A. C. Marsters & Co. Quite an excitement was caused yesterday morning about 10 o'clock by the violent ringing of the fire bell. The boys quickly responded and dragged the hose cart through the mud and slush to the steam laundry when they found the alarm was false. There seems to have been a slight bias in some lace curtains in the south part of town from which the alarm started.

Yesterday afternoon, says the Astoria Budget, a practical test was made of the apparatus that is to be used to get the lightning off the sands at McKenzie head. It worked to the fullest satisfaction, and not only raised the vessel from her bed and pointed her out to sea, but took her out about 43 feet. If there had been a tug in waiting it would have been possible to have taken her out to sea then.

The linemen are very busy wiring the city for telephone service. If the business is as well represented in other cities of like population as Roseburg the main line will do an immense business.

W. M. Hodson, of West Roseburg received a patent a few days ago, which was issued to him from the United States patent office at Washington, D. C., Jan. 2, 1900. It consists of a metal railroad tie with its adjustments and looks as though it would be a success.

One thing in particular that may be said about "At Gay Coney Island" which comes to the Opera House, Tuesday, Jan. 10th, is that there has never been any No. 2 company. Menus.

White & Willis, the managers, believe that the great Western public are as appreciative of the original New York production as any public can be and though tempted many a times they have refrained from putting a western or No. 2 company on the road.

The Douglas County bank hangs up a neat sign to the effect that they are protected by a policy in the Bankers' Mutual Casualty Company. This refers to an insurance policy issued by the company to the bank, indemnifying it from loss that may be caused by a burglary or robbery of the bank, and secures the bank and its patrons from the danger of that score. The company issuing the policy pays the loss occasioned and in addition to this money protection the company has an efficient detective service which is at once put on the track of a criminal who interferes with any bank holding a policy in this company, and bringing the burglar or robber to bay and trial regardless of the time or effort required.

Funishment is sure to overtake any person who attacks the bank in the way of burglary or robbery. The patrons of the bank can readily see the great merit of such protection.

What Scrofula Is.

Scrofula is a disease as old as antiquity. It has been handed down for generations and is the same today as in early times. It is emphatically a disease of the blood, and the only way to cure it is by purifying the blood.

That is just what Hood's Sarsaparilla does in every case where it is given a faithful trial. It eradicates all impurities from the blood, and cures the sores, boils, pimples and all forms of skin disease due to scrofula taint in the blood. Hood's Sarsaparilla has won the grateful praise of vast numbers of people by its grand and complete cures. Don't allow scrofula to develop in your blood. Cure it at once by taking Hood's Sarsaparilla.

Wood Wanted.

Sealed bids to furnish 20 tons of oak, and 20 tons of old fir, 20 inch wood to be delivered at the school home in Roseburg on or before September 1, 1900, will be received by the undersigned until 12 o'clock noon of February 1, 1900. A bond conditioned to the faithful performance of the contract to furnish said wood must accompany each bid. The board reserves the right to reject all bids. By order board of directors, Dist. No. 4, Roseburg, Oregon, January 6, 1900. CLARA DILLARD, School Clerk.

God is All in All.

God fills all space with life and light, And his blessings ever fall; There is no room for sin or blight, For He is All-in-All.

God is Principle divine and sure, Beyond His light none can rove, Man, His image and reflection pure, Is eternal as His love.

Reflecting Him we catch the gleams Of His love and light divine, And torn from mortal thoughts and dreams, To Spirit's holy shrine.

In sacred realms of Truth we dwell, Where Love exists and reigns; And no human tongue or pen can tell The joy that Spirit brings.

In God we have our being rife, And in Him we live and move, He guides us to eternal life, And surrounds us with His love.

"At Gay Coney Island."

The offering at Opera House Tuesday, January 10, will be that masterpiece of farce comedy, "At Gay Coney Island."

This play deserves special mention if for no other reason than that it is always clean and polite, while being excruciatingly funny. Those who have already seen it, will scarcely recognize it in its new dress. It has been almost entirely re-written by the author, and instead of two comedians carrying almost all the burden of fun-making, the fun has been so increased that every member of the large company has his or her share.

In other words, it is no longer a single or double "star" comedy. This results, as it must, in a much more even performance than has heretofore been given of it. Built for the sole purpose of creating laughter it has always served its purpose well, but it would seem from reports so far received of the company, it is, as an entirety, very much the best lot of fun makers, singers, dancers and specialists ever seen in it.

Besides the introduction of an entirely new lot of laugh inspiration, special attention has been paid to the music. The operatic finale to the first act, done by twenty-four trained voices, is one of the features of the performance.

Prices, children 25; flat and gallery 50; raised seats 75.

F. B. Thinkfield, Health Inspector of Chicago, says, "Kodol Dyspepsia Cure cannot be recommended too highly. It cured me of severe dyspepsia." It digests what you eat and cures indigestion, heartburn and all forms of dyspepsia.

NEWS FOR THE AFFLICTED.

Announcement That Interests Many.—Dr. Darrin, the Eminent Specialist, to Visit Roseburg Again.

While averts to drawing the attention of our readers to any advertisement which partake of a medical character, we feel more than justified in overriding this objection with respect to the announcement in this issue of the coming visit of Dr. Darrin.

This far-famed physician of Portland, who has achieved such a great reputation throughout the coast and Northwest, has been prevailed upon by urgent requests of many in this vicinity, to visit us again as they could not afford by their time and business to consult him at his office in Portland. The doctor has at last consented to visit this city to accommodate the sick and afflicted, and will have his office at the McClain House, Jan. 23rd to Feb. 15th. Those wishing to consult the doctor will find it to their advantage to consult him while here and during the first part of his stay, as many require more than one treatment by electricity.

He comes to us laden with testimonials from Douglas county and the whole Northwest and the authentic report of some of his cures seem nothing short of miracles. So many thousands are already acquainted with his mode of treatment, it seems unnecessary to state that he uses little medicine in the majority of cases, and perfects his cures by the wonderful powers of electricity.

There are few ills to which the human flesh is heir which cannot be relieved and generally cured by Dr. Darrin's electro-magnetic treatment and cases that resisted the efforts of ordinary physicians have yielded to his power.

These cases embrace almost every kind of disease, and, as said before, no man, woman or child need despair of relief and cure while Dr. Darrin offers his invaluable services.

Unlike other physicians who have become eminent in their profession, the doctor's charges are moderate and reasonable, according to circumstance and ability to pay, and he will not undertake any case which he cannot cure or benefit. Consultation is free to all. Should there be cases that are incurable or will immediately discover them on consultation, thus saving his patients further expenditure of time or money which they might otherwise be required to make.

Dr. Darrin makes a specialty of all diseases of the ear, eye, nose and throat, catarrh and deafness, and all nervous, chronic and private diseases, such as loss of manhood, blood taints, erysiples, gleet, gonorrhoea, stricture, spermatorrhoea, seminal weakness and loss of desire or sexual power in either man or woman. All peculiar female troubles, leucorrhoea, displacements, etc., are confidentially and successfully treated. Most cases can be treated at home after one visit to the doctor's office.

Office hours from 10 a. m. to 5 p. m. Evenings 7 to 9. Sundays, 10 a. m. to 3 p. m. The worthy poor will be treated free according to his time honored custom, from 10 to 11 a. m. daily.

Circulars and question blanks sent free. Inquiries answered. All business relations with Dr. Darrin are strictly confidential. Catarrh treated for \$5 a month. Belts and batteries furnished when necessary. Dr. Darrin will treat free, except medicines, any case he has on former visits.
