VOL. XXX.

ROSEBURG, OREGON, THURSDAY, JUNE 1, 1899.

No. 43.

WILL COME TO PORTLAND DIRECT Oregon Volunteers Will Come to Portland by Transport, and Will be Given a Grand Reception.

WASHINGTON, May 29.—Secretary Alger has received a cablegram from General Otis in response to his inquiry, announcing that a majority of the Oregon regiment of volunteers at Manila have decided to return by steamer directly to Portland.

The fathers, mothers and friends of the volunteers will rejoice at the above news. For days they have, through the volunteer reception committee, insisted that the boys be sent direct to Portland.

Saturday it was decided that the reception committee should appeal to President McKinley, fearing that the boys might, in the light of the cablegram sent them, vote to land at San Francisco.

This news will settle the matter. It also insures President McKinley's visit to Portland, as he has announced already that he desired to receive the Oregon volunteers in person when they landed.

Prisoner on Devil's Island. At last the civil section of the French court of cassation has reported in favor of the revision of the Dreyfus case.

It is months since this court first began investigating the merits of the petition for a revision of this monstrous affair, and, despite the fact that Dreyfus' main prosecutors have been proven unmitigated scoundrels and self-confessed perjurers and forgers, this victim of malevolence has been forced to exist in an atmosphere of hopelessness and despairation in which ordinary men, or, at least, those conscious of guilt, would long ago have succumbed.

But the entire civilized world, outside of France, now is fully satisfied of his innocence, and should Dreyfus reach Paris alive and be subjected to a new trial, no honest civil military court can convict him.

The testimony, as published in the Figaro, established his unjust conviction in the first instance. But long ere Figaro reached that judgment did the intelligent and just press of all nations denounce the mode of conducting Dreyfus' trial, at the denouncement.

Should this unfortunate man be acquitted at his forthcoming trial, it justice has not altogether abandoned France, what reparation can the French government make for the intense mental anguish his victim and his family have suffered?

Whatever the findings of the court may be, it is impossible to conceive that other European nations would submit to Dreyfus' return to his prison island, when considering the character of the testimony against him, because a great and important principle is involved in this case.

Sunday School Convention. County Sunday School convention will be held in Roseburg on the 16, 17, and 18 of June, 1899, at which it is hoped every Sunday School in Douglas County will be represented.

Only the First Step is Difficult. The first step in Spring should be to cleanse Nature's house from Winter's accumulations. Hood's Sarsaparilla does this work easily. It is America's Greatest Spring Medicine. It purifies the blood, as millions of people say.

It makes the weak strong, as nervous men and women gladly testify. It cures all blood diseases, as thousands of cured voluntarily write. It is just the medicine for you, as you will gladly say after you have given it a fair trial.

Bad Blood.—Although past 70 years of age I am thoroughly well. It was three bottles of Hood's Sarsaparilla that made me so after spending over \$60 in medical attendance. My trouble was a raw sore on my ankle. Mrs. LOUISA MASON, Court Street, Lowell, Mass.

Running Sores.—After worrying four months I gave my children Hood's Sarsaparilla and it cured them of running sores. Hood's Pills cured me of dyspepsia and constipation. Mrs. KATE B. THOMAS, 21 Governor St., Annapolis, Md.

Consumptive Cough.—Five years ago I had a consumptive cough which reduced me to a skeleton. Was advised to take Hood's Sarsaparilla which I did and recovered normal health. I have been well ever since. MATTIE BRIDGEMAN, Cor. Pearl and Chestnut Sts., Jeffersonville, Ind.

Hood's Sarsaparilla Never Disappoints. Hood's Pills cure their ills, the non-irritating and non-purging pills which will not injure the system.

Weather and Crop Prospects.

The mean temperature for the week, 53, is 2 degrees higher than the preceding week and is 3 lower than for the corresponding week last year. The temperature since March 1st has averaged 4 days below the normal; for the past week it has averaged 7 days below the normal. The maximum temperature ranged from 54 to 67, and the minimum ranged from 43 to 50. No frosts occurred during the last week. Rain fell on every day; some days it fell during the night time, on others for a few hours during daylight. The total amount for the week ranges from 1. to 2.50 inches; it was heavier in the southern counties than in the northern. The winds were light in force and generally westerly.

Crops.—The rain in Josephine and Jackson counties was of great benefit; elsewhere it was not desired. The ground is yet too wet for plowing on low land, and considerable spring seeding must necessarily be omitted. The slight increase in temperature has been of benefit to all vegetation. The grain crop has made growth and is in a very promising condition. Late-sown spring grain is standing much better than usual. Unless reverse conditions prevail about July 1st, the grain crop will be fairly average. The acreage of fall, winter and spring grain is below the normal.

The fruit prospects have not improved. In Douglas county the prune crop will not be an average one, but other fruits appear to be in good condition. In Josephine and Jackson counties good fruit prospects prevail, and the same can be said for Coos and Curry counties. In the Willamette valley counties the Italian prunes are practically a failure; other varieties of prunes will be less than the average. The pear crop will be short in some localities and nearly normal in others. The apple crop is now quite promising. The cherry crop will be nearly an average, though in places the cherries have dropped quite materially. Strawberries are ripening in the southern counties and are well set in the northern; other berries are promising.

Grass is making an excellent growth. The hay crop will be heavy. The first cutting of alfalfa in the southern counties has commenced.

Hops are making good growth; they have been less affected by the backward season than any other crop.

Gardens are making slow, but healthy growth. Potato and corn planting continues; early planted potatoes have tops above the ground.

Shearing has been delayed, owing to the cold rains. Warmer weather and less rain will make a marked change for the better in the condition and appearance of all vegetation.

The warm weather caused the snow to melt on the lower levels, and a rise in the rivers resulted. None of the rivers have yet reached the danger stage.

There are no conditions now present to indicate a change to settled or seasonable weather, hence a continuation of current weather conditions for several days at least, must be expected.

The Coos County Mines. A few facts will give the reader some idea about the bonanzas that await him who has been born under a lucky star. According to the conservative estimates of an old-timer who has spent years in these hills, from about six miles of Johnson creek, tributary of the south Coquille, at least a ton of gold or \$700,000 has been taken, and from six miles of south Sixes an equal amount. "Coarse Gold" Johnson, whose bones were found on the main Sixes some years ago, stated that when mining on the south Sixes a man considered himself to have had run of luck if he did not take out \$300 per day. A noted pioneer of Coos usually cleaned up \$100 per day. All this gold came from ledges or pockets in the steep mountain sides forming the canyons through which the waters of the Johnson and south Sixes rivers rush toward the Pacific.

Here are opportunities for the hardy, skilled prospector. For years these mountains have been hunted over and over, but in vain. Perhaps too many of the prospectors searched for rock and not for gold. It is a marked peculiarity of the gold found in these two streams, that it is accompanied by very little quartz in any form. Two and a half miles of old channel on the south Sixes has never been worked being buried to a depth of sixty feet under huge bowlders. Now, however, parties with ample capital, who have located the entire distance, have begun operations at the lower end with the deliberate determination to spend several years in removing the mountain slides that hide a quarter million dollars in yellow metal—Myrtle Point Enterprise.

Civil Service Rules Amended. WASHINGTON, May 29.—President McKinley today issued an amendment to the civil service rules. It releases from the operation of civil service rules, about 1000 offices. Among such places are the following: Pension examining surgeons, Indiana employed in the Indian service not connected with Indian school service and many places in the engineer department at large, quartermaster department at large and war department.

With reference to places in the outside war department, service it is provided that they be subject to the regulations provided by the secretary of war and approved by the president, thus placing these branches of service on the same substantial basis as the navy yard service.

Last Thursday night, Frank L. Smith, then under the sentence of death in Jacksonville for the murder of Peter Nelson, signed a statement to the effect that he did not kill Nelson, nor assist any one to kill him. The statement was signed a few hours before news of the conviction of Smith's sentence to life imprisonment reached Jacksonville.

WOODMEN AT PORTLAND.

They have the Freedom of the City And are Making the Most of It. Portland belongs to the Woodmen. The freedom of the city is theirs, and the general public is helping them enjoy it.

It is a great time for Portland in general and the Woodmen in particular. Over 5000 of the latter are in the city. Since the first special arrived from Silverton, Monday night, the city practically has belonged to them. They scattered about and took in the sights during the early part of Tuesday. The reception committee was kept busy assigning them to places at hotels. At noon lunch was served in the Woodmen's hall by the Women of Woodcraft.

At 1 o'clock p.m. the monster parade formed. It was an imposing sight as it swept through the principal streets of the city. It disbanded at Twelfth and Morrison streets. There the compact masses broke into small bodies, and swarmed into the Tabernacle, where the visitors were entertained by the Portland Woodmen.

The people had the remaining afternoon to themselves. In the evening an entertainment at the armory was held, and Wednesday and Thursday evening the opera at Corday's for the benefit of the monument fund will afford plenty of amusement.

THE FIRST SPECIAL. The first special train arrived Monday night from Brownsville. Sixty members of Hemlock camp, No. 214, including the famous Silverton brass band, to which Homer Davenport, the great cartoonist, once belonged, were on board.

Since early Tuesday morning the human tide has been pouring into the city, and swarms of Woodman buzz about headquarters. G. K. Rogers and the other Portland officers, were kept on the jump. The families and their parcels were cared for by the wives and daughters of local Woodmen, and visiting strangers made welcome by the reception committee.

OTHER SPECIAL TRAINS. Over 100 members arrived from Medford, Ashland and Grants Pass, filling three cars.

A large special arrived at the Jefferson-street depot over the Southern Pacific at 8:30, bringing Woodmen from Newberg, Sheridan, Balfout, McMillanville, Forest Grove, Dundee, Dayton, La Fayette, Dallas, Monmouth, Independence and Tealain.

An immense delegation arrived from Pendleton early in the morning. Among them was Mrs. Carrie C. Van Orsdal, grand quartermaster, and her private secretary. She registered at the Imperial.

The steamer Dalles City arrived at 10 o'clock, loaded to the guards. She had left the Dalles at 6:25, making the quickest trip on record, and having stopped at the Cascade locks for passengers.

The great Woodmen of the World special train arrived at 12 o'clock from Roseburg, over the Southern Pacific. The cars were gaily decorated and banneted, and attracted attention along the entire route.

A special train ran from Woodburn to Silverton and back again to connect with the train.

LATE IN THE AFTERNOON, A Southern Pacific train of 18 cars arrived from up Valley points, with 1400 Woodmen. The cars are all profusely decorated with the colors of the Woodmen.

TUESDAY EVENING'S PROGRAMME. The programme rendered at the Armory follows: Everest's orchestra, accompanist. Overture, "Bridal Rose" (Lavalie), First Regiment band.

Invocation, Rev. Henry Rasmus, Grace M. E. church. Address of welcome, General Charles F. Beebe.

Presentation of golden key to the city, Hon. W. A. Storey, mayor of Portland. Acceptance and response, F. A. Falkenberg, head counsel, Woodmen of the World.

Grand chorus, "Unfold Ye Portals," from the "Redemption" (Gounod), Professor W. H. Byer, director. Memorial address, Hon. T. T. Geer, governor of Oregon.

State and General News.

Salmon is to have a cavalry troop. Oregon Woolgrowers' Association is flourishing. Wet weather is killing the young Chinese pheasants.

The Albany postoffice will become a second-class one. The I. R. & N. Co.'s engine is still lying in the bay at Irwaco.

Almost every town and crossroad in Oregon is talking Fourth of July. And isn't this the year for it? A perfect mountain of \$1 ore has been discovered near Prineville, Or.

Eight carloads of wreckage resulted from the recent wreck in C.W. Creek canyon. Prunegrowers in Oregon do not feel so badly since learning that the French crop is an utter failure.

At Marshfield 37 names have been signed to the master roll of a National Guard company. This week the number necessary to fill the company will be filled.

The parents of the Oregon volunteers want their boys landed at Portland, and their wishes in the matter should be respected. They gave their boys to their country in the hour of need, and for long weary months they have waited and hoped for return. Now that they are to come, they should be landed in their native state, where they will be met and cared for by their kinsmen and friends.

Calapooia. Ira Feilder, of Dodge Canyon, was the guest of John Bishop Sunday. Harvey Mahoney, of Oakland, was seen passing through our valley on last Sunday.

Our people were disappointed on last Sunday by the non-appearance of Rev. Skidmore. Joe Farnsworth, mother and sister were the guests of Mr. and Mrs. Ottinger Sunday.

E. L. Winsford and wife, of Lower Calapooia, were the guests of C. D. Smith Sunday. Our singing school is moving on nicely—every one making good use of their vocal organs.

Charley Stevens, of Tyee, was visiting C. D. Smith and daughter of this place on last Sunday. Rev. Grate, of Oakland, will preach at the Calapooia school house on the first Sunday in June.

Prof. T. O. Hutchinson is giving good satisfaction both as a teaching public school and Sunday School. C. D. Darland has commenced to build his new house which will add to the appearance of Calapooia.

C. A. McNabb and L. P. Poulos, of Calapooia, paid the county seat a visit Friday and Saturday on business. The peach and prune crop of this place is almost a failure, so our commission men can't afford to do us this year.

The attendance at the magic lantern show on Friday night was very small, only two attended—C. D. Smith and H. L. McNabb. They wouldn't have gone but they thought their best girls would be there.

South Myrtle Creek. Plenty of sunshine and abundant crops. Severe colds seem to be prevalent in our vicinity.

Mrs. Wright visited Mrs. Loddington last Wednesday. A bevy of young ladies went straggling last Sunday. Will Newton made a flying trip up the creek last Wednesday.

Mr. Bentzen, who has been ill the last few days, is slowly recovering. A number of our young people visited Myrtle Creek Decoration Day.

We are glad to learn Dewitt Chaney is recovering from his recent sickness. Our Sunday School is progressing nicely, of which we are very proud.

New Store! New Goods! Ziglers' Grocery A FULL STOCK OF Staple and Fancy GROCERIES Country Produce Bought and Sold TAYLOR & WILSON BLOCK Low Prices! Free Delivery

OUR LINE OF Perfumes, Toilet Articles, Brushes and Druggists Sundries, Is Complete and of Excellent Quality. We give prompt attention to all Mail Orders. A. C. MARSTERS & CO. Druggists.
