Her Husband's Story

"My name is E. J. Sprong, and my address is 16 Bondman Block, Troy, N. Y. I want to tell how thankful I am that my wife's health has been restored to her. About a year ago she caught a dreadful cold, which settled in her bronchial tubes and lungs. She certainly had bronchitis, and I think consumption, too, and we despaired of her life. She had a tightness and soreness in the chest, and it was difficult for her to breathe. There were darting, sharp, dull and heavy pains, with constant coughing and expectorating. Each day she was worse than the day before. I was advised to get Acker's English Remedy, and did so, but my wife only shook her head and said: 'Another dollar thrown away.' She took the Remedy, however, and said the effect was magical. In less than an hour there was a remarkable change. She got better at once, and in a short time she was entirely well and strong again.

The cure was permanent and there has been no relapse. I don't know what Acker's English Remedy is made of, but I am sure it contains something that fortifies the system against future attacks. My wife is in better general health now than ever, and you can't imagine how happy she is for her recovery. She tells everybody about Acker's English Remedy, and so do I, for I believe it to be our duty to the public to help every sufferer who has throat and lung troubles. My neighbors say it is a sure specific for croup, and has saved the lives of hundreds of little ones around in this vicinity alone."
