Your doctor says take care of yourself and take plain cod-liver oil, but you can't take it. Only the strong, healthy person can take it, and they can't take it long. It is so rich it upsets the stomach. But you can take

SCOTT'S EMULSION

It is very palatable and easily digested. If you will take plenty of fresh air, and exercise, and SCOTT'S EMULSION steadily, there is very little doubt about your recovery.

There are hypophosphites in it; they give strength and tone up the nervous system while the cod-liver oil feeds and nourishes.

George A. White, the popular S. P. conductor, is laid up with a badly bruised right arm, the result of injuries he received from a "shaking up" in his caboose, yesterday morning about 7 o'clock. George had just brought his freight train in from the south and the caboose was standing on the track near the water tank. A switch engine bumped into and derailed the caboose throwing everything inside, including the genial conductor, into much confusion; but Mr. White had his usual good luck with him and fortunately escaped with no more serious injuries than his badly bruised arm.—Tidings.

A Winning Ticket.

The following letter shows the estimate placed on the Republican ticket by a prominent Douglas County Republican, now in Alaska:

SEAGWAY, April 16, 1900.

Hon. E. D. Stratford,
Roseburg, Oregon.

Dear Judge: I have just received the Roseburg papers in which is announced the result of the work of the Douglas County Convention. As a resident of Douglas county and a member of the Republican party, I wish to say that I am glad to know that the Republicans of old Douglas have nominated a winning ticket. The ticket it seems to me combines all of the elements of good Republican strength and with good management should be elected "without the loss of a man." The watchword with Republicans should be, "elect every man on the ticket, or elect none." This is not the year to scratch or trade. If there is anything that I can do to help the matter of Republicanism along, let me know. It is not likely however that I will be able to get to Roseburg to vote. My wife and self are well. I am still kept very busy, and don't have much time for outside matters. Give my regards to friends.
Sincerely yours,
C. A. SEILBREDE.

Douglas County Crops.

Sol Abraham, one of Roseburg's well-known citizens, is in the city visiting relatives. He thinks Douglas county is going to have the biggest crop of hay and grain in its history, as the season is very forward, and the fields are waving as they usually do in May. Douglas county fruitmen are not worrying over the result of frost either, as no damage has been done the peach or peach blossoms whatever.—Oregonian.
