HAIR SWITCH 65 CENTS.

Scrolula is a disease as old as antiquity. It has been handed down for generations and is the same today as in early times. It is emphatically a diase of the blood, and the only way to cure it is by purifying the blood. That is just what Hood's Sarsaparilla does in every case where it is given faithful trial. It eradicates all impuri ties from the blood, and cures the sores, boils, pimples and all forms of skin disease due to scrofula taints in he blood. Hood's Sarseparilla has w the grateful praise of vast number of people by its grand and complete
