Two very peculiar bicycle accidents recently happened at Lebanon. Leslie Fry, a twelve year-old, was riding barefooted when the big toe of his right foot was caught between the chain and sprocket wheel and taken off. Residence Burned.

Tuesday afternoon the residence and adjoining buildings of John F. Mathews, located on his farm in French Settlement near Melrose, were consumed by fire together with a large portion of their contents. Mr. Mathews was at work in a hay field some distance from the house when the fire was discovered, which presumably caught from a spark alighting on the roof from a fire. Before help could be summoned the buildings were a mass of flames and it was only with the greatest difficulty that anything was saved. The loss will aggregate about \$2500 with \$1000 insurance in the Oregon Fire Relief Association, of McMinnville. Mr. Mathews was in town Tuesday evening securing a tent which the family will occupy until a new residence can be built. Mr. Mathews had only recently purchased the property and had expended considerable money in improving and furnishing the house, hence the loss which is incurred at such a busy season of the year, is a heavy one for him to bear. Neighbors and friends throughout the whole community sympathize with him in his misfortune.

Marsters, where Mr. and Mrs. Richards were invited to spend the evening. The call which is signed by one-fourth of the democratic voters of the county, says the Louisville convention was perverted from its true purpose by the arbitrary meeting of delegates, by fraud and corrupt bargains, and by unjust and unprecedented acts of Chairman Belwin, and calls upon all true Kentucky democrats to attend the meeting here at which steps will be taken for the nomination of a true democratic ticket.
