**LATE NEWS SUMMARY**

Important Events of the Past Few Days.

STATE, GENERAL, FOREIGN.

Cream of the Dispatches Dished Up in Condensed Form for the Busy Reader.

Albany has voted an eight-mill tax to build a new school house.

Coal burning engines are now running out of Ashland as far north as Roseburg.

The Duke of Manchester has finally compromised his breach of promise suit with Portia Knight, the Salem girl. The Duke paid her \$5,000 and costs in the case for a clear receipt.

Ireland continues to hold the European record for low percentage of crimes. The Irish laugh and the Irish joke are great safety valves for impulses which are often dangerous when repressed.

Although the diameter of the earth has been roughly known for many years it has only lately been accurately ascertained, after 20 years' labor and a cost of \$500,000. It is 7925 miles at the equator and 7879 from pole to pole.

W. H. Schroeder's store at Arago Coos Co. in which the postoffice was located was destroyed by fire last Tuesday morning. The fire originated in an empty wing of the building and is thought to have been of incendiary origin. The loss is estimated at \$3,000, of which \$2,000 was covered by insurance.

The Pan-American exposition treasury is bankrupt after being bolstered up by national gifts and almost every other old way. It was a colossal affair, though not as great as that for the United States and particularly Oregon. What is the odds whether the medals are delivered or not. The honor has been given.

After almost a year of actual operations in the field, after expending \$10,000 in cash, say nothing of the time and energy contributed freely by directors and those closely interested, the Shasta Coal-shed oil well on Cow creek near Bella Vista is abandoned and the hunt for oil in Shasta county, for the present at least, has absolutely ceased. The well is down 1000 feet but it is rendered worthless by a string of tools packed in the sand near the bottom which for four months have resisted all efforts to get them out. They could be moved but not raised. The directors have good reason to believe that oil is not far below the bottom of the well, but that 50 foot obstruction of hardened steel, weighing 70,000 pounds, bars the way for the drill.

**Ashland Oil Note.**

After an interval of two or three weeks the Southern Oregon Oil Co. resumed its drilling operations on the Alfred place, one and one-half miles east of town, Wednesday morning, with a full force of work men. The drill is now at the 1600 foot level, and it is the determination of the company to continue work until sea level is reached. The indications continue to be most favorable and those competent to judge, who have seen the black shale through which the drill is passing, are sanguine as to the ultimate results.

**HALF A MAN.**

When a man is sick and can only work half the time he is practically half a man. It requires his whole physical energy to do half a man's work.

In general the weak run down condition which cuts the strength and energy in half is due to disease of the stomach and other organs of digestion and nutrition. You could not expect a half starved man to work more than half the time. The condition of the man with weak stomach is that of the half starved man. He is weak through lack of nutrition.

Dr. Pierce's Golden Malted Food cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect nutrition of the body and so restores the strength.

"I had stomach trouble from birth," writes Mr. Willis Seaman, of Washingtonville, Orange Co., N. Y., "and suffered with it more or less as I grew up. At the age of 21 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Malted Food. I took six bottles of 'Golden Malted Food' and two vials of Doctor Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that I see before me and enjoy it. I am 27 years old and this is the first time I have ever been well."

Dr. Pierce's Pleasant Pellets cure constipation.

**WANT FAIR POSTPONED.**

WASHINGTON, Jan. 17.—The managers of St. Louis exposition, to be held in honor of the Louisiana purchase, will ask Congress for authority to postpone the exposition till 1904, one year later than the proposed date. They assert that it will be impossible to fully arrange for the opening of the fair in 1903, the date set.

**SURVEY COMPLETED.**

COTTAGE GROVE, Jan. 17.—The survey for the Cottage Grove-Bohemia railroad has been completed and instructions from the headquarters in New York is expected in a few days, meanwhile the local committee which was appointed by the citizens to assist in securing the right of way are industriously at work. Wednesday about noon Messrs Burkholder, Phillips, Veatch and Bristow of the committee, accompanied by Mr. Morphy, the representative of the company left town to look over the line and interview the property owners along the line in regard to the right of way. The committee realizes the importance of securing the right of way as soon as possible in order that no time may be lost in starting active work on the road as soon as the company is ready. Every thing is working nicely and in all probability the road will be completed before the next 12 months roll around. It is gratifying to see the committee take such an interest in the matter that they are willing to drop their business affairs and get out and do some rustling. The Bohemia railroad means more to this section of the country than any other one thing.

**GERMANY-ENGLAND RELATIONS STRAINED.**

NEW YORK, Dec. 17.—Feeling between England and Germany has been bitter for many months, despite the apparent efforts of their rulers to impress the people with a show of friendship. The growing breach has recently been greatly widened by the utterances of Count von Bulow, the German Chancellor, and Joseph Chamberlain, British Colonial Secretary. Incidents and circumstances of the war in South Africa are the brunt of the controversy which, aided by outrageous caricatures in the German press, might bring about complications of a far-reaching nature.

It seems that even Emperor William has at last been forced to show sympathy with the spirit of his subjects, since he has just announced that he will not attend the coronation of King Edward nor the memorial exercises in honor of his grandmother, the late Queen Victoria.

**OFFERS TO RETURN BOER WOMEN.**

LONDON, Jan. 17.—General Kitchener has forwarded a letter of the acting president of the Boer Republic, Schalk-burger, to Lord Salisbury of the British cabinet, protesting against the British treatment of Boer women.

General Kitchener met the protest by an offer to give all Boer women in British lines safe convoy to the Boer army or any place within the Boer lines.

**KRUGER ANXIOUS FOR PEACE.**

LONDON, Jan. 17.—President Kruger has made an offer to treat with Great Britain in behalf of the Boers. He agrees to waive all claims for independence for South African Republics.

**A ROYAL SCANDAL.**

VIENNA, Jan. 17.—Alexander, king of Serbia, has commenced divorce proceedings against his wife, Queen Draga. It is alleged that the queen has been unfaithful to her marriage vows. Four co-respondents are named with whom it is charged she has been unduly intimate.

**DON'T WANT LEADERSHIP.**

LONDON, Jan. 17.—Lord Roseberry refuses to accept the tender of the leadership of the Liberal party in the House of Lords.

**GERMAN ROYALTY'S VISIT.**

WASHINGTON, Jan. 16.—Prince Henry of the reigning house of Germany will not be the guest of the German embassy while here on his visit to the United States.

**LATEST NEWS.**

**Mexican City Destroyed by an Earthquake. Six Hundred Killed. Want Fair Postponed.**

LAREDO, Tex., 17.—A telegram from the City of Mexico says a telegram has reached that city announcing that the City of Chilpaningo, in the State of Guerrero suffered severely from yesterday's earthquake shock, and that 600 people were killed. No details.

The shock of the earthquake last evening was felt by all cities and towns of the republic. In the City of Mexico the earthquake was felt at 5:17 p. m. The first movement was very sharp. It was followed by a gentler oscillatory movement, north northeast to south southwest, the duration being 55 seconds. Beyond a few cracks in buildings no damage was done in Mexico City.

**JACK WADE CONFESSES**

Says He Fired the Shot That Killed Morrow.

**A VISIT FROM GERMAN ROYALTY.**

Prince Henry's Early Visit to America Discussed by President and Cabinet.

PORTLAND, Jan. 17.—Jack Wade, under sentence of death to be hung Friday, January 31, together with Dalton, has confessed.

Wade made his confession in the presence of Clarence K. Vesie, attorney for Dalton, and John Logan, his own attorney, who was present by request of Mr. Vesie. Mr. Green, the day watch, at the jail, was also standing by when Vesie took Wade's statement and secured his signature. Later he asked to see a representative of The Evening Telegram and to him made a more complete confession, giving details of how the shot happened to be fired.

Both men seem happy, Wade because the strain of the secret is off his mind, and Dalton because it is proved that he did not fire the shot which killed Morrow. They were both willing to talk regarding the crime, Dalton more freely than ever before, although after going over some of the details he remarked that enough had been said.

This is the confession, transcribed by Mr. Vesie, read to Wade and then signed by him, after the attorneys had heard him tell his story.

**THE CONFESION.**

"I have known all along that there was no chance for me, and I have wanted to see Dalton punished too, because he gave us both away. But I have thought it over and concluded it is right for me to tell the truth. I fired the shot but I did it accidentally. I did not want to kill Morrow nor anybody, and would not have done it intentionally, even to save myself. I hope this will save Dalton. I am doing this because it is right, and not because I am afraid to die. I can't see anything in it for me.

"All is true. JACK WADE."
