATERS, 1229 3rd St., Washington, D. C.

READY FOR THE RUSH.

Homesteaders Lined Up to Fill on Ute Lands.

DURANGO, Colo., May 3.-About 100 homesteaders were lined up to fill on the land office here today prepared to make filings on claims in the Ute reservation, which will be opened for settlement at noon tomorrow. Many stood in line all night, and the number is slowly augmented. Settlers are divided in opinion as to the method of filing.

State News.

The Jefferson bicycle club announces that it will test the constitutionality of the bicycle tax. An Albany lawyer has been employed to begin a test case.

Superintendent J. H. Lee, of the Oregon penitentiary, has begun the work of road building, authorized by the last legislature. Ten tractors are employed in the work.

Representative Tongue has accepted an invitation to deliver the address at Portland on Decoration day. The request was made by the Grand Army posts of that city.

Mr. Hermann of the general land office, has transmitted a statement of accounts between the United States and the state of Oregon giving to the latter \$476, being 5 per cent of the net proceeds of government public land sales in Oregon in 1898.

Very Rev. F. N. Blanchet, administrator of Oregon, has been officially informed by the most Rev. Bishop Christie, that Bishop Christie, has been appointed archbishop of Oregon. Bishop Christie will take charge of the archdiocese of Oregon on June 15th.

Ed. E. Blacklock, of Grave creek, says the Mining Journal, brought to town this week a big nugget of gold that was picked up in his placer claim four miles above Placer. It was a beauty and weighed 17 1/2 ounces, and was valued at \$300. But such discoveries are not uncommon in our section.

Attorney General Blackburn has given his opinion that the food and dairy commissioners, game and forestry warden, fish commissioner, soldiers home, penitentiary, insane asylum, reform, blind and deaf dumb schools are entitled to printing at the expense of the state, and that the state board of dental examiners, medical examiners, barbers commission and board of pharmacy are not.

Promoter Wallace, representative of the colony, made payment of \$10,000, at Monroe Monday, towards purchasing lands and mills specified in the original agreement. This is the first payment in full. The new owners take charge immediately, and the invoicing will begin Saturday. Jones, who is lacking the scheme financially, is still at his home in Cottage Grove, but this did not hinder the fulfillment of all agreements. - Eugene Register.

Yesterday night, burglars entered the merchandise store of L. Lurch, in this city through a side window. They broke open one money drawer, but only secured a few cents in small change, which had not been put in the safe. Two gold watches, a pocket knives and some tobacco was also taken. A chisel and a saw were left which had been taken from Stoffer's planter. There is no clue. At 5 o'clock the same night Miss Heinrich was awakened by some one trying to get in to her millinery store. Miss Heinrich says they struck a match and held it up to the window, and that she could see their hands, but was afraid to get up. - Cottage Grove Leader.

Ashland Notes.

(Ashland Tidings)

Geo. G. Gillette, who went down to Roseburg, Tuesday evening, to see the Gillette-Bowley wedding took property tied, is visiting in Portland for a few days.

It is reported that a \$1100 brick was the result of the last run of ore from the Ashland mine, amounting to about 40 tons. It is said that better ore than ever is being opened up at this valuable property.

An order goes into effect over the entire Southern Pacific system, June 1st, closing barrooms located at stations on property owned by the company and conducted under lease from them. The order will close the barroom in the Depot hotel at Ashland.

J. Derobian, proprietor of the county poor farm, near Jacksonville, was in Ashland yesterday, trying to get traces of a bay head of horse, a saddle and other horse-belongings which turned up other - on the farm, and it is supposed missing a day night. The horses, which were all taken care of near the farm, were in the pasture near the house. No trace of the thief or thieves had been secured at last report.

Large Amount of Provisions Captured.

WASHINGTON, May 5.-The war department has received the following dispatch from General Merriam:

"Wardner, Idaho, May 5.-Adjutant-General, Washington: The request is still in progress with closed doors. One hundred and twenty-eight arrests have been made by state officers under military support. No signs of resistance are visible, but indications are that most of the leaders of the mob have escaped by going East and West into Montana and Washington. Others are hiding in the mountains. The sheriff at Thompson Falls, Mont., reports many arrests on foot over the mountain trails. The governors of Idaho and Montana are corresponding to effect arrests in Montana. The troops are in a position to do all that is possible. There is now no appearance of organized resistance."

England Confirms the Decision.

WASHINGTON, May 5.-It is learned here that England has mailed the reply to the American communication on the Alaska boundary question, and that it has decided to confirm the decision of the Canadian officials who accepted the United States provisional boundary, with a few modifications. It is believed America will accept those, and the boundary question will be settled for the time being. This applies to the Dalton trail from Chilkoot pass to Pyramid harbor.

It may turn out that some shrewd American merchant in Hong Kong has been supplying the Filipinos with shooting material, and that it is of a very poor quality.

TROOPS MARCHING ON

San Fernando Occupied by MacArthur's Division

Manila, May 5.-4:55 p. m. Major-General MacArthur's division advanced to San Fernando today and found that place had been evacuated by the rebels, who left a detachment to cover their trail by train. General MacArthur occupied the burning town without loss. The rebels south of Manila attempted to rush through General O'Donoghue's line last night. The attempt failed, but the rebels maintained a fusillade of musketry on the fourth infantry regiment for several hours. The demonstration was ineffectual beyond scaring the inhabitants of Malate. The outposts of the Tisho and California regiments beyond San Pedro Macati were also attacked during the night. General Lawton is still quartered at Balibago.

RIOTING MINERS ARRESTED

Five Hundred Troops are at the Scene of the Recent Wardner Outrage

MANILA, May 5.-4:55 p. m. Major-General MacArthur's division advanced to San Fernando today and found that place had been evacuated by the rebels, who left a detachment to cover their trail by train. General MacArthur occupied the burning town without loss. The rebels south of Manila attempted to rush through General O'Donoghue's line last night. The attempt failed, but the rebels maintained a fusillade of musketry on the fourth infantry regiment for several hours. The demonstration was ineffectual beyond scaring the inhabitants of Malate. The outposts of the Tisho and California regiments beyond San Pedro Macati were also attacked during the night. General Lawton is still quartered at Balibago.

WASHINGTON, May 5.-Three members of the cabinet, Gage, Alger and Griggs, were absent from today's meeting. The president and cabinet regarded the situation in the Philippines as improving, notwithstanding the fighting, and the early surrender of the insurgent forces is anticipated.

Cabinet Satisfied.

WASHINGTON, May 5.-Three members of the cabinet, Gage, Alger and Griggs, were absent from today's meeting. The president and cabinet regarded the situation in the Philippines as improving, notwithstanding the fighting, and the early surrender of the insurgent forces is anticipated.

Postmaster-General Smith read to the cabinet a letter from Edward Atkinson, president of the Anti-Imperialistic League, asking permission to send to the officers and soldiers serving in the Philippines copies of the interrelated literature of the league. The letter was dated several days ago, and it was the receipt of this letter which induced the postoffice department to take action. No reply is to be made to it.

Taught a Lesson

VANCOUVER, B. C., May 4.-Recent Hong Kong advices say Admiral Dewey gave a French cruiser a lesson in naval courtesy recently. When the cruiser Jean Bart arrived at Manila, she gave a rear-admiral's salute. Admiral Dewey ordered the salute to be returned exactly as given. He then sent an officer to the Jean Bart to call attention to his admiral's salute, which they had apparently not noticed.

Affairs at Wardner.

WARDNER, Idaho, May 5.-Three hundred and fifty miners accused of participating in Saturday's riot are now confined here under guard of United States troops. With today's arrivals 500 U. S. troops are now in the Coeur d'Alene district, and all fear of further outbreaks is passed.

There will be three charges against the prisoners, namely, robbing, destroying property, and stopping the United States mail. It is unlikely that all of the prisoners will be tried, but they will be held until evidence is collected against the leaders.

General Merriman has his headquarters here, but a special train is held in readiness to carry him to any part of the district whenever he is needed. A majority of the troops are in the vicinity of Wallace, Parks, Gem and Mallan, owing to the fact that most of the alleged rioters are in that district.

The request over the bodies of Smith and Cheyne will probably last for at least a week, as about 100 witnesses are to be examined. Coroner France, speaking of the inquest today, said: "The inquest is in the nature of a grand jury investigation. I have been authorized by Attorney-General Hayes, of Idaho, to make the investigation as searching as possible. We desire to punish the guilty and release the innocent as soon as possible."

THE LEADERS HAVE ESCAPED.

WASHINGTON, May 5.-The war department has received the following dispatch from General Merriam:

"Wardner, Idaho, May 5.-Adjutant-General, Washington: The request is still in progress with closed doors. One hundred and twenty-eight arrests have been made by state officers under military support. No signs of resistance are visible, but indications are that most of the leaders of the mob have escaped by going East and West into Montana and Washington. Others are hiding in the mountains. The sheriff at Thompson Falls, Mont., reports many arrests on foot over the mountain trails. The governors of Idaho and Montana are corresponding to effect arrests in Montana. The troops are in a position to do all that is possible. There is now no appearance of organized resistance."

Tot Travels Seven Thousand Miles Alone

VANCOUVER, B. C., May 2.-Miss Ida Chamberlain, aged 5 years, arrived in the city today from London, England. Ida has a history peculiarly her own. Her ticket tells that she came from London to Vancouver, and her destination is Santa Monica or Long Beach Cal., a trip of about 7000 miles, made entirely alone. She made hosts of good friends in her long trip, not one of whom she could tell however, where her legs was or where she was going to.

She remembered traveling three days to London, and a kind old man telling her that she would meet friends all the way to California, and so she did.

In Vancouver the Young Women's Christian Association took care of the little traveler, and will see her safely on the next steamer for San Francisco. Ida says she has had lots of fun since she left England, and is ready to take the trip over again. She has \$100 in a grip. Every one has been good to her on route.

FUSION FOR 1900.

Populists Bent on Nominating Bryan - Second-Hand Candidate For the Democrats.

Seattle, Wash., returned to Washington after a tour of the South and West, and says that no power on earth can stop the nomination of Bryan. The populists will hold a convention first, he says, and nominate him, and the democrats will endorse the nomination, and the silver republicans will fall into line and support Bryan as they did in 1896.

It will be a very bitter dose for a large number of Eastern democrats to take Bryan after the populists have made him their candidate. Many of them thought it was bad enough to have him running on the populist ticket three years ago, after the democrats had put him up, but to support him is more than many can stand.

An early populist nomination of Bryan may give conservative democrats a way out. They would have an excuse to nominate somebody else if they could control the convention.

English Captain Awarded for Services Rendered

New York, May 4.-A special to the Herald from Washington says:

In accordance with the request of Admiral Dewey, monetary Long has presented to A. W. Robbins, master of the British ship Barclayde, a flag chronometer in recognition of his services to the Asiatic squadron immediately after the battle of May 1, in communicating with the Spanish governor general at Manila for Admiral Dewey. Captain Robbins sailed himself at the disposal of Admiral Dewey to convey messages to the Spaniards in Manila. The admiral sent a request to the Spanish governor general to be allowed to use the cable connecting Manila and Hong Kong, the severance of the cable was not completed, and the cable was cut. These were several matters which the admiral desired to present to the attention of the Spanish authorities, and Captain Robbins was generally the medium of communication.

Rear-Admiral Bradford has completed arrangements by which the United States will have coaling stations established at strategic points and available to the American navy in case of war. Proposals to construct Mission Bay, Cal., are expected to be completed soon, and a coaling station will be established there. Commander J. F. Merrim, who has been assigned to command the coaling station at Honolulu, was in conference today with Rear-Admiral Bradford, regarding the construction of coaling ships, slips and wharves at Honolulu, where there will be a coal pile of 20,000 tons.

To editor, Boston, which has probably arrived at Apia, has 450 tons of coal on board, and the Abarela, en route to the same place, carries 2000 tons.

Upon the arrival of the Yosemite at Guaya, Captain Leary will determine the best site for a coaling station, and 10,000 or 15,000 tons will be kept at that point. Admiral Dewey now has 12,000 tons of coal at Cavite, 17,000 tons on the way, and 5000 tons will leave this country today for Manila.

In the Atlantic a coal pile of 3000 tons is maintained at San Juan, a coal bulk with 75,000 tons is stationed at Guantanamo and 7000 tons at Key West.

Current News.

An American packing firm will ship at once 1,500,000 pounds of dressed beef to the army in the Philippines and the soldiers are eager to get it. They know from experience that the war made on American beef, canned or other, is 99 parts in 1000 mere fraud and falsehood.

The Southern Pacific evidently expects to do some business this year, as it has ordered the construction of three thousand new freight cars and thirty-six locomotives, a number of which are already completed. It is expected that they will be in use before fall of this year. California's big crop which from present appearance will be the largest in its history.

At a recent election in Hays City, Kan., a ticket composed of boys was run against the old men, and the boys won out in a canter. Fred Hoffmiller, the mayor, is barely twenty-one, and only one of the candidates is older than twenty-three. Hoffmiller was born on the town site. Two of the councilmen were privates in the Twenty first Kansas.

Colonel Fanston is the Roosevelt of the Philippine campaign. His place is always at the front, where he takes more opportunities than any one else finds to win personal distinction. If he lives, Colonel Fanston will probably be able to make his choice between a commission in the regular Army and a great political career in his home state. He is already a republican favorite for governor of Kansas.
