

CASTORIA

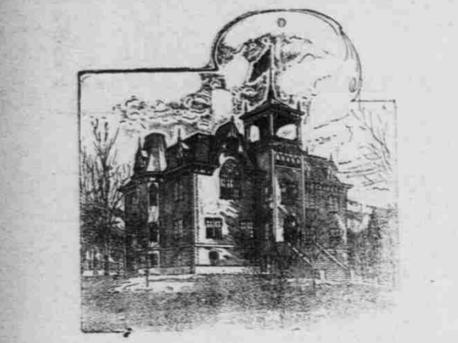

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of **Chas. H. Fletcher** and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and Substitutes are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Harmless and Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher
The Kind You Have Always Bought
In Use For Over 30 Years.

EUROPEANS WATCHING US.

Says Senator Hanna Who has Just Returned Home from the far East. Talks on Trusts Also.

New York, Sept. 19.—Last night, before starting for Cleveland, the attention of Senator Hanna, of Ohio, was called to the alleged interview with Li Hung Chang, in which the Chinese statesman advised selling the Philippines.
"Perhaps," said the senator, "it may be a harmless joke. But even if he did, what does it matter? The idea is preposterous. It would be more than a disgrace to the United States to barter away the islands. It would be a repudiation of our moral obligations to the civilized world. The nations of Europe are watching to see what we are going to do in the Philippines. The thinking classes look with satisfaction on this country's present policy."
The president has outlined his policy for the Philippines. It is broad, charitable and sincere, and what might be expected from a clear-headed statesman. The people as a rule heartily endorse that policy. We did not fight the Spaniards in order to secure possession of the Philippines. They came to us unexpectedly.

The insurgents under Aguinaldo are a small percentage of the people. People in this country who are supporting Aguinaldo do so from a weak-headed sentimentality that is quickly dissipated when the actual conditions are confronted.
"What about the result of the trust conference at Chicago?"
"The net result is that Bryan got a great chawing up by Bourke Cockran," said Senator Hanna, laughing. "Cockran asked Bryan to show him evidence that industrial combinations were evil in their tendency. That is a proper demand, show us the evidence. There is absolutely no inflection in the existing business prosperity. There is not an unusual extension of credit. Business men are paying cash for all they get and glad to do it. They are not asking credit."
"We simply passed through a prolonged business drought under Cleveland that exhausted all our supplies and drained to the vanishing point thousands of our established industries. Now the drought is over, and the business men want raw and manufactured products, and have the money to pay for them. There is nothing wrong with that? Taking iron, for instance; the high prices are owing to the demand. Pig iron is scarce and that is why the price is high."
"As I said the other day, there is nothing in sight to disturb the business situation. The business men and laboring men of this country will not permit it. They will successfully combat that issue a year from now. While it is well known that it would be impossible to get free-silver legislation through the republican United States senate, the voters next year will not, I am sure, do anything that will be construed as a threat to retire the republicans from power."

Gardiner Items.
The steamer Juno made a special trip out the river Sunday.
A number of Smith river's young people went to Gardiner Saturday to attend the dance given by the club b. e.
Mrs. G. E. Murphy returned Wednesday from Hognium, Wash., where she has been the guest of her son for the past few weeks.
Chas. Henderson came to Gardiner Monday to begin fishing. As yet the fish are scarce and the fishermen have had but little success.
Father Lesepce, accompanied by Father Hendricks and the bishop, filled his regular appointment on the river Friday. Services were held at the home of G. E. Murphy.
Some of the men formerly employed in the Gardiner Milling Co.'s camp are contemplating fishing this season. Among the number are our young friends Reese Perkins and Arnold Amstein. This is the young men's first attempt, and we wish them unlimited success.
Allie Perkins, the congenial landlord of the Perkins hotel, took a slow load of logs to town Wednesday. Allie is an accomplished young man, being versed not only in the office work of the hotel, but also in the culinary department and is a successful farmer and wine breeder.
Our small (?) bache/or friend Willie Keopke, made a flying trip home Sunday. That's right, Willie, "there's no place like home" when the bread box is empty.

Stupendous Preparations.
New York, Sept. 18.—A special to the Herald from Washington says: Arrangements have been made by the war department for the departure for Manila by November 1 of all the troops intended for general Otis. This means that Secretary Root's statement that "every mother's son of the reinforcements will eat his Christmas dinner in Manila" will prove correct. That there may be a lack of transportation, the collier Casanis is to be fitted up as a transport at an expense of \$120,000, and General Ludington has in mind several other vessels which may be secured.
It is estimated that it will be necessary to provide transports for 29,918 men.

Holidays in Honor of Dewey.
ALBANY, N. Y., September 18.—Governor Roosevelt today issued a proclamation setting apart Friday and Saturday, September 29 and 30, as holidays to be observed throughout the state as days of general thanksgiving in honor of the return of Admiral George Dewey to the United States. This will make the days indicated legal holidays.

Absurdly Comical Story.
Policeman Groner arrested three hoboes last night, who claimed to be laboring men looking in vain for work. The story was so absurdly comical that Recorder Dorriss detected the joke and gave two of them five days work each on the streets, while the other, a mere boy, is being held for a few days.—Eugene Guard, (dem).

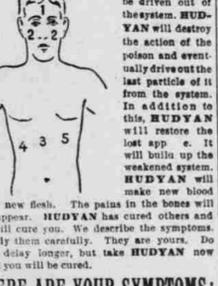

Celebrating Prosperity.
TACOMA, Sept. 18.—The Indian hop pickers at Kent are today celebrating returned prosperity by indulging in the sun dance. About 2000 Indians are now picking hops in the Puyallup valley. This is the first time they have been employed in five years. Many have arranged a signing gambling game for next Saturday, when all their earnings will be staked. No trouble is apprehended over the festivities.

After the Harvest.
Encouraging Reports From Grain Fields, Hop Yards, Orchards and Gardens.
The grain crop is all harvested in the southern counties of Western Oregon and threshing is nearly completed; reports state that the grain crop is thoroughly satisfactory in yield and that no damage was done by the rains. In the coast counties the grain crop is practically secured. In the Willamette valley counties the grain is practically all cut; threshing continues; the greater portion of the grain will be all threshed by the close of the current week. Some correspondents report wheat and oats slightly damaged by the rains, but, as a rule, the reports indicate that the grain was not materially injured. The spring-wheat is turning out better than was expected. In the eastern portions of the state harvesting and threshing continue. The grain is about all cut or will be by the close of the current week. Thrashing is active in all districts. Some few reports from the northeastern portion of Unstilla county indicate that grain was slightly damaged by the rains; the damage is not great, nor is it extensive.
In the Grande Ronde valley the grain is turning out very well, fully up to the average. Threshing is nearly completed in Wasco, Sherman, Gilliam and Morrow counties; the yield is good and the quality is an average one. Within ten days the grain harvest will be practically completed in the state of Oregon.
The cutting of the second clover crop is now in progress; in some sections three crops have been cut this year. Pasturage is reported to be better than for years; there is an abundance of hay on hand for feed during the winter in all sections of the state. The hay crop is extra large over the stock country.
Plowing and seeding continue; the ground is in good condition and the weather is ideal for all farm work. Grain sown in August is making fine growth.
Hog picking continues under the most favorable circumstances. In those yards where cultivation and spraying were properly done, the hog crop is in good condition; in poorly attended yards the hogs, while large, are mody, or as known in England, "black blight" prevails. The hog crop, as a whole, is as good as any ever picked in Oregon, and it is being cured much better than is usual. Hog picking will be completed in a few days more. All hog-dryers are being worked to their utmost.
Prune drying has commenced, and with few exceptions drying will be general in all orchards this week. Reports indicate that Douglas county will have the largest prune crop, though no county or orchard will have a crop as large as the one of last year. The apple and pear crops are short in quantity and quality in all orchards. Peaches are plentiful as in former years. Melons of all kinds are plentiful. The cool weather during August retarded the development of the melons.
Corn and garden produce are making good growth. Corn has commenced to ripen.
While crops of all kind, except hay and hops, are not up to the average in Oregon, yet they would be called big crops in almost every other state.
Ten days more of pleasant weather will find crops practically all gathered.

GENERAL NEWS.
Dreyfus is easily the martyr of the closing century.
C. A. Pillsbury, the flouring mill king of Minnesota, is dead.
The British admiralty is preparing plans for the fortification of St. John's, N. F.
T. B. Reed has issued a letter of farewell to his constituents of the first Maine congressional district.
President McKinley is satisfied with the situation in the Philippines and a vigorous campaign will be opened early.
Arrangements for the big reception in Washington to Admiral Dewey are rapidly nearing completion.
Mark Hanna has just returned from a trip to Europe. He will be at home during the coming campaign in Ohio.
One railroad in Massachusetts claims to have six locomotives capable of running ninety miles an hour. The American locomotive is at the top in a class of its own.
The exports of dried apples for the last fiscal year were 19,305,749 pounds, valued at \$1,245,733; 336,272 barrels, valued there were exported \$38,222 barrels, valued at \$1,210,450.
Uncle Sam is getting into shape so extensive smokeless powder plant. One of the first lessons of the Spanish war was that we had not kept up with the times in the important item of gunpowder.
The North Dakota regiment during its service in the Philippines, lost from all causes sixteen men, and the 1st Idaho twenty-one men. The record continues to be more favorable than that of any former American war.
As the Tillamook stage was rattling along the Trask river road about seven miles from the tollgate, at 4:15 Friday morning, it ran into a sapling lying lengthwise on the edge of the road, which caused it to go off the grade and upset. It lodged on a ledge about 25 feet below, wheels up with the four horses tangled up in a bunch of trees. The passengers crawled out, and soon the stage continued its flight to the bottom of the ravine, 100 feet, smashing the top and sides. Two of the passengers walked seven miles for help, and returned with a wagon. The passengers were badly bruised, but not seriously injured. Their names are E. N. Allen, J. H. Johnson, Mrs. H. H. Brown and boy, and they attach no blame to the driver.

CHRONIC MALARIA

Is the result of repeated acute attacks. The liver and spleen are principally affected. They act as storehouses for the malarial poison and the blood takes it from them.

The poison must be driven out of the system. HUDYAN will destroy the action of the poison and eventually drive out the last particle of it from the system. In addition to this HUDYAN will restore the lost appetite. It will build up the weakened system and new flesh. The pains in the bones will disappear. HUDYAN has cured others and it will cure you. We describe the symptoms. Study them carefully. They are yours. Do not delay longer, but take HUDYAN now and you will be cured.

HERE ARE YOUR SYMPTOMS:
1. CONSTANT HEADACHE AND TROUBLED BRAIN. Take HUDYAN and your headache will disappear.
2. PALE OR YELLOWISH COMPLEXION. HUDYAN will establish a free circulation of pure blood and cause the cheeks to assume their natural color.
3. LOSS OF APPETITE AND GROWING IN THE STOMACH. HUDYAN will restore the appetite and the digestion of food will become perfect.
4. FEELING OF WEIGHT OVER THE LIVER. This is due to the enlargement of the liver. It is filled with the poison of malarial. HUDYAN will drive out the poison and cause the organ to assume its natural size.
5. HEAVINESS IN THE REGION OF THE SPLEEN. The spleen becomes greatly enlarged. HUDYAN will lessen the congestion and cause the heaviness to disappear.

You are suffering from Chronic Malaria and you can be cured. HUDYAN will relieve your every symptom and make you well. HUDYAN can be obtained of all druggists for 50c per package, or 4 packages for \$2.00. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco, California. Remember that you can cure your malarial fever with HUDYAN. Call and see the doctors. You may call and see them, or write, as you desire. Address HUDYAN REMEDY COMPANY, Car. Stockton, Market and Ellis Sts., San Francisco, Cal.
