### San Francisco Strike Ended. "Columbia the Gem of the Ocean." Cup Will Remain at Home.

SAN FRANCISCO, Oct. 3.—The teamsters' and longshoremen's strike which has been on for ten weeks past was settled late yesterday, the employers conceding recognition of the union. The industrial inactivity which has prevailed in this city for so many months on account of the labor troubles has been dispelled, and today the manufacturing and wholesale districts are assuming their normal condition.

In this city trucks are moving in every direction in ever-increasing number, unaccompanied by the special police guards sworn in to protect the drivers who took the place of strikers. It is expected that before another fortnight has passed the business of the state will have recovered in a great measure from the tie-up caused by the strike.

While the terms of the settlement have not been made public, it is understood that the Draymen's Association has guaranteed to fill all vacancies with union men. Non-union men now employed are to be retained. The association also guarantees the union men that the present schedule of wages, hours and overtime is to be maintained for one year. It is also said to be stipulated that teamsters are to obey all orders relating to the disposition of freight. The Draymen's Association alleges that the question of the recognition of unionism is provided for in the settlement and that it has won every point contended for.

The stipulation that present wages will be maintained for a year is considered a concession to the strikers. Governor Gage acted as an intermediary in bringing about a settlement of the controversy. When the news was made public this afternoon a wave of relief swept over the city. It is expected that a large number of men will return to work tomorrow.

The machinists' strike, which has been on since late last May, is not included in the settlement. The strike of grain handlers at Port Costa is not yet settled.

### COLUMBIA THE GEM OF THE OCEAN.

NEW YORK, Oct. 4.—In the most thrilling race of the series, Shamrock today beat Columbia to the finish mark by about two seconds, but lost the race on the time allowance of 43 seconds in Columbia's favor. This allowance is made Columbia on account of the 400 square feet greater spread of canvas which Shamrock carries. The course was a run of 15 miles before the wind, and return. Shamrock had distinctly the better of it in the first half, beating the cup defender to the mark by very nearly a minute. On the beat home Columbia gained all she lost, and passed the challenger when about half the distance had been covered. From here the race was closely contested, neck and neck, but with Shamrock in the lead most of the time. The boats crossed almost together in a heart-breaking finish, but Shamrock had a little the better of it.

The series of the three best out of five are now complete, the Columbia winning in three straight heats.

The old cup that crossed the Atlantic westward 50 years ago will not be returned during the year 1901 at least.

### COST OF BURYING A PRESIDENT.

WASHINGTON, Oct. 3.—Congress will make special provision for the payment of the physicians and surgeons who attended the late President McKinley at Buffalo and for the payment of his funeral expenses. This was the course pursued after the death of President Garfield. What these expenses will amount to in the case of President McKinley cannot be stated even approximately, as none of the bills has yet been sent in. In the case of President Garfield congress appropriated \$57,500. Of this amount \$35,500 was for the payment of the physicians and \$22,000 funeral expenses. The total expenses in the case of President McKinley will probably be fully as great, for though the bills of the physicians will not be so large as they were in the case of President Garfield, who lingered for more than two months after he was shot the expense of the funeral are expected to be larger. The principal item, as in the case of the Garfield funeral, will be for railway transportation.

### PETITION TO COMMUTE CZOLGOSZ SENTENCE.

BOSTON, Oct. 4.—Although Governor Odell, of New York, has stated emphatically that he will not consider any petition for a commutation of Czolgosz's death sentence to life imprisonment, the Social Alliance, of this city, is circulating a petition of this nature for signatures in Boston. Its secretary is Theodore W. Curtis. The petition is a long one and includes this sentence: "The motive of the petition is not sentimental sympathy with a condemned man, much less the upholding of any form of anarchism of which he is said to have been a disciple; but the belief that the ends of justice, the vindication of the law and the higher

**HEAVY LOSS SUSTAINED**  
By Both Boers and British at Fort Italia.

**VERY SUCCESSFUL STATE FAIR.**  
Exhibits and Programme Better Than Ever. Receipts Will Pay Expenses.

LONDON, Oct. 4.—A dispatch from Dundee to the Times says that the Boers' attack on Fort Italia proved to have been a far bigger engagement than could be gathered from the first report. The casualties on both sides indicate the fierceness of the struggle. The Boer casualties are now limited to over 400. The Boers informed the British prisoners that they expected to find the Fort Italia garrison only 100 strong. The burghers lost more men than in any previous action this year.

There seems no doubt, says the Times correspondent, that the Boers intend a combined invasion of Natal, east and west. It is stated that General Durnell ordered the burghers in the north-eastern precinct of Orange River Colony to concentrate at Tarkad, but up to now the only result of this movement has been the invasion of Natal of a small command, which can easily be driven back. British officers who recently were prisoners say that General Botha's men and horses are in good condition. The British prisoners have been robbed of almost everything they possessed. The main body of the Boers is still near the Zululand frontier.

**SUCCESS DESPITE RAIN.**  
State Fair Will Pay All Expenses This Year.

PORTLAND, Oct. 4.—Enough money was received from the gate receipts to pay all expenses of the State Fair and possibly have a balance.

An itemized account is now being prepared. M. D. Wisdom, the secretary, returned from Salem yesterday and reports a greater interest in the fair than was ever shown before.

The expenses will reach nearly \$30,000. The sum of \$8000 was paid out in premiums for which \$8000 was appropriated by the state. Speed passes aggregated \$8000, but entries about covered that amount. There was a state appropriation for improvements of \$7000, but the improvements cost more than that sum. There were two and a half cents of \$400. It is known that the attendance was large enough to pay all expenses outside of the regular appropriations, and perhaps was enough also to leave a good balance.

At any rate, according to competent judges, it was the most successful State Fair ever held in Oregon. People attended from every part of the coast, including British Columbia and even from eastern states. Many of those from the East said that it was as good a show as put up by any state in the Union, with one exception—the Illinois famous Blue Ribbon State Fair. It was certainly an eye opener to Easterners to see such a fine display of products in a Western state. It will prove the mean, it is claimed, of advertising the resources of Oregon in a more thorough manner than ever.

"I've been all over it circuit," said John Penders, a horse trainer, "and it was the best I've ever seen to every respect."

Mr. Penders' eyes—his Lady John was the trotting prize, and she naturally feels proud of her work. She ran the first heat in 2:46 and the second in 2:17. There were 45 entries. His mare is scarcely 2 years old, and this was her first appearance upon the track. He expects to do wonders with her. She is bred from Captain Jones and Jones from Captain Kinney.

Henry Higgins, of the Great Northern, is another of the many present who adds his testimony on the merits of the fair. He says the livestock show, the races and display of products could not be beaten in any of the older Eastern states.

\$43.00 to Buffalo.  
This is what the established rate amounts to in each direction making 86 for the round trip, and by arranging with the Burlington route, passengers are given choice of seven trains on dates of sale. Call upon or write us for full particulars before making other arrangements. R. W. Foster, Ticket Agent, Bark Street, Portland, Oregon.
