Get Your Spray Material at MARSTERS.

OFFICE OF A. C. MARSTERS & CO.

State Chemist, Oregon Agricultural College, Corvallis, Oregon.

DEAR SIR—We send you by this mail sample of sulphur taken from our stock of spray material. Please make a careful analysis of same and inform us if it is of such standard of purity that it will fill all requirements for making first class spray compounds. If it is not sufficiently pure for such purpose please inform us where we can obtain sulphur which will meet all requirements.

Very respectfully,
A. C. MARSTERS & CO.

OREGON AGRICULTURAL COLLEGE.

Corvallis, Oregon, December 12, 1901.

Mr. A. C. Marsters & Co., Roseburg, Ore.

GENTLEMEN:—Your letter concerning sulfur and the sample of sulfur, have been received.

I have examined this sample and find that it is almost entirely pure sulfur. I think that it would answer the purposes very satisfactorily for spraying compounds or insecticides. I think that if you have plenty of this quality, or can get it, that it will be as good as any sulfur that we can obtain for spraying materials.

Very truly yours,
A. L. KNISELY.

ROSEBURG, OREGON

One of the humorous spectacles in Douglas county politics just now is the effort of the Democrats to get up a lullaby with the Socialists. If a union or combination of some kind is not effected it will be no fault of the Democratic leadership, who are ever ready to sacrifice principle for gain.

That costly residence that Mr. Bryan is putting up out at Lincoln, Neb. will be a sort of a mischievous monument to the gullibility of those Democratic county committees that paid him to lullaby and bellow in his own behalf during two Presidential campaigns.
