What has become of Aquinaldo?

President McKinley has shown his customary wisdom in keeping the administration's skirts clear from the Kentucky trouble, but using his personal influence for a peaceful settlement of the difficulty.

Even the convicts are patriots in Kentucky. The man pardoned by Governor Taylor refused to accept a pardon unless it came from the man whom he considered to be legally entitled to issue it.

"Perhaps Billy Mason is right," remarks the Louisville Courier-Journal in a reflective tone of voice, "in thinking that the Philippines are as capable of self-government as the people of the state that sends Billy Mason to the United States senate."

The Review keeps up its dirty, contemptible fight on Governor Gier. This is the reward which Gier gets for appointing three of the Review's closest, political and personal friends as regents of the Drain Normal school from this county, and two or three more of the same political faith and personal relations as directors and managers of the district fair.

Conflicting railroad interests have much to do with the trouble in Kentucky. The Louisville & Nashville railroad, which is the great factor in the business of Louisville, was for Taylor for governor. The Cincinnati Southern, the rival of the former, and which is the road that takes southern trade into Cincinnati, was interested in the Gobel side of the contest. There is a great deal in that Blue Grass "mix up" that outsiders don't understand.

THE PAPER TRUST.

All the talk that is being indulged in by a certain class of newspapers, in regard to the paper trust having put up the price of white paper, and calling on congress to take the tariff off paper and paper pulp, is all rot and if the editors of these papers have got sense enough to run a newspaper, they know it. It is true that the price of white paper has advanced during the past year until the subscription price of a paper like the PLAINEALER, will hardly pay for the paper on which it is printed, but the facts are that the demand for white paper during the past year has been enormously increased, and at the same time the supply has decreased. White paper is manufactured from wood pulp, made from logs, saw logs if you please, and millions of feet of logs are used every year in the manufacture of paper. The paper mills are located in the New England and Atlantic states, and the timber for these mills comes largely from the Maine forests, and is cut to be floated out during the spring rise in the streams. Last spring there was no water to float out the logs, consequently there was a shortage and a very heavy one in the timber supply for the paper mills. Two years ago of timber is now laying on the banks of the streams ready to float out next spring. This country exports wood pulp in large quantities and the supply being short the demand both at home and abroad increased the price just as a shortage in the wheat crop would put up the price of wheat. Just how it would help us to take the tariff off wood pulp when we export that article instead of importing it is something that we can't understand. One thing that would help would be the building of more paper mills in Oregon, where we have an abundance of raw material and splendid water power to work it up.

If our demo-pod friends would use some of their energies in attempting to induce capitalists to invest their money in manufactures in this country, instead of howling about the oppression of capital and doing everything in their power to drive away capital, they could accomplish something for the good of Oregon.

THE OLD MAN.

Ichabod, my boy, me thought I heard you speak of your sire this morning as the "old man." You are eighteen years of age, are you not? Just so. That is the age when a young man has his first attack of big head. You imagine at this moment that you know it all. I observe by the cut of your trousers, the angle of your head, the flavor of your breath, the style of your toothpick abuse and the swagger of your walk that you are badly gone on yourself. This is an error of youth which your uncle can overlook, but it pains him sorely to hear you speak in terms of disrespect of one you should never mention save by the sacred name of "father." He may not be up to your style in the modern art of making a fool of yourself, but ten to one he forgave more in a week than you ever knew. He may not enjoy smoking your snipe-chopped pipe and enclosed in delicate tissue paper, but he has borne a good many hard knocks for your sake and is entitled to all the reverence your shallow brain can muster.

Bye and bye, after you are through knowing it all and begin to learn something, you will be ashamed to look in the glass, and will wonder where the fool-kicker was when you were ripe for the sacrifice, and when the "old man" grows tired of the journey and stops to rest, and you fold his hands across his bosom and take a look at his face that has become so beautiful in death, you will feel a sting of regret that you ever spoke of him in so grossly and disrespectful a manner; and when other sports of imbecility use the language that so delighted you in your "german" period of manhood, you will feel like chasing them with a stick and crushing their skulls to see if there is any brain tissue on the inside.—Bob Barndette.

The British don't appear to be able to find the "open door," in South Africa.

The South is for expansion and for the Nicaragua canal—just the same as the rest of the country.

General Buller has again crossed the Tugela river—that is, he has crossed to the side farthest from the Boers.

The democrats are in favor of an early national convention. That's all right, but there may be danger from sprouting in the shock.

Brigham H. Roberts has other troubles besides three wives and the seat in congress he was not permitted to sit in. He is being prosecuted for cohabiting with Miss Maggie Ship—his third wife.

Government Cable Defeated.

WASHINGTON, Feb. 13.—The house committee on interstate and foreign commerce today decided by a vote of 8 to 5 to report a Pacific cable bill, defeating by 5 to 8 the Corlies proposition for a government ownership.

Mr. W. C. Conner has begun the publication of a paper in this city, under the name of the Roseburg Oracle. He announces that in politics it will be independent and that it will grow as the good will justify. Mr. Conner is a good all around newspaper man, is a forcible and interesting writer and will make a third paper succeed in Roseburg if anybody can.

BOER CONDITIONS OF PEACE.

Cape Colony, Natal and Bechuanaland Must Be Divided.

NEW YORK, Feb. 13.—A dispatch to the World from The Hague says:

Dr. H. P. N. Muller, the Orange Free state minister to the Netherlands, is reported to have said in an interview: "The war is the beginning of the collapse of England's power in South Africa. The longer the war lasts, the heavier will be the conditions of peace, for England will not come out of it without giving important concessions."

The young Transvaal, secretary of the league, added: "Both republics will have full freedom and independence. Further, England will have to give up those parts of Cape Colony, Natal and Bechuanaland, where the inhabitants have thrown in their lot with the republics, for they must not be left in the lurch."

SEIZED MORE ISLANDS.

Gunboat Princeton, Acting Under Orders, Has Raised the Colors Over Tatanas and Calagan Isles.

MANILA, Feb. 12.—It is reported that the gunboat Princeton visited Tatanas and Calagan islands, which were omitted from the Paris treaty of peace, being north of 20 degrees of latitude, raised American flags and appointed native governors. It is added that the Princeton found a Japanese flag at Bayal island, and refrained from landing there, pending orders.

The Princeton occupied the Northern islands under a government order. The report that the Japanese flag was found flying is not confirmed, but there are rumors that Japan intended to take the islands. The natives willingly submitted American for the insurgent officials and took the oath of allegiance.

The natives of Samar and Leyte are returning to their towns and normal conditions are being resumed.

Unconfirmed rumors from native sources say that General Pio del Pilar, the insurgent commander, died of fever recently.

BECKHAM SUEED TAYLOR TODAY.

Object is to Oust the Governor From the Office So He Can Take it Himself—No Legislative Quorum.

CINCINNATI, O., Feb. 14.—Holding that the federal court has no jurisdiction in the contents in Kentucky, Judge Taft this afternoon granted the application for an injunction against the Kentucky state board of elections and the democratic contestants for state offices other than governor and lieutenant-governor.

FRANKFORT, Ky., Feb. 14.—Governor Beckham's suit to compel Governor Taylor to surrender the office of governor to him will be filed this afternoon. Judge Price has prepared a petition, which will be in the nature of an injunction and quo warranto proceedings.

FRANKFORT, Ky., Feb. 14.—The house and senate met at 11 o'clock this morning. Both houses lacked quorum and adjourned until tomorrow.

Circuit Court Jurors.

The following list of circuit court jurors have been drawn for the term which convenes Monday, March 5th:
D. P. Fisher, painter, Roseburg.
Geo. W. Pickett, farmer, Canyonville.
S. D. Evans, " Coles Valley.
W. J. Hanau, " Yoncalla.
G. W. Perry, laborer, Roseburg.
J. J. Henderson, farmer, Elkton.
Jas. Danielson, " Myrtle Creek.
C. S. Matthews, " Oak Creek.
Geo. B. Goble, " Kellogg.
J. T. Mabey, " Roseburg.
M. V. Kinnab, horticulture, Yoncalla.
J. W. Pardee, farmer, Canyonville.
H. C. Stanton, merchant, Roseburg.
F. F. Wells, farmer, Elkton.
L. T. Thompson, farmer, Coles Valley.
Frank B. Waite, stockman, Roseburg.
J. A. Cole, farmer, Oakland.
P. A. Wilson, farmer, Riddle.
C. P. Barnard, " Roseburg.
Geo. Applegate, " Yoncalla.
Clark Fegels, " Drainville.
B. E. Jones, " Myrtle Creek.
W. H. Coates, " Ten Mile.
D. W. Hunter, " Roseburg.
Jas. Byron, " Oalla.
O. L. Chiswell, merchant, Oakland.
A. B. Hansen, farmer, Elkton.
Peter Hansen, carpenter, Edenbow.
F. L. Dillard, farmer, Dillard.
H. G. Brown, " Elkton.
H. J. Wilkins, merchant, Roseburg.

BOERS FOLLOWING BULLER.

His Forces at Chevelly Made a Reconnaissance Net the Burgers Near Fustenberg.

LONDON, Feb. 14.—The only war news of any kind this morning is an official dispatch from Buller from Chevelly announcing a reconnaissance at Springfield, resulting in a gain of ground on either side. Captain Hamilton Russell, Lieutenant C. Churchill and 10 men were wounded and Lieutenant Pilkington and six men were captured by the Boers. The dispatch contains detailed accounts of what appear to be important operations. They only tend to throw light on the situation by proving that the Boers are actively following Buller's every move.

From Lord Roberts at Modder river, where all eyes are turned, there is no word.

RETREAT TO KENSBERG.

NEW YORK, Feb. 14.—The dispatches announcing the British "retreat" at Rensburg are not yet satisfactory. "Our losses are not yet known," says the Daily Mail's correspondent. There was no fighting all day and at night the British retreated.

This news is the more depressing to London, because only a few days ago it was believed General French was able to take Colesburg. If the Boers are able to defeat General Clements in a decisive engagement, they may threaten Lord Roberts' base of supplies at De la Ruy. This unexpected show of strength by the Boers at Colesburg has amazed those who were predicting an easy march for Lord Roberts through the Free State. The experts who saw in General Buller's capture and abandonment of Vaalkrantz a fine piece of strategy, say that General Clement's retreat to Rensburg is part of the same policy, to engage large forces of Boers while Lord Roberts demoralizes Cronje.

It is believed that General Buller has taken his whole force of 10,000 men, and this force to put down two small republics whose united population is supposed not to exceed 450,000 men, women, children and Uitlanders. Nothing but this fact was needed to demonstrate the futility of the ministerial scheme of army reorganization laid before parliament on Monday.

"The precise nature of Lord Roberts' movements on Modder river and Orange river are wrapped in mystery. Certain it is that the country General French maneuvered the Boers out of in Northern Cape Colony has been reoccupied by the Boers. General Buller is keeping his own secrets, but we may look for another move on his part in a day or two, probably east of Colesburg."

The Morning Post's war expert says: "The announcement of new appointments confirms the supposition that a large force has now been assembled at Modder river. The offensive cannot be carried on along the whole line and the commander-in-chief must determine the point at which he will act. It looks as though the Boers had taken their forces away from Magersfontein to reinforce the commander at Colesburg, where a victory would threaten the British communications between Cape Town and Modder river."

The expert compares the situation to the American civil war at the time when the army of the Potomac held all the Confederate forces in Virginia, while the Western armies moved down the Mississippi and through the heart of the confederacy to Atlanta and Savannah, and the way north to General Lee's rear.

SMALL-POX IS RAGING.

Over One Hundred Cases in Lane County.

The following official report to the Lane county court speaks for itself:
EUGENE, O., Feb. 12, 1900.

To the Hon. County Court of Lane County, Oregon: Having been requested by your honorable body to determine the nature of the eruptive disease now prevalent in the vicinity of Crow, Panther, Monnd and Hadleyville, and advise you regarding the nature of the same, beg to submit the following report:

On Sunday, Feb. 11, 1900, we visited the neighborhood of the epidemic, examined several cases in different stages of the disease, and enquired into the history and nature of the epidemic. Altogether about 100 persons have been affected. Although none, with one possible exception, have died with the disease, it being in a mild form. Several have been seriously ill. At present time there are one or two cases that are critical. After a thorough examination we unqualifiedly pronounce the disease to be smallpox in the discrete, or mild form, with no symptoms lacking to make the diagnosis absolutely certain.

Respectfully submitted,
W. L. CHESBROUGH, M. D.,
D. A. PAINE, M. D.

Scotsburg.

Mr. F. P. Palmer went to Ashland last week.
Mr. H. Weatherly has returned from Roseburg.
Mrs. Mary Wilson arrived at Long Prairie on the 10th and began her labors on the 12th.
The warm bright days draw out the croquet players, and the interest in the game is unabated.
M. D. Thompson and D. Witter were in town a few days since.
Dr. Alex Patterson was in town last week.

It is with regret that we note the fact that Miss Nottage has permanently removed, being recently married at Edenbow, from our vicinity, but we extend our congratulations to the fortunate young man and express our best wishes for their future happiness.
Mrs. Mollie Weatherly has gone to Gardiner on a visit.
The fishing season is about over for the present.
The farmers are all very busy plowing.
Grandma Davis has been visiting in town for some time and was a welcome visitor.
Miss Maggie Armstrong still remains quite sick, suffering from a gathering in her throat.—Criterion, Lebanon.

MORE MEN FOR THE NAVY.

Uncle Sam Has Sixty-one New Vessels Building—They Will Require in Officers Alone, 2000 New Men.

WASHINGTON, Feb. 14.—The secretary of the navy has sent to the senate a statement of the number of vessels under construction and of naval officers available. The statement was made in response to a resolution of inquiry. It shows that there are 61 vessels of all classes now building, and that, with these vessels in commission, they, together with those now in use, would require 3000 officers, whereas there are now only 1084 officers. There are 14,000 men in the navy.

Up to noon Tuesday voters had registered as follows:
Lake, 0; Looking Glass, 14; Millwood, 2; Mount Scott, 12; Myrtle Creek, 59; Oakland, 102; Pass Creek, 105; Riddle, 4; Sealsburg, 18; Roseburg, 81; Ten Mile, 7; Umpqua, 70; West Roseburg, 48; Wilbur, 3; Yoncalla, 20; Calapooia, 31; Camas Valley, 3; Canyonville, 28; Perdue, 1; Civil Road, 44; Conestock, 80; Coles Valley, 92; Cow Creek, 3; Deer Creek, 78; East Umpqua, 10; Elkton, 37; Kellogg, 4; Gardiner, 2; Glendale, 48. Total, 1030.

This is about one-fourth of the total vote of the county.

Lawrence Rowe is in the Benton county jail to answer the charge of stealing two horses from a Chinaman.

The three branches of the "reform forces" of Lane county are to meet at Albany, on the 10th, and attempt to make a fusion for the coming campaign.

Joseph Stone is putting out a new seven-acre hogyard, on Bear creek, a few miles from Creswell, despite the discouraging market. He has received between 6000 and 7000 hog roots from California to plant it with.

The Dalles is considering a proposition to establish a woolenshop at that point—the city to guarantee \$25,000 worth of 6 percent first mortgage bonds, payable in 10 years, and the promoter to assume the remaining \$15,000 worth.

A feature of a political club meeting at Burns, last week, was a phrenological address by a lady, who examined the heads of several prospective candidates for office, reported favorably on each one and said she wished she had the privilege of voting for them.

W. F. Bowker, of Crook county, was killed near Hay creek on the 21st. He was driving a team down a grade when a break of the harness let the tongue of the wagon drop, and he was pitched or dragged off by hanging to the lines. A wheel passed over his neck and caused instant death.

The savings-bank system introduced in the public schools of Salem, on January 1, is proving a wonderful success, says the Statesman. Though only in operation a month, already a comfortable balance is in the bank to the credit of the pupils, and the amount is growing steadily. The total number of depositors for the month was 375—205 boys and 171 girls. The total amount deposited was \$372.94, or nearly \$1 for each depositor.

Looking Glass.

Everything is flourishing in our neighborhood.
Miss Annie Bushnell of Ten Mile spent several days in our valley last week visiting friends and relatives.

E. Morgan and daughter spent Sunday at Ten Mile visiting relatives.

Mr. and Mrs. M. S. Weatherford of Civil Bend, were visiting relatives here Tuesday.

Anderson Vanoy of Coos county, was in our midst Sunday.

R. Andrus met with quite an accident last Tuesday. While cutting wood a tree he was felling suddenly twisted and he was thrown under it. It is hoped he will soon recover.

Changes in real estate are becoming quite numerous in our valley of late. We welcome the stranger to our valley.

Upon consulting the county papers lately, we see that our "Hon. County Court" has appointed an entire free silver board of judges in our precinct for our coming election. Is this right and just we would ask? Not but what they are all honorable, upright men, but as we have a number of staunch republicans still in our ranks we fail to see why we should not be represented in the judgeship of the coming election.

Transfer of Catholic Priests.

GERVASY, O., Feb. 11.—Rev. Arthur Lane, who has been in charge of the St. Louis Catholic church for the past three years, has been given charge of an Astoria Catholic church, and Rev. Father Chabot, of St. Francis' church, Portland will, at an early date, take charge of the St. Louis parish.

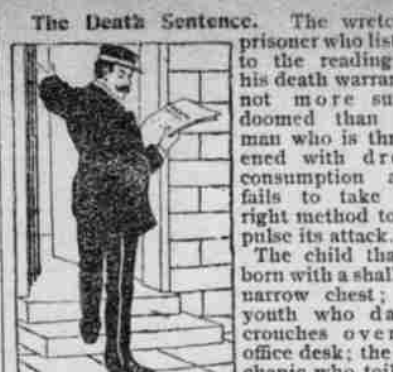

Rev. Mr. Lane is a son of the late Hon. Lafayette Lane, and a grandson of General Joseph Lane. He is one of the few native-born Oregonians in the priesthood.

Taken Up.

One black and white speckled cow, about 9 years old. Ear marked with crop of right and upper bit in left, with sucking call; one red and white steer about two years old. Unmarked.

H. BURT.

Yoncalla, Or.
One black and white speckled cow, about 9 years old. Ear marked with crop of right and upper bit in left, with sucking call; one red and white steer about two years old. Unmarked.

The Death Sentence.

The wretched prisoner who listens to the reading of his death warrant is not more surely doomed than the man who is threatened with dread consumption and fails to take the right method to repulse its attack.
The child that is born with a shallow narrow chest; the youth who daily crouches over an office desk; the mechanic who toils in an atmosphere of dust, and the woman whose household duties constantly restrict her to the close, heated atmosphere of her home, all live under the blighting shadow of consumption. There is but one sure protection against this wholesale murderer of men—a sound healthy body; pure, rich red blood; and clear, clear breathing organs.
Dr. Pierce's Golden Medical Discovery makes a man hungry, and really hungry men are usually healthy. But "had" you not the whole battle—you may fill a stove with fuel, and if the grate is clogged with clinkers and the chimney with soot, you will have no fire. The "Golden Medical Discovery" acts that the life-giving elements of the food are absorbed into the blood, and that new, healthy tissues are built up in the breathing organs. It prevents consumption by keeping the normal condition of which, if neglected lead up to consumption.
Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo., writes: "I had consumed of over 100 lbs. of flesh in bad health for twelve years. Hadaches all through my mind, nervous, and everything I ate distressed me; bowels congested, was very nervous, depressed, and despondent. I have taken bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good."
Consumption dissolves while you sleep when you take Dr. Pierce's Pellets.

WILL STAY WITH US.

A Rush of Business Causes Dr. Darrin to Postpone Leaving Until March 18.

Dr. Darrin, the eminent physician and specialist, at the request of many friends and the great interest shown by the suffering and afflicted in Roseburg, has consented to stay with us until March 18. The truly wonderful cures he has accomplished are being testified to by a host of afflicted sufferers who can be seen and consulted on the miraculous cures on their behalf. It is safe to say that no specialist has attained the prominence of Dr. Darrin in this country, and he cannot help but meet with grand success.
Dr. Darrin's visit to Roseburg has been marked with good results. Not only has he been crowded with patients, but the marvelous results achieved in his treatment by electricity is almost beyond belief.

STRICTURE CURED.

How Urinary Diseases Are Successfully Treated by Dr. Darrin.

To the Public: In appreciation of Dr. Darrin's wonderful skill as a specialist, I take great pleasure in extending him (through the paper) my sincere gratitude for what he has done for me, with the hope that suffering humanity will avail themselves of the power, should any be afflicted as I was. For 10 years I was a great and constant sufferer from stricture and bladder trouble, which finally complicated my kidneys, producing general debility and other aching difficulties that made me an invalid all those years. Eight physicians treated me throughout this time, but to no avail, so I concluded to try Dr. Darrin, and the result I wish to give to the world, with the advice not to go to any but a specialist, as I did, whose skill is undisputed. I am now a well man and can be referred to at any time in Pendleton, Oregon.
J. E. TAYLOR.

Cured in Ten Minutes.

For ten years prior to going under Dr. Darrin's electrical treatment, Sept. 12, I had been gradually growing deaf with a constant ringing in my ears. For the past five years I could not hear ordinary conversation. With one treatment of ten minutes I can hear nearly as well as ever in my life. I can conscientiously recommend Dr. Darrin's new cure for deafness, and can be referred to at Merline, Or., by letter or in person.
GARRETT CROCKETT.

Mr. Martin's testimonial is given below:

TO THE PUBLIC:
For some years my name has appeared in the papers as being cured by Dr. Darrin of hydrocele. I wish to say to any and all that the cure was perfect and lasting. I was cured eight years ago and I have never had any return of the trouble. I will further state that two years ago Dr. Darrin cured my grandchild, Miss Dany Wright, living at my house. She had been dreadfully afflicted with a loutishness which for a long time. Her cure is permanent and lasting. Refer me to Mr. Cove, Or., where I have lived 31 years.
JOHN MARTIN.

Mr. Martin: I notice by your paper that Dr. Darrin is in Roseburg. I wish to state that I was cured by Dr. Darrin four years ago of catarrh, dyspepsia and sour stomach. I cannot recommend Dr. Darrin too highly. Refer to me on Deer Creek, seven miles from Roseburg.
MRS. HARRIS STANTON.

Dr. Darrin will remain until March 18, and can be consulted at his office at the McClallen Hotel, Roseburg, free from 10 a. m. to 3 p. m. daily; Sundays 11 a. m. to 3 p. m. Charges low and reasonable according to circumstances and ability to pay. He gives free and confidential examination to all at the office or by letter. He treats all diseases of the eye, ear, nose, throat, catarrh and deafness, as well as acute, chronic, private and nervous diseases of whatever nature, if curable, no cases taken, if not. One of town patients are treated with unfailing success through correspondence; one visit desirable but not necessary. Write for symptom blank and circular. Letters of inquiry promptly answered.
Dr. Darrin will straighten crooked eyes, operate on stricture, hydrocele, varicocele and tumors March 1st, 2nd, 3rd and 4th.
For Sale or Trade.

A poultry ranch, well improved, of 34 acres, 1 1/2 miles from Roseburg. Call on or address, G. J. VANZULE, 22p.

Bargains! Bargains! IN WALL PAPER.

It Has Never Failed

Mr. C. S. Peaslee, the well-known druggist of Morgan City, La., is highly thought of in his neighborhood because of his skill and care in filling prescriptions. The best physicians in the place send their patients to his store whenever they can. Any doctor which Mr. Peaslee may say can be depended upon absolutely. In a letter to W. H. Hooker & Co., New York City, proprietors of Acker's English Remedy, he says: "In all my many years' experience as a druggist, I have never handled a medicine of any nature that gave such complete satisfaction as Acker's English Remedy for Throat and Lung Troubles. I have sold hundreds of bottles, and have yet to learn of a single case where it failed to cure. In a case of croup, it acts with a certainty that is really marvelous. My wife's case took much stock in medicine, but she has absolute faith in Acker's English Remedy, always having it at her elbow in case of the children are attacked by croup at night. It is a positively harmless remedy, as I can personally testify. I know of a little girl who accidentally drank a whole bottle. She was, of course, sick at her stomach for a short time, but the sickness passed away, and then the child was in better health than ever before. I can understand why Acker's English Remedy is so efficacious, because I am a druggist. It is not a mere expectorant, but a strengthening, invigorating tonic as well. While it heals the irritations of the mucous membrane, it also builds up the constitution and purifies the blood. I endorse it absolutely."

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., and 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

For sale by M. F. Rapp, Druggist.

P. Benedick

Undertaker and Embalmer.
