ROSEBURG, Ore., Sept. 23.—Tonight and Tuesday, showers; cooler Tuesday. T. A. GINSOX, Observer.

A pair of beautiful foreign game birds are on exhibition at Churchill & Woolley's. It is the famous "Auerhahn," the Royal Game Bird of the German Empire, which were shot and killed by Hon. D. S. K. Boice, while he was en route to Germany, in the Thuring Forest, Dukedom of Saxe-Meiningen. The bird greatly resembles our mountain grouse, but is much larger, the male bird weighing from 12 to 16 pounds. Owing to the extreme alertness of this bird great caution and skill is required to capture one dead or alive and only on the seventh attempt was Mr. Boice successful, he therefore naturally prizes this trophy of his hunt, which is nicely mounted, very highly.

It will be of interest to the farmers of this county to learn that the New Era Flour Mills, of Roseburg have just installed a fine new Bayley Rolle machine of large capacity and that the mills are now prepared to manufacture a fine dustless feed from your barley while you wait and are even better equipped for turning out a superior quality of flour and feed than ever before. Bring in your grain and they will do the rest. If

Mr. Stratford will continue to make Roseburg his headquarters while in the discharge of his official duties connected with government land matters. He has plenty of work ahead of him for the winter.

STEAM LAUNDRY BURNED. Loss Probably \$2500. Insurance \$1,750. Origin of Fire Unknown.

At the hour of one o'clock this morning the Roseburg steam laundry was discovered on fire and an alarm immediately turned in. The fire department responded promptly, but owing to the great headway gained by the flames before it was discovered the department could do little but protect surrounding property, which included the court house, Van Houten hotel and two residences. There was little wind and the heavy rains of the previous 36 hours rendered the danger to adjoining property less, but the department did excellent work, saving the greater portion of the wood which had been provided for the winter by Floyd Marjby, proprietor of the laundry. The building burned was erected about 32 years ago and was known as the old Masonic hall and was still the property of that order. It was a two story frame building, and one of the few remaining landmarks of pioneer Roseburg. The hall room upstairs was still occupied by a number of lodges and societies including the G. A. R. and auxiliary orders which lost their organ and paraphanelia as did the other orders. The Masons have not occupied the hall for a number of years. Mr. Morphy lost his engine, boiler and stoves, laundry machinery, in fact everything in the building aggregation about \$2000, with insurance amounting to \$1000, while the Masons carried \$750 on the building. Considerable laundry was also destroyed. No fire had been in the building since last Saturday and the origin of the fire is somewhat of a mystery. The Masons will probably rebuild a modern and substantial brick structure on the site at an early date.

PATRIOTIC DECLARATION. Resolutions of Spanish American War Veterans Percy Willis Camp, No. 211

Inasmuch as our beloved President, has been by the hands of an assassin stricken down unto death, whereby the United States has lost a most honored, esteemed and faithful servant. Therefore, be it

Resolved, That by Percy Willis Camp, Spanish American War Veterans, of Roseburg, Oregon, that we deeply deplore the death of William McKinley, late president of the United States; (and also our Commander in Chief, under whose command it was our duty and pleasure to resent the insult to our flag) at the hands of an assassin. In the most severe terms do condemn the teaching of the Anarchist, who under the protection of our flag, are daily plotting for the destruction of our Government. Therefore

Resolved, That it is a shame and disgrace to our free institutions that this dastardly crime has been perpetrated, and that our next congress should pass laws to forever stamp out anarchy in the United States of America.

A Monster Prune Drier.

The prune drier of the Benton County Prune Company was put in operation yesterday, says the Corvallis Gazette. This is beyond doubt the largest prune drier in the world. In order to keep it running at its full capacity, nearly 200 hands will be employed.

There are 10 tunnels in the big drier; each tunnel is 80 feet in length, and will hold a little over 200 bushels of prunes. The drier will receive over 2000 bushels of green fruit at one time, and under the most favorable conditions it is possible to turn this amount out in 24 hours. To be conservative, one may safely state that the daily output of the drier, after everything is in running order, will be from 1200 to 1500 bushels daily. The drier is heated by steam run through three-quarter-inch pipe. For this purpose 15,000 feet of pipe was used.

There were originally over 17,000 trees in the big orchard, but some died, and it is now estimated that there are in the neighborhood of 16,000. Some of the trees are thought to bear 10 bushels of prunes and Manager Johnson figures the average at three bushels per tree. This estimate gives in the vicinity of 50,000 bushels as the total yield of the orchard.

The company have been at great expense to build their enormous drier and equip it as thoroughly as they have, and deserve good weather, good crops and a good market. In fact, Mr. Johnson has already been offered a pretty fair price for this year's crop. It is figured that at a fair price the yield of the big orchard this year will be worth between \$20,000 and \$35,000. To those who have the time, it will be well worth their while to visit the orchard while the drier—the largest in the world—is in operation.

A Bold Burglary.

Last Friday night some party or parties entered the second hand store of Blodgett & Sills by breaking out a rear window pane and stole about \$45 worth of small articles and currency. The stolen goods consisted principally of pocket knives, razors, watches and revolvers. The cash till was broken open with a hatchet, but it contained only a small amount of change. The proprietors were away from home at the time and the store was in charge of their wives. There is as yet no definite clue to the robbery.
