Timber Frauds in Lane County. Eugene, March 14.--Alex Crawford and H. E. Staples, government timberland inspectors, returned to Eugene last night from the Lake creek country, out in the western part of the county, where they went several days ago to look into alleged frauds in connection with the government timber-land business.

The gentlemen report that they have found flagrant violation of the law. They state that they found 37 claims in that vicinity which have been sold or contracted for before being proven up on.

They say that they intend to make examples of the offenders in these cases and no doubt trouble will ensue in a short time.

One of the campaign stories that floated through the cloak room recently says the Washington Post, related to Senator Fairbanks of Indiana, and Governor Shaw of Iowa, the newly appointed secretary of the treasury. According to the story these two orators were stumping Kentucky.

After a successful meeting the Kentucky Colonel who had the two republican statesmen in charge, invited them into the hotel barroom for some refreshments.

"What will you have?" he asked Senator Fairbanks.

"A little cold Appollinaris," was the reply.

"And you?" said the host to Governor Shaw (who is a good Methodist, and resides in one of the best dairy counties of the Hawkeye State.)

"I think I shall have a glass of buttermilk."

The bartender turned to the Kentucky Colonel.

"What shall I give you, Colonel?" he asked.

The Kentucky gentleman heaved a long sigh.

INITIATIVE AND REFERENDUM.

Amendment to be Voted on at the Coming Election.

At the coming June election the people of the State of Oregon are to decide a very important matter. They will by their votes either adopt or reject a Constitutional Amendment embodying the initiative and referendum, in what may be termed a "Mild form."

The two last Legislatures voted to submit the proposed amendment to the suffrages of the people at the polls.

There has been organized the Direct Legislation League of Oregon, whose avowed object is "the adoption by the people of the initiative and referendum amendment to the Constitution of the state of Oregon at the general election in June, 1902."

The proposed amendment is short and easily understood. It is printed below, in full:

PROPOSED AMENDMENT TO THE CONSTITUTION OF THE STATE OF OREGON.

Section 1 of Article IV of the Constitution of the State of Oregon shall be and hereby is amended to read as follows:

Section 1. The legislative authority of the state shall be vested in a legislative assembly, consisting of a senate and house of representatives, but the people reserve to themselves power to propose laws and amendments to the constitution, and to enact or reject the same at the polls, independent of the legislative assembly, and also reserve power at their own option to approve or reject at the polls any act of the legislative assembly. The first power reserved by the people is the initiative, and not more than eight per cent of the legal voters shall be required to propose any measure by such petition, and every such petition shall include the full text of the measure so proposed. Initiative petitions shall be filed with the secretary of state not less than four months before the election at which they are to be voted upon. The second power is the referendum, and it may be ordered (except as to laws necessary for the immediate preservation of the public peace, health or safety,) either by petition, signed by five per cent of the legal voters, or by the legislative assembly as to other bills are enacted. Referendum petitions shall be filed with the secretary of state not more than ninety days after the final adjournment of the session of the legislative assembly which passed the bill on which the referendum is demanded. The veto power of the Governor shall not extend to measures referred to the people. All elections on measures referred to the people of the state shall be had at the biennial regular general elections, except when the legislative assembly shall order a special election. Any measure referred to the people shall take effect and become the law when it is approved by a majority of the votes cast thereon, and not otherwise. The style of all bills shall be: "Be it enacted by the people of the State of Oregon." This section shall not be construed to deprive any member of the legislative assembly of the right to introduce any measure. The whole number of votes cast for justice of the supreme court at the regular election last preceding the filing of any petition for an initiative or for the referendum shall be the basis on which the number of legal voters necessary to sign such petition shall be counted. Petitions and orders for the initiative and for the referendum shall be filed with the secretary of state, and in submitting the same to the people he and all other officers shall be guided by the general laws and the act submitting this amendment until legislation shall be especially provided therefor.

Good Cook Wanted. We want a good cook for our logging camp and are offering \$50 per month. Would prefer to have a man, but if you could get a good strong woman who is a good cook, would be willing to try her. Thirty men in the camp in summer, but at this season of the year we have only ten men employed. The camp will run at least three years, and will probably be a good one for the right person. Apply to, GARDINER MILL CO., O. B. HINSDALE, Mgr., Gardiner, Ore.

PIMPLES. And other eruptions which mar the skin are more than a disfigurement and annoyance; they are a positive detriment to the business interests and social successes of the man they mark. Other things being equal, the man with a smooth skin and clear complexion will find it easy to get a good position or a good wife than the man whose face shows the impurity of his blood. That's the real point. The blood is bad. And for that very reason any treatment which is designed to cleanse the skin must cleanse the blood. Dr. Pierce's Golden Medical Discovery cleanses the blood from the clogging impurities which breed and feed disease, and so cures pimples, boils, eczema, and other diseases which have their cause in impure blood. The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains. You lose. Therefore, accept no substitute for "Golden Medical Discovery."

"I have used your 'Golden Medical Discovery' in a case of acrofia, and cured it," writes Mr. Wm. D. Shambles of Bony, Cherokee Nation, Ind. Territory. "I took five bottles of it in ten days. I had ingested a great deal of opium and they were on me when I commenced using Golden Medical Discovery, which took them away, and I haven't had a bettered anyone."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.
