New Fruit Evaporator for Roseburg.

H. F. Allen, a member of the Allen Evaporating & Canning Co., of Salem, spent several days in town last week having in contemplation the building of an evaporator in this city. We understand that he was pleased with the prospect for the success of such an installation here and perfect arrangements for the erection of an evaporator of 300 bushels capacity per day. He proposes to buy his fruit outright from the grower, which will be most satisfactory all round. Just such an installation is badly needed at this place, and it is to be hoped that Mr. Allen will see his way clear to add a cannery to his evaporator at no far distant day. Both would no doubt pay well, as Roseburg is the center of a vast fruit, berry and vegetable producing country. Mr. Allen left for Portland last Friday morning to purchase material and contemplate returning and beginning work on the evaporator this week.

Funeral of W. P. Hermann.

The non-arrival of the steamer on which the remains of W. P. Hermann were shipped, has caused much inconvenience, as the pioneers of the upper valley, wished to attend the funeral. Joseph Haines, of Eckley, and some parties of Arago came to pay their respects to their departed neighbor and were obliged to return to their homes. Judge Schroeder and Alex. Stauff's families visited the bereaved family Tuesday and offered condolence.
LATER.—The funeral services were held at the residence of the family and at the cemetery on the Hermann homestead, July 12, 1899, and was ably conducted by Rev. Thomas Barkley, of the German Baptist church, in the presence of several hundred friends and neighbors, the pioneers respectfully paying their tribute to the departed and profound sympathy to the bereaved family. Orvil Dodge, the Coos county historian, delivered an affecting eulogy on behalf of the Pioneer Historical Society of Coos county.—Myrtle Point Enterprise.

A Sad Accident.

Last Sunday evening Miss Mr. and Mrs. Elliot were returning from Jacksonville, where they had been for flowers to decorate the tables and grounds for the reception of the Editorial Association, their horse, a three-year-old colt, became frightened at some object and shying suddenly near (Gaines) place, threw Mr. Elliot, who was not looking for anything of the kind, from the buggy. Being thoroughly frightened and floundering without a controlling hand the horse dashed down the road at a rapid rate, throwing Mrs. Elliot from the buggy a few rods further on. Mrs. Elliot besides receiving numerous bruises about the body and hips, had her leg broken just above the knee. The unfortunate lady was taken home and Dr. Fickel called, who set the broken leg and dressed the wounds of the suffering patient. At present writing Mrs. Elliot is suffering much, but it is believed that she will recover from her injuries. Mr. Elliot escaped with a few bruises.—Medford Eye.

Two Overlands Daily.

A report, seemingly well founded says that the Southern Pacific will run the Roseburg local, through to San Francisco, the southbound arriving at Eugene about 1:35 p. m. and the northbound at 12:30. The train would be used as locals and second-class overlands and would give general satisfaction. It is said to be an assured fact, and that orders will be issued shortly.—Eugene Guard.

The Richest Yet.

Cottage Grove Leader, July 14: From Mr. J. I. Jones we learn the richest strike yet reported has been made by the Mueick Company, in Level No. 2 at the west end. The ore shows coarse gold in large quantities, many chunks of the stuff being as large as a gold quarter dollar. This is even richer than the Helena which has heretofore taken the cake for rich free ore.
