JUNE 29, 1899.

The Fourth of July is the one time of year to fan the fire of patriotism into a full, bright flame The events of the past year make the coming Fourth more significant and every one should be given the opportunity to join in celebrating the national day of Freedom. The Fourth this year will be a big day at Roseburg and ought to be made a grand day throughout the country, and will no doubt. Last year the Fourth brought a glorious surprise, but its celebration had to be impromptu. Much has happened during the last year to make an American feel proudly patriotic as well at expansive. The heroism of the army and navy has been simply unsurpassable. Cuba has been freed and the work of humanity carried throughout its borders. Our flag is up over new possessions that broaden the destiny of the nation. It also waves over the widening lines of our devoted and victorious army in the Philippines. A year so full of brilliant national achievement naturally suggests a national holiday of both an old-fashioned and a new-fashioned kind.

Anti-administration editors are playing in hard luck. One week they have to abuse the president because of the report that he will call for more volunteers, and the next for the report that he will not.

Attorney General Griggs' remark that the Philippine question is not one of party politics, but simply of national duty, will be generally approved. The party that takes a different view will realize its mistake at the polls.

Jerry Simpson may not be polished, or classical, or profound, or dignified, but he can sometimes hit the bull's-eye of truth, as he did the other day when he said: "You might as well discuss a last year's bird's-nest as to discuss free silver at 16 to 1."

Mr. Havemeyer's virtuous wrath is still stirred up over the tariff, the "mother of trusts." Oh, sugar! Perhaps the good Mr. Havemeyer can explain who the father of one of them is.—Post-Intelligencer.

Assuming that the tariff is the mother of trusts, the location of their father is not difficult. The beautiful mother has become the victim of men without conscious. But in spite of their dishonesty the mother still remains a noble woman. —Argus.

Altogether, the Louisville convention was a typical democratic gathering, not only in its methods, but in its so called "principles." The attitude taken by this convention toward the republican party, as reported from Louisville, is eminently democratic. The resolutions, as reported, approve what the administration at Washington was doing last year, and condemn what it is doing now. That is always the way. Nothing that is being done by the government ever fails to call out the censure of the democratic party, and it approves what has been done only after it is afraid to do otherwise.

One of our enterprising farmer friends says after witnessing the work of the Lane county rock crusher: "With two good rock crushers, Douglas county could build more and better roads in one season than she has been able to accomplish within the past ten years, at the present system of working our public highways. The question of good roads need no longer be talked, for this part of making them has been thoroughly accomplished, and now it is time to do something else. It is not necessary to show the advantage of good roads to our people for they all realize the great benefit to all. Build what you build right, and it will not be any great length of time until you will be driving on good roads.

W. P. HERMANN DEAD.

Burned to Death in Arizona. A Brother of Hon. Binger Hermann.

FLAGSTAFF, Ariz., June 27.—W. P. Hermann supervisor of the Grand Canyon forest reserve, was fatally burned by the explosion of a lamp last night. It is supposed that he went to sleep and left the lamp burning and it exploded, setting fire to the bedding. He is slowly sinking. His family resides in Myrtle Point, Or.

On Wednesday morning a dispatch was received by friends in Roseburg, announcing that Mr. Hermann died that morning. He leaves a wife and several children at Myrtle Point, and numerous other relatives, including an aged mother, four brothers, Hon. Binger Hermann commissioner of the general land office, and T. M. Hermann of Washington, D. C., F. P. and Cass Hermann, and a sister, Mrs. Ed Bender, of Myrtle Point.

Deceased was about 55 or 60 years of age and was born in Baltimore, M. D. He has long resided in Oregon, being one of the earliest settlers of Coos county, and a pioneer school teacher of South-Western Oregon, where he was well known and held in the high esteem. The remains will be shipped to Myrtle Point for interment in the family cemetery.

THE RULES ARE VOID.

Attorney General Blackburn's Soldiers' Home Decision.

Attorney General Blackburn, of this state, has filed his opinion as to the validity of rules 12 13 and 14, adopted by the board of trustees of the soldiers' home, his opinion having been asked thereon by the governor. Rule 12 required all members of the home to turn their pension money over to the commandant of that institution immediately upon receiving it, and rule 13 provided that said money, over and above the sum of $4 a month so surrendered, should be paid by the commandant to the dependant relatives of the pensioner, or if he had no dependent relatives, then said money to be credited to a fund for the support of a home. Rule 14 provided that the allowance of $4 a month granted the pensioner under rule 13 was liable to forfeiture if the member receiving said allowance should be adjudged guilty of any misconduct or infraction of the rules of the home.

Attorney General Blackburn's decision, as received by Hon. T. R. Sheridan holds that the assignment by the old soldier of his pension money to the commandant of the home as he is compelled to do when he enrolls as a member of the home is a violation of section 4745 of the statutes of the U. S., which provides as follows: "Any pledge, mortgage, sale or transfer of any right, claim, or any interest in any pension which has been or may hereafter be granted, shall be void and of no effect." The attorney general therefore concludes that said rules are in direct conflict with the federal statutes and cannot be enforced.

The opinion is a vindication of the position taken and strenuously maintained by Trustees Sheridan and Abraham, although outvoted by a majority of the board.—Daily Review, June 27.

Sampson and Schley.

NEW YORK, June 28.—Secretary Long has reiterated that the navy department contemplated taking no further action in the Sampson Schley controversy.

"In fact," said the secretary, "so far as the department is concerned, the controversy does not exist. If any officer should request a court of inquiry it will probably be granted. There is no truth in the charges that the department intends to take action reflecting upon Admiral Schley.

"We took cognizance of the cases of Lieutenants Hodgson and Heilner because the veracity of an officer was involved. We do this often, just the same as we take cognizance of charges that an officer has failed to pay his honest debts. The matter was referred to Captain Chadwick to take testimony because he is in command of the station on which these officers are stationed, the case taking identically the same course as many others before it."

Big Strike in Bohemia.

COTTAGE GROVE, Or., June 28.—Information reached here last evening of big strikes in the Bohemia mining district. Reed and Fletcher, of Montana, have struck it rich in a tunnel 350 feet long. The ore runs up to $25,000 per ton. The ore is of honey comb character and the gold can be seen with the naked eye. The vein is about eight feet wide, with a rich streak in the center. Men have been working on this tunnel all winter.

The city council met on last Tuesday night to transact some special business, and among other items brought up was one of a request that all the general merchandise stores close on Sunday's, some fault is found with it, and do not think it will be observed.

President Not Coming West.

WASHINGTON, June 28.—President McKinley's projected trip to the Pacific coast, which had been looked forward to in anticipation of enjoyment to himself and improvement in Mrs. McKinley's condition, has been abandoned. The state of Mrs. McKinley's health at this time is decidedly worse than since she has been in the White House, and the president will remain in Washington probably all summer, and will take very little vacation out of the city.

It has been found out that the Philippine war will last a long time. Uncle Sam may have his hands full but he will come out on top.—Albany Democrat.

DISGUISED DANGER.

Hunters sometimes hide themselves in the disguise of a cow, and thus make their way into the very midst of the most cautious game. The mode of operation is shown in the

picture. In a similar manner consumption hides itself in the disguise of a throat or bronchial affection, making its way finally to the lungs, where the insidious germs eat away the victim's life. A stubborn cough, bronchitis and other throat troubles are the first steps toward this deadly malady. Dr. Pierce's Golden Medical Discovery will prevent consumption, curing every contributing cause. Time and time again, it has cured what local physicians have pronounced well-developed consumption. It makes the stomach healthy, the liver healthy, the blood healthy. It is a rejuvenating tonic, which makes the weak strong; puts ambition into tired people, puts flesh on thin bodies, and vigor into sluggish veins. It is a peculiar medicine in that its properties are preserved in any climate without syrup, sugar or alcohol entering into its composition. It does not create craving for injurious stimulants. It is the personal prescription of Dr. R. V. Pierce, of Buffalo, N. Y., whose widespread experience and success are at the service of the public without cost. Anybody, anywhere can consult him *free* by mail.

"I will write you what Dr. Pierce's Golden Medical Discovery has done for me," says George H. Belcher, Esq., of Dorton, Pike Co., Ky. "Thirteen years ago I was wounded by a ball passing through my lung. I have had a bad cough almost ever since with shortness of breath, and it was very easy to take cold; the slightest change of weather would cause the cough to be so bad I would have to sit up in bed all night. Could not eat or sleep at times; was all run-down, could not work at all. A few months ago I began using Dr. Pierce's Golden Medical Discovery. Have not used more than two bottles and now can eat, sleep, and work and I feel like a new man. I cannot find words to sufficiently recommend Dr. Pierce's Golden Medical Discovery, or tell the good it has done me."

The no-gripe remedy for costiveness is Dr. Pierce's Pleasant Pellets.

If you suffer from tenderness or fullness on the right side, pains under shoulder blade, constipation, biliousness, sick headache and feel dull, heavy and sleepy your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. THEY ARE GOOD PILLS.
