

## COOS BAY, ROSEBURG & EASTERN R. R.

### Construction Work to be Resumed on the Road this Season.

It is stated upon seemingly good authority that the Coos Bay, Roseburg & Eastern Railroad will be extended at least fifteen or twenty miles beyond its present Eastern terminus at Myrtle Point this season, which will bring the road considerably nearer to Roseburg and will tap a fine belt of timber on the middle fork of the Coquille river, where a large mill will be established or else logging operations will be conducted on a large scale, the logs to be carried in train load lots to Coos Bay, the Western terminus of the road where they will be sawed into lumber. The extension of the road to the timber belt of the upper middle fork of the Coquille, in the vicinity of Camas Valley, would leave a gap of only about 35 or 40 miles between the Eastern terminus of the road and Roseburg, the point where it is proposed to make connections with the Southern Pacific and from which point it was originally intended to extend the road over into Eastern Oregon connecting with the O. R. & N. Railroad at Huntington. This road would traverse an immensely rich timber, stock, fruit and agricultural country and would no doubt prove a very profitable investment, the route being entirely practical and feasible one giving as it would a great inland empire direct transportation facilities to the coast. There is little doubt but what the original plan for the completion of this railroad project will be carried out within the next few years and that the road will be extended to Roseburg at a very early date. The board of trade at this place will take up the matter with the J. D. Spreckels Co., the present owners of the road and will endeavor to induce the company to extend the road on through to Roseburg this season while they have construction work from Myrtle Point to the upper Coquille timber belt in hand. With this road completed to Roseburg our city would at once become the commercial center and distributor point for the Coast, Southern and Eastern Oregon traffic.

The map shows the C. B. & E. R. R. which is completed and in operation from Marshfield to Myrtle Point and which may be extended to Camas Valley this season. The proposed extension from Roseburg East and the proposed east road is also shown on this map.

#### NEW DRESS OF TYPE.

Our many readers will be glad to learn that next Monday's PLAINDEALER will appear in a spick and span new dress of type. The old type used in the paper has done service for us, these many years, and will now be consigned to the printers hades—the charon. The improvement will be a valuable one and will give the paper a brighter, cleaner and more newsy appearance. Through the liberal and rapidly increasing patronage extended the PLAINDEALER we are enabled to make this valuable and much needed improvement, and we take this occasion to thank our many patrons and friends for their liberal support.

#### DEMOCRATIC ECONOMY.

Judging from the anonymous political contributions which are appearing in the columns of the Review from time to time, this unscrupulous method of discussing public questions is to be adopted as one of the campaign features of that paper, and, judging by the tone of these contributions the old over-worked, threadbare bogaboo, "official extravagance" is to be made the Democratic battle cry or "paramount issue" in the coming campaign. The author of these anonymous articles does not withhold his name from these contributions on account of any defect in his composition or want of literary merit in his productions, for the articles are well written from this point of view, but before whom the powers today vie with each other in prostrating themselves! This is one of the most candid admissions of our fast coming supremacy among the nations of the earth we have had from proud France. But its the truth nevertheless.

Roseburg has been selected as the place for holding the republican convention for the first congressional district, and April 1st is the time set for the meeting. Roseburg is highly delighted with the honor, and the newspapers give Hon. J. T. Ferry credit for securing it for the city—DRAIN Nonpareil.

The PLAINDEALER was in error in stating in its last issue that voters can now register on any week day evening in this precinct. This accommodation will not be extended to the public earlier than the last week prior to May 15th when the registration books close. Register now, the sooner the better.

Roseburg has a board of trade, A recommendation that the town and the people in it are alive. Cottage Grove is somewhat alive, likewise some of the people in it; but a board of trade would bust—Bohemian Nugget.

The democratic party is sadly in need of two things just now. One of them is leaders who can lead and the other is followers who will follow.

The democratic party will get the hot end of the entertainment so long as it fiddles "union" or fusion combinations.
