A Brutal Assault.

The hobos, who are now flocking northward, are giving much trouble at the various points along the line of the railway where they make their stopping places. Yesterday morning, a big burly one, who had all the characteristics of the confirmed voluntary tramp, who gave the name of Ed Hart, brutally assaulted a fellow negro "tourist," hitting him on the head with a rock and knocking the colored brother senseless. The scene of the assault was one of the camps near the S. P. stockyards. Hart was arrested on complaint of the negro, Wm. Lewis, by name, taken before Judge Berry and fined \$25 or 12 days in the city jail.

The city marshal is having considerable trouble with these tourists nowadays. It appears that most of them have a little money, and some of them fair sums in their possession, and work is the last thing they think of wanting.

The railroad trainmen have been much annoyed by them of late. Up on the St. Klucys contractors have been hunting and advertising for men to cut wood at \$2.25 and can't get them—yet these hobos pass along—work being distasteful to them.

It was reported this morning that there are over 100 of these hobos now on the line between Ashland and Dunsmuir, bound north after a pleasant winter season among the flowers and sunshine of California.—Tidings.

JOHN H. SHURE,
Secretary.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

How To Gain Flesh

Persons have been known to gain a **pound a day** by taking an ounce of **SCOTT'S EMULSION**. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.
