One thing in particular that may be said about "At Gay Coney Island" which comes to the Opera House, Tuesday, Jan. 16th, is that there has never been any No. 2 company. Messrs. Mrs. Bailey of New York, the temperance lecturer, died at a crowded home at the M. E. Church last night. What Scrofula is.

Scrofula is a disease as old as antiquity. It has been handed down for generations and is the same today as in early times. It is emphatically a disease of the blood, and the only way to cure it is by purifying the blood. That is just what Hood's Sarsaparilla does in every case where it is given a faithful trial. It eradicates all impurities from the blood, and cures the sores, boils, pimples and all forms of skin disease due to scrofula taint in the blood. Hood's Sarsaparilla has won the grateful praise of vast numbers of people by its grand and complete cures. Don't allow scrofula to develop in your blood. Cure it at once by taking Hood's Sarsaparilla.

At Gay Coney Island.

The offering at Opera House Tuesday, January 16, will be that masterpiece of farce comedy, "At Gay Coney Island."

This play deserves special mention if for no other reason than that it is always clean and polite, while being exorbitantly funny. Those who have already seen it, will scarcely recognize it in its new dress. It has been almost entirely re-written by the author, and instead of two comedians carrying almost all the burden of fun-making, the fun has been so increased that every member of the large company has his or her share. To other words, it is no longer a single or double "star" comedy. This results, as it must, in a much more even performance than has heretofore been given of it. Built for the sole purpose of creating laughter it has always served its purpose well, but it would seem from reports so far received of the company, it has, as an entirety, very much the best lot of fun makers, singers, dancers and specialists ever seen in it.

Besides the introduction of an entirely new lot of laugh inspiration, special attention has been paid to the music. The operatic finale to the first act, done by twenty-two trained voices, is one of the features of the performance.

Consumption

You know there are all sorts of secret nostrums advertised to cure consumption. Some make absurd claims. We only say that if taken in time and the laws of health are properly observed.

HOW CHARLES W. BABCOCK

Proprietor Lyceum Shell Oyster Parlor, of Rochester, N.Y. Obtained \$2,000 Life Insurance Policy.

"My business as proprietor of the Lyceum Shell Oyster Parlor, 215 Main street, Rochester, N. Y., writes Mr. Charles W. Babcock, "was so confining that my lungs became affected. My doctor told me I'd have to leave the store and go to work at some other place. I was in a very bad way. My lungs were in bad shape, and I knew it just as well as he did. The trouble had been growing on me for a long time. Like most other people, I tried to make myself believe the trouble was not in the lungs. I called it stomach trouble or nervous disorder, but I kept coughing, spitting and wasting away right along. I lost in weight, falling from 125 to 115 pounds. Somehow or other, I got hold of Acker's English Remedy for Throat and Lungs, and after taking it according to directions, I was as well as any man in New York State. I was healthier and stronger than before I took the cold which came so near killing me. I now weigh 150 pounds—two pounds more than when I began. After recovering, I applied for a life insurance policy. When the doctor's report was made, I was afraid he would discover that my lungs had once been affected, but he didn't. I passed all right, and was pronounced in a first-class condition. If that isn't proof of the most positive kind that Acker's English Remedy is a great medicine, I don't know what you can prove. I give it my warmest endorsement. My address is given above. Anyone who wishes may write me personally about my case."

Sold at 50c, 60c, and at a bottle, throughout the United States and Canada; and in England, at 2s. 6d., 3s. 6d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.
