DEATH OF CROMWELL. It Came on His "Fortunate Day" and

While a Terrific Storm Was Raging.

Cromwell was now 59 years old. light years before he had written to as wife that he felt the infirmities of g over him. His rabast energica had been consumed by the exduries of his career. His gout ce ...... in leave his leg and retire into his body, and for four or five days he was resked with intolerable pain in his bowels and back, making it impossible for he beep. He rode out once at the be at of his life guard, and spoke kindly with George Fox, favoring the ullest free dom of worship for the "l'efore I came to him," said and felt a waft of death go

" him." ing on his bed he repined libizabeth; and then his pt back to Robert, dead bool 10 years ago; and he vainly streve to check his tears with the roller i that Scripture which he

know in a hole by heart. The belief that had followed Cromwell all through his life that he was privile vi to hold personal communion with the Most High God was strangely manificated in these last days. He besought the Lord that for the good of lis prophe He would spare his life yet a it it begger. He then assured his counschool that his prayer had been granted, ming a monner of such mysterious condence that his bearers were transarted with amazement. Fleetwood ent a quick message to Henry Cromcell in Ireland that his highness had made very great discoveries of the Lord, nd had received assurances of being restored; to which Henry replied that the communication had given him some

But there came a night when all saw that the end was approaching. They tried to get him to name his successor. and in his thick death-gasps they affected to believe that they heard him say "Richard." They offered him a drink. "It is not my design to drink or sleep," he said, "but my design is to make what haste I can to be gone." All right he tossed and all dov he drew his eavy suspirations. The wildest storm that England had known was raging without. It was the anniversary of his great victory of Dunbar-the anniversary, too, of his great victory of Worcester. And on this, his "fortunate lay," his spirit passed out amid the lightning.-Samuel Harden Church, in

## LUCULLUS AND NAPOLEON.

mous Generals Whose Appetites Overruled Their Better Judgment.

In his "Bright Sides of History," E. H. House has something to say about the appetites of famous people. "You know alrendy," Uncle Claxton began, "that Lucullus was a great general at one eriod, and that he led his armies vicoriously through many parts of Asia The kingdom of Pontus was completely subjugated by him; and the spoils collected from its principal cities formed the basis of the enormous fortune with which he afterward enjoyed himself and entertained his compan- and well tramped so it will turn waions in Rome. But gold and jewels were ter perfectly. A rack 16x32 feet should not the only things that attracted the | hold a good-day's threshing, or about 1 attention of this man of varied tastes. acres of ordinary folder, without mak-The city of Cerasus, on the shore of ing the rack very high. Racks are made the Euxine sea, was celebrated for its by setting posts in the ground and cherries, specimens of which were of. mailing on fencing, beginning four or fered to him as the choicest delicacies five feet from the ground and running of the region. He was so delighted them as high as necessary. To keep with them that he ordered the fruit to the thing from spreading, the wires are be cultivated on his estates at home, and from that time cherries began to that Luculius the soldier was a different being from Lucullus the Sybarite. It needs a clear head to win battles and govern kingdoms, and while he was busy with those pursuits he could not have wasted many hours in revelry. He had before him as a warning the fate of Alexander, who threw away his life n dissipation while he was yet young, in almost exactly the same part of the

"You were telling us the other day," said Percy, "that Napoleon Bonaparte had no time to think about what he

"That was often the case," Uncle Claxton replied, "when he was out campaigning. He had very little time, nd not much inclination. Even in the seaceful intervals of his reign he was tremely abstemious. But he had his ancies in the way of food, and it has been said that he was punished terribly for indulging one of these at the wrong time. Boiled mutton with onion sauce was a dish of which he was often tempted to eat too much, and on the day of the pattle of Leipsic, when he should have ined so heavily that within a few hours violent colic seized him, and he was ment when all his skill was needed to on proved false. The harm may have ome from his habit of enting too fast. for which Napoleon was notorious. He did not ordinarily allow himself leisure enough to enjoy the few dishes he liked best. His famous rival, Wellington, was just as careless, and even more in-

Not Worrying About the Money. An old negro man walked into the store of Harlan & Harlan on election day and asked for a land slide for a

turning ploy Mr. C. C. Harlan gave him what he wanted. The old man took out some small change, but not enough to pay the bill, and, handing the money to Mr. Harlan said:

"Can you get the money in town?" asked Mr. Harlan. "Oh, yessuh."

"Does anybody here owe you any-"No, suh, not a blessed cent."

"You are going to borrow the money, then, are you? "Nossuh, I don't borrow nuthin."

"How do you expect to get the money, then?" "Oh. I isn't voted yit."-Calhoun (Ga.)

Blessing the Animals in Mexico. One of the most picturesque customs in Mexico is that of blessing animals, called the blessings of San Antonio The poorer class take their domestic animals of all kinds, dogs, eats, parots, sheep, horses, burros, etc., to be sprinkled with holy water, and to rewive, through the priest, St. Anthony's weakness of the limbs and back, loss of memory pimples on the face, coughs, consumption, etc.

fore the public.

thresher.

As a shredder, the thresher, used with all of the cylinder spikes and two 6 5 打一打 III II breath pure and sweet.

RACK FOR CORN FODDER. half-rows of concave spikes, is a decided success, doing the work rapidly and well-in fact, much more of a sucess than as a sheller and cleaner of the grain, which usually is left somewhat broken and not clean enough for narket, though in good condition for feeding purposes. If, however, the ound has been wet and is frozen when the threshing is done, causing the earth adhere to the stalks, a considerable quantity of lumps of frozen earth about the size of corn kernels will be found in the grain. If the corn is dry when threshed (a condition essential to best work and easily secured west of the dissouri), there will be no difficulty in keeping the grain in bin and the stover | Address n large quantities in mow or stack Our dry autumns are very favorable for this work, which is usually done i November and December. I know that in northern Obio the corn was never ready to shell and store in bulk before winter get in; therefore, I think the huskers and shredders should be better adapted to that and other sections where the season is comparatively short and the auturen moist. Ear corn an be safely stored in large quantities when so damp that if shelled and piled up it would certainly be lost. As before stated, the folder must be dry when it is threshol; for damp stover is great material to develop heat when

bredded and stored in large quantities. A little of the natural juice remaining within the stalk is not nearly so bad as utside moisture from rain or dew. The western plan is to run the shredded stover directly into large racks in the feed yard, where two or three mer mow it away, same as they would mow or stack straw from the machine. being careful to keep the center full tied together by putting wires across and twisting them together with a stick to tighten them. Around the rack a manger is constructed with fencing boards and poets for the cattle to eat | C. O. Terry. W. E. Coman,

The sketch herewith will serve t how the principle of constructing; it hows a small rack which is very con enient for feeding straw or hay in the ard, as well as for fodder, when it is eade on a larger scale. The lower part of the manger, being the opening for heads of cattle to pass through, should boarded up tight for feeding folder The railing about the opening should be a strong pole or a hardwood 2x4.-George T. Pettit, in Ohio Farmer.

### BLOOD AND TOMATOES. A Supposed Tragedy That Proved to Be a Perfectly Harmless

Affair. Unusual excitement disturbed the quiet of a Philadelphia residence one recent Sunday evening, resulting in the hurried visits of a policeman and two doctors to the house. Just as the man of the house and his wife reached the front step on the way home from church the door was hurriedly thrown open and out rushed the cook, who called for "help!" When she saw her mistress she declared between sobs that the kitchen range had exploded and that her cousin had been killed. The mistress ran into the kitchen after sending her husband for the doctors and found the place covered with ashes and a young man apparently half-dead lying in a chair in front of the range. His head and face were apparently covered with blood, but it was soon discovcred that he was still alive, as he said he was only stunned. The housewife immediately set to work to wash the man's head and face to prepare him for the doctors, but she was moved to merriment when she found that the supposed blood was only tomato juice. In truth the cousin was not injured ook had placed a can of tomatoes unscattered the ashes and tomatoes, followed the expansion of the frozen liquid in the can. When the policeman and doctors arrived they were told the story and joined in the laugh, which County Treasurer. Despite County, Or

was on the cook and her cousin. Football and the Seed Market. An agricultural seed market report surely the last place in which one would expect to find a discussion on the affuence of football. In the last report of the London agricultural seed narket, however, the connection is learly pointed out. There has been a steady decrease in the sale of canary and other seeds, and this has been raced to the fact that huge numbers of people, especially in the north of England, who used formerly to keep cage birds or devote their leisure to

mall gardens now give all their spare ime and interest to football .- West-
