Though having lived in Oregon for over 45 years, occupying public positions for a period of 8 years, this was Mr. Baker's first visit to the Rogue River valley. He was greatly impressed with its size, resources and advancement.—Tidings.

The Oregon Children's Home society has had an agent in the field here, this week, looking after the interest of that association. Their object is to take orphans, abused or neglected children, and procure for them good family homes. In this way they secure to the child the advantages of home training, and avoid the heavy expenses of an institution for that purpose. They have a local board in Roseburg, selected one member from each church as follows: Mrs. A. C. Marsiere, Mrs. S. E. Parks, Mr. S. W. Towler, Mrs. Florence Watson Crawford, Mrs. J. C. Fullerton, Mrs. Madge Ragsdale, Mrs. Lucy Cutlip. Funds to assist the work will be thankfully received by the society, through any member of the board. Fifty dollars a child, on an average, pays all the expense of putting a child in a home, where it will be cared for until grown, rescuing many from poverty and perhaps crime, fitting them for good citizens, reducing the necessity for expensive reformatories which do not reform. Help this good cause.

**What Scrofula is.**

Scrofula is a disease as old as antiquity. It has been handed down for generations and is the same today as in early times. It is emphatically a disease of the blood, and the only way to cure it is by purifying the blood. That is just what Hood's Sarsaparilla does in every case where it is given a faithful trial. It eradicates all impurities from the blood, and cures the sores, boils, pimples and all forms of skin disease due to scrofula taint in the blood. Hood's Sarsaparilla has won the grateful praise of vast numbers of people by its grand and complete cures. Don't allow scrofula to develop in your blood. Cure it at once by taking Hood's Sarsaparilla.

**A Douglas County Mining Man.**

The mining edition of the Bohemia Nugget has this to say of one of Douglas county's mining men:

W. F. Briggs, one of the pioneer surveyors of Oregon, and closely identified with the early history of Bohemia Mining District, was born in Athens county, Ohio, September 15, 1840. Moved to Iowa with his parents, where he lived until eleven years of age, when the family left for the coast arriving in Oregon, via the southern route, in September, 1851, and settled upon a homestead in Douglas county.

W. F. Briggs is the subject of this sketch first visited the Bohemia District in 1859, although not in the capacity of a surveyor, and can set out many of the old land marks of the early day locations.

In 1872 Mr. Briggs was elected surveyor of Douglas county on the republican ticket for a term of two years, and was re-elected three succeeding terms. In 1880 he was appointed to fill the unexpired term of Colonel Britt, resigned.

In 1888 he was again elected county surveyor which he held three terms in succession, retiring in 1891. He was appointed Deputy United States Mineral Surveyor by Surveyor General Pennington in 1872, and has received the appointment from each succeeding Surveyor General up to date.

In 1870 Mr. Briggs was appointed Notary Public with authority to transact official business throughout the state. He was a volunteer in the Indian war, 1855-6, and participated in the important battles, including the Hungry Hill battle, fought in August 1855, being the second white soldier on the field. He was in command of the supply train from Elletts place to Fort Leland. He served three months as volunteer, three months as packer, and was a member of the party sent to bury the miners killed in the Indian outbreak at Grave Creek, Southern Oregon.

Mr. Briggs stands six feet and three inches in his stockings, and is well preserved and capable of doing a hard day's work, climbing mountains, over rocks and through brush in the discharge of his official duties, notwithstanding sixty three summers grown gray in sombrero sunburn, have passed over the head now silvered.
