IN SOUTH DOUGLAS—Herbert Pruner of Riddle, entered the Roseburg High School this morning to complete his bookkeeping course. He made the PLAINDEALER a pleasant call and reported 103 pupils enrolled in the Riddle school and that good work is being accomplished. All are well pleased with the commodious new school building and the attendance is larger than ever before. Herbert says twenty cars of dried prunes have been shipped from that place and the prune product is not yet all marketed. J. T. Mays, one of the local merchants has recently purchased 200 turkeys for the Thanksgiving trade and more poultry than usual is being marketed. H. Banfield is developing a fine mining property on one of the tributaries of Elk Creek near the fine mines of the Bainbow Mining Co., 30 miles east of Canyonville and mining interest is increasing in that section of the country which promises to become a valuable mining district.

MYRTLE CREEK MINERS—The new Myrtle Creek mining district, 20 miles south, is now attracting considerable attention from outside capitalists. Recently Messrs. London and Henrich, of Seattle, purchased the Little Chief mine for \$20,000. The same men have now secured the Continental claims of G. W. O'Connell, on the same ledge, for \$12,000. McCarthy & Johnson, of Portland, have bonded the claims of Hall, Rice and Cummings, in the same district, for \$12,000, and also the property of Robinson and Oatman for \$10,000. Assays of ore from these claims show values ranging from \$40 to \$100 per ton. Considerable development work has already been done.

WELCOME HOLDERS OF CREAMERY CHECKS—We notice from our exchanges that several towns in this valley are working to secure creameries. In doing this they are making no mistake as can be testified to by the people of Lebanon. Lebanon's creamery although, yet, a new venture is demonstrating the fact that they are the thing for the merchants as well as the farmers. Our creamery is now making about 700 pounds of butter per week and is gradually gaining each month. Our merit ants are always glad to welcome a customer who has a creamery check to cash.—Criterion.

BIG TURKEY SHIPMENTS—Three carloads of dressed turkeys were shipped from Douglas county to San Francisco Saturday for Thanksgiving. Oakland sent 30 tons. Other points in the county aggregate nearly the same. The shipping of turkeys out of Douglas county is an important factor, during this time of the year, giving as it does, employment to many men, being a profitable industry and a valuable source of revenue to the poultry raisers. The largest buyers and shippers of this city are J. F. Barker & Co., who have had a force of men killing and shipping 3000 turkeys for Thanksgiving trade; Kruse & Newland is shipping about 2000 turkeys this year, while H. Marks & Co., will ship between 500 and 600 turkeys; E. G. Young & Co., of Oakland, are shipping 400 turkeys, their destination being San Francisco, and Beckley Bros., of Oakland, will ship 2000 turkeys or more this season. Morgan & Arnold of Looking Glass are shipping 400 turkeys from the Looking Glass Valley. Douglas county is by far the heaviest poultry shipper of any county in the state, Oakland at the present time, being the center of this industry with Roseburg a close second. The climate, oak hills and valleys of this county are peculiarly adapted to the raising of all kinds of poultry and turkeys especially.

MURDERERS APPREHENDED—Three young men of Portland were arrested Sunday on a charge of the recent foul murder of Jas. B. Morrow in that city. One of the prisoners is said to have admitted the crime, but says it was in a degree accidental and that they were mistaken in their man. Feeling is bitter against the prisoners and precautions are being taken against mob violence.

WORK THE MERRIES—The PLAINDEALER job office is crowded with orders for tickets, placards, posters and programs for the three grand balls to be given in Roseburg during the holidays, commencing Thanksgiving eve.

PLACE TO BUY PRESENTS—If you are looking for presents do not fail to examine J. T. Bryan's elegant line of silverware and jewelry.

Miss Laura E. Jones, the PLAINDEALER's city editor and solicitor, visited Oakland Saturday, and found business lively in that neat and thriving little city. As a result of the trip several new names are added to our Oakland list, besides quite a number of renewals. Oakland is centrally located in one of the best farming and stock countries in Southern Oregon, which naturally brings to the live, wide-awake business men of the city, a large trade. 30 tons of dressed turkeys were shipped from there Saturday to San Francisco for Thanksgiving.

It will be of interest to the farmers of this county to learn that the New Era Flour Mills, of Roseburg have just installed a fine new Barley Rolls machine of large capacity and that the mill is now prepared to manufacture a fine dist. malt feed from your barley while you wait and are even better equipped for turning out a superior quality of flour and feed than ever before. Bring in your grain and they will do the rest, if.

Speaking of Edwin McKenzie's connections with the Multnomah football team in the role of half-back, the Princeton Journal says of this former Roseburg boy: Ed was here last August with Allen & Gilbert Co. helping sell pianos. A short time after leaving here he got married and located in Portland. A short time afterward rumors were rife that he had committed suicide, but any one who can play half back on Multnomah's eleven has not been dead very long. We hope he may live to commit suicide that way for many years to come.

It is an old axiom that "bread is the staff of life" but this depends somewhat on its quality. The fine cream and butter made at Baker's at J. S. Baker's bakery on Jackson street near Cass never fails to please. A nice variety of pastries also kept constantly on hand.

B. L. Bogart and James H. Beckler, who have been engaged extensively in the stock business in Lane and Douglas counties for some time, have dissolved partnership. Mr. Bogart transferring his interests in Eastern Oregon to Mr. Beckler for the latter's interests in this vicinity. Mr. Beckler left today for the John Day country where he will take charge of 2000 sheep, acquired by the transfer. He will make his headquarters at The Dalles and Mr. Bogart will remain in Eugene and will take sole charge of all sheep formerly owned by the firm in the valley.—Eugene Guard.

Stearns & Chenoweth have Iron Clad wagons, the best and cheapest. They offer all Eickes and Bogies at reduced prices, new, all steel boys' wagons, Steel Ranges and Stoves of all sorts, Pioneer White Lead, Lined Oil, Doors and Windows.

Fine colored window cards are out announcing a grand New Year ball to be given by Roseburg Division No. 1, United Brotherhood of Railway Employees. The placards are printed in purple and red on white cardboard, representing the official colors of the order, and were turned out of the PLAINDEALER's job office. The management will spare no pains or expense to make it's occasion the social event of the Holiday season.

CREAM WANTED—The T. S. Townsend Creamery Co. at 44 Second st., Portland, will pay highest market price for cream. Will sell you Cream Separator, and take your cream in payment.

An item in a Paisley, Ore., paper tells of extraordinarily fine, large potatoes raised in that vicinity. But Paisley is a long way from Portland, and so apparently, are all other places where such potatoes were raised this year. The only large thing about potatoes heard-about is the price.—Portland Telegram.

If you want the best and most healthful bread you will use our "cream" and "home-made" bread. Full weight loaves. Our pastries will also be found very palatable. Give us a trial, J. S. Sivers, Jackson street near Cass.

The Roseburg wrecking car and outfit has been taken to Portland shops to be remodeled and equipped with appliances so that an engine can be used to hoist wreckage. The outfit will also have facilities for boarding the men.—Railway Journal.

When eggs are high your hens are on a strike feed them Granulated bone, meat, meal, poultry grit, oyster shell and Greenstock's egg producer and they will go back to work again. Sold by S. K. Sykes.

Forest Grove Times, Nov. 21: The demand for hops by London brewers has been a stimulus to domestic crops within the last few days; some sales at 10% have been made here.

Rev. W. G. Miller was seen passing through our streets one day last week. Miss Vertie Reese of Myrtle Creek has been attending school at this place. Our school is progressing nicely under the management of Geo. A. Crane of Colton Valley. Miss Mabel Thompson, of Brockway, has been visiting with her friend Miss Hattie Smith. Lindsey II has been doing business in town for several days past but has returned home no more to roam. Hon. Philip Cooper who had the misfortune to severely cut his foot, we are pleased to note is rapidly recovering. Irvington Smith, one of our industrious young men is preparing to move to Winchester where he will farm during the coming year.

Mr. M. Weatherford has been setting out a very choice variety of straw-berry plants. We will eat berries and cream with you Merrit. H. M. Martin, a well known politician, who has been on Deer Creek visiting relatives has returned to his post of duty happy and hearty.

M. Collins, of Roseburg, is hauling wood from F. B. Waite's farm. He hauls it to town in the tree and uses the steam saw to make it into wood. We have a way to find when Saturday comes that boats anybody's calendar, when you see Uncle Henry Lander going to town, we all know that tomorrow will be Sunday.

Mr. B. F. Dow has been engaged in surveying during the past month. When last heard from he was in the vicinity of Elton. His family expects him home at an early date. Mr. Bigley, section foreman for the S. P. R. Co. has a new force of men at work on his division. When his force of Japs were interrogated why they quit the section replied by saying "Bossie man too much talk."

Mr. Green, our efficient road supervisor, has been making some much needed improvements on the public roads. He is always on duty rain or shine and his efforts to build a good road are much appreciated by the public. Mr. Clarence Gasley, the prune merchant, has been in this vicinity for several days looking after his interest in the fruit line. Mr. Gasley is a very faithful servant to the company he represents and we wish him success which is justly due him.

Mr. Frank Hermann of Myrtle Point, (a brother of Binger Hermann) is engaged in grading prunes at this place. Mr. Hermann thinks old Douglas is a very healthy place and may remain with us all winter. We welcome this worthy gentleman in our midst.

E. L. Autenroth has been elected manager of a Hamilton prune grader and is securing the country at present. He can make large prunes of the smaller ones which insures a higher price for the grower and much better eating for the consumer. He goes from here to Dillard and from there we have not yet learned his intentions.

The young people of the community are preparing a drama for Christmas eve. We understand it contains eleven acts, and judging by the amount of noise and interest among the young folks it will be great. ARTEMUS.

Football at Oakland

Last Saturday at 2:30 p. m. a very interesting game of football was played in the Oakland gridiron between the Roseburg High school and the Oakland team resulting in favor of Roseburg. The score being Roseburg 7, Oakland 5. The Roseburg players were outclassed in weight nearly 25 pounds to a man, so it is said.

The next lecture of the series of five will be given by Prof. J. W. Lundy, Dec. 11, 1901. Subject, "The Story of Ireland," told by an Irishman. An illustrated ballad concert. Ireland in pictures, song and lecture. Do not forget the date.

NOVEMBER 19.

\$790 DEAL
All in Gold.

I had not been on the streets of Portland more than an hour when a man by the name of Ester said to me, "Hello, Mr. Richardson, you are just the man I want to see. We, W. T. Turner, formerly of Oakland, and myself, are going to get the finest upright piano that money can buy, together with a piano, and we want you to select them, deliver the instruments and come to our office and get your money—which was paid all in gold. This is lots of faith to place in a dealer, as neither of them would go to see the goods, saying they knew that I would do the right thing by them, which we did, and always do."

We gave them a fine style F. Chickering, like many others that we have placed in our own town, in the homes of Judge Hamilton, Dr. S. Hamilton, Mrs. Mary Campbell, W. H. Fisher, J. F. Barker and others. This instrument was placed in the house with a fine Angell piano player. The piano mover acknowledged that it was the finest he had ever delivered, and our customers, who had never seen the instrument until delivered were more than pleased—were really delighted and gave us great praise for our good judgment in selecting such a fine instrument.
