DECEMBER 7. 1899.

The foreign commerce of the country this year, will exceed two billion dollars.

J. B. Eddy.

Admiral Dewey has enough trouble on his bands now without being held responsible for the atterances of his fool for the privilege of leasing the council

The bank deposits in the United States are more than two billion greater act.

A little over thirty years ago Vice-President Hobart entered Paterson, New accounts. Jerrey, with less than \$2 in his pockets.

The Review's long-winded e literial on ratirond assessments is really funny. S W VanZile, work on city hall . \$ 7 (0) Charley don't want to make a political Roseburg Water Cx., water for question of railroad assessments now There are s whole lot of other questions Hadson Mills Lumber Co. lumconnected with county affairs that he won't want made political questions Courch il & Woolley, supplies ... when the taxpayers come to understand Dexter Rice, attorney's fees them, and they will get onto them, don't B Huntley, street work von ever doubt it.

We give our readers today the president's message in full. Owing to the many important questions now confronting the untion this is the most important | state document that has been promulgated since the days of the C.vil wat and the reconstruction days which followed. We believe that a candid examination of the message will convey the impression to all fair-minded men that the message le clear, errong, manly and patricic.

CONTROL OF NICKEL SUPPLY.

Action by Canada May Benefit the

Herald from Toronto says:

By an order in council, signed by the lieutenant-governor of Ontario, Sir Oliver and family to our midst once more and M. Mowat, on the report of the cabinet, hope they will not have to break up and especially of the crown lands com- housekeeping so enddenly again. missioner, the Hon, F. J. Davis, together with a memorandum from the d rector of "senew the negotiations opened with the British government in April, 1891, which lands of the crown for imperial and na-

The object of these negotiations is to thus control the production of nickel, school. for its own war vessels. Toere are said through here last week on his way to to be only two deposits of nickel in the Millwood. world of commercial value—those in Pacific, belonging to France, and in the under his right eye. Sudbury district of Ontario.

The plan to control the Ontario ores in the interest of the British government was first suggested in 1891.

The offer did not at that time commend itself to the officials of the British admiralty, but the evidence which has since accumulated to prove the superiority of nickel steel over every kind of armor- plate suggests that possibly the time may have now arrived when the proposition made to the imperial government eight years ago might be hopefully renewed. It remains to be seen, however, whether the commissioners of the admiralty will accept the offer new made by Ontario.

It seems scarcely probable that acceptance would mean the placing of an embargo on the continued export to the United States for naval purposes of the nickel product of the Canadian Copper Company, which is composed mainly of Judge Stevenson Burk of Cleveland, and several Ohio capitalists. This company has up to now had a practical monopoly of the supply of nickel for American ar-

In the seven years 1892-1898 the quantity of ore smelted and reduced in the Sudbury district was 891,852 tone, and the estimated metallic conten s were 29,705,000 pound of nickel and 31,570,500 be presented for the first time in this city at the Opera House Tuesday, Dec.

furnaces, which is the form in which it at last succeeded in doing so. There is is exported to the refineries in the United States, the total value of the nickel product for the seven years was \$3,294,- and trios than does "Wang." They 060, and of the copper \$1,302,805, or a have become so well known that they total of \$4.596,865. At the average sell-have been played by all military bands ing price of the metals during the seven throughout the country and have gone so fot nickel and \$3,975,607 for copper, or a on the streets. total of \$14,372,367.

Washington save:

The United States will not be prevent, company's own orchestra. ed from getting nickel, even if Great Phis will mark the first appearance in ly, acting directly upon the blood and Britsin and France should attempt to Reseburg of the famous Gran Opers mucous surface of the system. Price 75c control the supply of nickel ore.

at Sudbury, Canada, and in New Caledonia, a French island in the Pacific, but nickel is being produced in Oregon entirely shut off the supply.

Council Meeting.

The common canacil of the city of Roseburg, met in the recorder's office on Grove to spend a few days. Monday evening, Dec. 4, 1899. Present: Mayor W. R. Willis, Councilmen F. P. Brown, H. Wollenberg, W. J. Lan lers G. W. Kruse, B. C Slocum and F. W. Woolley, Marshal F. W. Dillard, Recorder D. S. West, Absent Councilmen Dan Fisher and T. R Sheridan. Minutes of last of sting were read and

MR. Go SLOW.

What Scrofula Is.

Scrofola is a disease as old as antiquity. It has been handed down for generations and is the same today as in early times. It is emphatically a dise of the blood, and the only way to cure it is by purifying the blood. That is just what Hood's Sarsaparilla does in every case where it is given

faithful trial. It eradicates all impuri ties from the blood, and cures the sores, botis, pimples and all forms of skin disease due to scrofula taints in blood. Hood's Sarsaparilla has won the grateful praise of vast numbers of people by its grand and complete

cures. Don't allow scrofnla to deop in your blood. Cure it at once by taking Hood's Sarsaparilla.

A Marvelous Production.
