LATE NEWS SUMMARIZED.

State and General News Condensed for the Busy Reader.

King Edward is to give the poor of London a royal feast at the time of his coronation.

The Portland Evening Journal has been increased in size to six pages. It is improving right along.

Grants Pass is given a wide berth by all the tramping fraternity on account of the new law compelling them to work on the streets.

A \$125 gold nugget from the Hays & Powell hydraulic mine of the Oscar Creek district was recently brought into Grants Pass.

Uncle Tom's Cabin troop got into trouble at Springfield, and the proprietor of the show was arrested, also the manager of the opera house, both being fined \$5.

The first newspaper to be established in Thunder Mountain will be the Thunder Mountain Miner, of which George J. Lewis, former secretary of Idaho, is manager.

Robert Fitzsimmons has signed the agreement to fight J. Jeffries for the heavyweight championship of the world. The fight will be pulled off at Los Angeles, California, Saturday, May 10.

On Thursday afternoon's freight train there arrived in Eugene a government headstone to be placed over the graves of the Spanish war veterans who are buried there and for a number of the dead veterans of the civil war.

Eugene has a man who chronicles the first appearance of swallows every year. This year the date was March 16. The earliest date in fourteen years was Feb. 9, 1894. The latest date was March 26, 1893. Last year it was February 26.

In the course of a debate on the Beer war Thursday John Dillon, the leader of the Irish delegation in parliament, called Joseph Chamberlain, colonial home secretary, a "damned liar." The House suspended Dillon for a week for his unparliamentary language.

A late Kansas story is that an infant only five weeks old keeps constantly repeating the words: "Six years of famine in Kansas," and that in consequence many people are selling out and moving out of the state, believing the baby's words to be a supernatural prediction.

Salem has a Gold Extraction Co. The members of this company have a discovery which is to revolutionize the world. The final test is to be made next week when the entire world is to be surprised for then it is to be demonstrated that gold can be made easily, the money market is to be revolutionized, as the value of gold as a money will be destroyed. Some one evidently fearing startling results placed a bomb under the office of the company, but fortunately it did not explode. In a short time the mining stock of the world will be worthless. D. B. Irwin is the head man of the enterprise.

THE PRINCE ARRIVED HOME

KIEL, Prussia, March 20.—The German battle-ship Kaiser Wilhelm II, having on board Emperor William and Admiral Prince Henry of Prussia, arrived here at 5:30 p. m. His Majesty and the Prince were welcomed with the firing of salutes and cheers from the naval squadron in these waters. Prince Henry landed at dusk, and joined Princess Henry and his sons.

UNION LABOR WON.

JEFFERSON CITY, Mo., Mar. 20.—The Supreme Court today decided in the case of the Haas Clothing Co. vs. Watson, that labor unions have the right to boycott. The circulation of boycott petitions is held to be a right guaranteed in the bill of rights.

A MODEST DOCTOR BILL.

WASHINGTON, March 20.—Senator Hanna, of Ohio, has presented the bill of the physicians who attended President McKinley to the House of Representatives for payment.

They place the value of their services for attendance on the late president at \$50,000.

END OF SAMPSON-SCHLEY CONTROVERSY.

WASHINGTON, March 21.—The House committee on naval affairs, by a vote of 7 to 4, today adopted a resolution concurring in the decision of President Roosevelt as to terminating the agitation of the Schley controversy and indefinitely postponing all bills and resolutions on the subject. The report of the sub-committee as adopted states that the controversy has been the subject of four official inquiries and investigations, viz., by President McKinley, by the United States Court of Claims, by the Naval Court of Inquiry asked for by Admiral Schley, and by President Roosevelt on appeal from the finding of the Naval Court of Inquiry; and concur in the recommendation of President Roosevelt and the members of the Court of Inquiry that no further action be had in the matter.

CITY MARSHAL ARRESTED.

COTTAGE GROVE, March 21.—City Marshal Bert Nann was placed under arrest this morning about 10 o'clock on the charge of the larceny of about \$1250 from Dr. E. F. Anderson.

The theft is alleged to have taken place last Saturday morning. Dr. Anderson has been very ill, and the K. of K. lodge, of which the doctor is a member, decided to move him from his room in Wilson's lodging house to his office when it was discovered that his trunks had been rifled and that a purse containing about \$1250 had been taken. Suspicion pointed to Nann and accordingly he was arrested.

THE NORTHWEST SNOW BLOCKADE.

ST. PAUL, March 21.—Three hundred of the passengers who had been snow-bound in the Dakotas arrived here by a Great Northern train last night.

They report that the fall and drifting of the snow is inconceivable by anyone who had not passed through such an experience.

In not a few instances great drifts of snow covered the railroad track to a depth of thirty-five feet.

LORD HOPE AND MAY YOHE AT QUITS.

LONDON, March 21.—The court has granted Lord Francis Hope a divorce from the actress May Yohe.

The divorce was granted on evidence that she had been guilty of adultery, Captain Strong, son of ex-Mayor Strong, of New York, being named as the co-respondent.

CECIL RHODES IMPROVING.

CAPETOWN, South Africa, March 21.—Cecil Rhodes is much better. He is now taking nourishment.

HITCHCOCK HOLDS ON.

WASHINGTON, March 21.—An evidently inspired announcement is made that Secretary of the Interior Hitchcock has no idea of resigning his cabinet portfolio.

MISS ROOSEVELT HONORED.

WILHELMSHAVEN, March 20.—Emperor William has directed that a former torpedo-boat, now used as a guard ship here, shall be re-named Alice Roosevelt.

A Snap.

One-hundred and eighteen acres of land, with good house, barn, chicken house, and other out buildings, a well of good water with a pump. This land is situated four miles north of Wilbur, on main road to Oakland. There are three

LATEST NEWS.

Assault and Kidnapping Near Eugene. Maine Bridge Disaster. Other Late News.

ROSEBURG, March 21.—Walter B. Rohrer, formerly in the butcher business in Eugene with his father-in-law, Sh... Jenkins, is wanted by the local officers, a warrant having been issued by Justice Wintermair for his arrest.

Rohrer has been separated from his wife some three or four years, and has been in Southern Oregon since that time. Recently he returned here and yesterday afternoon proceeded to the residence of his former partner in business, Mr. Jenkins, out west of town, where his wife is living, for the purpose of taking away their little daughter, aged five years. Mrs. Jenkins and Mrs. Rohrer expostulated with him and tried to prevent him from taking away the child, whereupon he brutally knocked Mrs. Jenkins and his wife both down and succeeded in getting the child away.

Before Rohrer proceeded to the house he took the precaution to decoy Mr. Jenkins away by sending him word that a certain party wanted to see him about some land matters.

It is supposed the man has taken or will take the little girl with him back to Southern Oregon. The officers are on the sharp lookout for them and have notified all officers up and down the line of the occurrence.

A MAINE DISASTER.

BANGOR, Maine, 21.—The floods in the Penobscot river incident to the warm rains and thaw attracted hundreds of spectators to the river banks and bridges today.

Shortly before noon two of the bridges that were covered with people came way before the pressure of the flood and went down with their loads of people.

There is no way of ascertaining the number of the victims and excited people are making almost frantic inquiries to locate missing friends and relatives.

THE MILES RESIGNATION THREAT.

WASHINGTON, March 21.—The threat of General Miles to resign command of the army if the administration plan of virtually retiring him by placing control in the war department is carried out, is causing no end of speculation and comment.

General Miles has played a strong card. President Roosevelt now realizes that the retirement by such means could not but create great popular sympathy for Miles and, perhaps, make him a formidable candidate for the presidency in 1904.

It is suggested that President Roosevelt may retire him on account of the age-limit regulation, but that, also, would smother a political favor. The administration desires to unload Miles but without causing a political disturbance.

WASHINGTON, March 21.—The statements made yesterday by General Miles before the Senate committee on military affairs, were discussed by the President today with a number of his callers. There is little doubt that these statements will ultimately lead to General Miles' retirement by the President. In discussing the matter today with his callers, among whom were Senators and Representatives, the President took the position that the Lieutenant General of the Army should entertain toward his superiors the same respect that he would expect and demand from his subordinates.

The President is known to have stated that he was tired of the friction in the Army, and whether it was decided that General Miles' statement was privileged or not, he will at no distant day take action looking to his retirement.

INCREASE IN ORCHARD ACREAGE.

ST. LOUIS, March 20.—The entire line of the Galveston, Houston & Henderson, from Houston to Galveston, has been sprinkled with Beaumont oil. By a crude arrangement the sprinkler is attached to the end of a tank car, throwing the oil between the rails and about three feet on either side of the track. The oil will not only lay the dust, but will save wear and tear of machinery, preserve the crossings, kill the weeds and by forming the earth in cakes, will keep the water off.

It is said that in the new process the life of a tie will be lengthened several years. From 2,500 to 3,000 gallons of oil were sprinkled on every mile of the road between Houston and Galveston. It is said that the sprinkler will be sent over the road twice more.

TOZIER HAS A KICK.

PORTLAND, March 21.—President Albert Tozier, of the National Editorial Association, has prepared a resolution to be presented at the annual meeting for the elimination of the title "Doctor" before a physician's name.

Mr. Tozier says that he has kept tally on papers in the state, and in one month in 250 periodicals published in Oregon there appeared 8,000 separate notices for doctors all of which he considers free advertising.

"The physicians," said Mr. Tozier, "expel members of their association who advertise themselves. I don't see why the newspapers should give it to them gratis."

IN A FACTORY AT OREGON CITY.

J. Earl Faulkner was caught by a revolving shaft Thursday. Both feet were torn from the unfortunate man and he was otherwise horribly burned. He lived three hours before death mercifully closed his sufferings.

Socialists' State Ticket.

PORTLAND, March 20.—At the Socialists' state convention held here yesterday the following ticket was nominated:

For Governor—R. R. Ryan, of Marion county.

For Secretary of State—C. W. Bazzee, of Wasco county.

For State Treasurer—W. W. Myers, of Clatsop county.

For Justice of the Supreme Court—G. P. Rutherford, of Harney county.

For Superintendent of Public Instruction, Attorney-General and State Printer—To be filled by the state central committee.

For Congressman, Second District—O. T. Gerdes, of Clatsop county.

Indian War Veterans' Graves.

The grand commander of the Indian War Veterans of the North Pacific coast has issued a circular calling upon the widows and sons and daughters of veterans to mark the graves of their dead. Following is the circular letter:

"Portland, March 13.—Indian War Veterans and Widows, Sons and Daughters of Veterans: Friends of Indian War Veterans are most earnestly requested to mark the graves of all deceased veterans by having I. W. V. painted on head boards or engraved on tombstones of the Indian War Veterans, so that this and future generations can recognize these graves on Decoration day. This has been greatly neglected to the shame of the living.

T. A. Wood, Grand Commander Indian War Veterans of North Pacific Coast."

JOHNS IN THE RACE FOR GOVERNOR.

BAKER CITY, March 21.—Hon. C. A. Johns, of this city, announced his candidacy for the Governorship of Oregon this morning as follows:

"Much has been said and written as to my being a candidate for Governor. Any published statements as to my objects, motives or intentions are unauthorized, misleading and deceptive. I expect to be a candidate for Governor in the next state convention. My name must not be used for or against the interests of Mr. Furnish, Governor elect for any other person. No friend of mine will make or publish any such statement. I have not made any promise or pledge and will not make any promise or pledge which, in the event of success would in the least compromise my official integrity. I will be nominated or defeated like a gentleman. I want this nomination, and have faith that I shall get it.

(Signed) "C. A. JOHNS."

Oil on Railroad.

ST. LOUIS, March 20.—The entire line of the Galveston, Houston & Henderson, from Houston to Galveston, has been sprinkled with Beaumont oil. By a crude arrangement the sprinkler is attached to the end of a tank car, throwing the oil between the rails and about three feet on either side of the track. The oil will not only lay the dust, but will save wear and tear of machinery, preserve the crossings, kill the weeds and by forming the earth in cakes, will keep the water off.

It is said that in the new process the life of a tie will be lengthened several years. From 2,500 to 3,000 gallons of oil were sprinkled on every mile of the road between Houston and Galveston. It is said that the sprinkler will be sent over the road twice more.
