Corvallis, Oregon, December 12, 1901.

Mr. A. C. Marsters & Co., Roseburg, Ore. GENTLEMEN:-Your letter concerning sulfur and the sample of sulfur,

I have examined this sample and find that it is almost entirely pure sulfur. I think that it would answer the purposes very satisfactorily for spraying compounds or insecticides. I think that if you have plenty of this quality, or can get it, that it will be as good as any sulfur that we can obtain for spraying materials. Very truly yours,

A. C. MARSTERS & CO., Druggists
