He Would Catch Them.

Judge Tarsney, formerly Congressman from the Kansas City district, said in a recent interview:

"We will have to vote for Bryan, but it will not hurt much. We Democrats have been voting for him, and we are used to it, and it does not hurt us any. True, Bryan represents the silver question, but everyone knows that it is a settled question, and no one will get scared over it. If I had the writing of that platform, opposed as I am to the silver cause, I believe that I would put that to the business in, just to catch the wild-eyed fellows who can not understand anything else, and know but little about that."

How do you like that my populist friends? Will he catch you? He has some of our wild-eyed fellows now as some of you came into that so-called populist convention wearing Bryan marks in the shape of a badge. Great populists you are.

POP CROWDED OUT BY DEMOCRAT.

Thos. Buckman, who was nominated for joint senator, subject to the concurrence of the Curry county and state conventions, declines to be considered as a candidate, as those conventions have endorsed Dr. Leep, the democratic nominee.—Myrtle Point Enterprise.

My populist friends how do you like this? My constable fees from July 1 1898 to April 1 1900, allowed by the county court was \$17.30. The democrat special constable gang received \$476.00 during the same time. This is the criminal business alone, and is on record. Go and look for yourselves, and yet these political cut throats want you to endorse their thievery at the polls. Will you do it? I don't think so. I don't think American manhood has become so prostituted. Down with the fusion gang!

Fusion has such an abnormal appetite for office that its greed is abnormal. The populist party at its primary in Deer creek precinct nominated, "not recommended," a man for road supervisor, in Dist. 22. We chose a republican for the simple fact that there was not a practical road man in our party that wanted it, in this district, and in having the interest of the roads at heart, looked above party greed, and nominated W. R. Buzzell, a man who has had an extensive experience in road making. But when the proceedings of our primary was published in the Bones paper, the review, the name of our candidate for road supervisor was left blank, and has not yet been published, nor does the "boss" Fisher recognize him as a nominee for road supervisor of said district. Will Mr. Gazley or Boss Fisher explain?
