The cholera situation in the Philippine Islands does not show any improvement. Cholera cases are reported among the American soldiers in the Carabineo Province of South Luzon and elsewhere, but so far few Americans have been attacked and the disease is mainly confined to natives and Chinese. In Manila there have been 555 cases and 445 deaths from cholera, while the provinces report 1227 cases and 110 deaths.

Samuel Taylor, of Yakima City, while engaged in cleaning out an old cellar at his place Monday, unearthed a large sum of money, amounting to about \$8000. The money is said to have been placed there for safe keeping by Thomas Jefferson Chambers, an uncle of Mr. Taylor, who is now 70 years old and has a poor memory. He is now a pioneer of a quarter of a century, and is a character in his way. He is a devout apostle of Old Hicory, having been born near the Jackson homestead in Tennessee.

Over 200 employees of the Portland Lumber Company's mill walked out Friday. Union men in five planing mills were paid off Friday and assert that they will not return to work until they are promised nine hours' work at the pay they have been receiving for ten. The truck drivers have demanded an advance in wages of 25 cents per man and will probably go out on May 15 if they do not get it. The lumber strikers have not yet returned to work, and both sides are confident. The differences between employers and employees have in no case engendered any bitterness, and there is reason to believe that all will be settled in a short time without any serious trouble.

In the office of Secretary of State E. I. Dumble, Friday petitions were filed, signed by over 2500 voters of Oregon, residing in a dozen counties, asking that the name of Hon. T. E. Geer, of Marion county, be placed on the official ballot as a candidate for United States Senator. The petitions were regularly certified to, and attached to them was the acceptance of the nomination by Governor Geer. After the petitions were filed in the State Department other petitions reached the governor, while many others are known to be on the way. The aggregate of all the names secured in the course of a few days being well along toward 7000 to 7500.

A cave that promises to rival the subterranean passages of the famous Mammoth Cave of Kentucky, has been discovered in Malheur county, fifteen miles from Vale. The cave has been explored for half a mile, but to end to the passage has been found. At the surface there is only a small opening, about large enough for a man to crawl into comfortably, but when in ten or twelve feet one enters a large room thirty or forty feet square and from this room several caves enter the mountain in different directions. Plans are on foot to make a systematic exploration of the cave.

DEMOCRATIC MEETING.

Mr. Chamberlain Ecgistical, Would Turn Philippines over to Filipinos.

Hon. George E. Chamberlain, the Democratic candidate for governor, spoke in the court house in Roseburg Thursday evening to a good sized audience, though not as large as was expected and doubtless would have been had not the weather been so inclement. It was an audience of good listeners who gave the speaker close attention throughout. Mr. Chamberlain is an agreeable, gentleman, a plain and forceful in speaker, but falls far short of an orator, as has been repeatedly claimed for him. His speech was devoted largely to state affairs. He said that the people were most interested in what he should do as to matters pertaining to the office of governor to be elected in June. He thought there was extravagant administration of the state offices, which had prevailed for a long time, and this should be corrected, as both platforms promised. He said he did not find much difference between the two party platforms.

Mr. Chamberlain's speech fairly bristled with ecgistics and it was evident that he sought his own personality as the leading issue of the campaign. "Look on this picture and then on this," the picture of his opponent and then his own by contrast, was held up at all possible angles, greatly to the disapproval of the former and the near perspective of the latter. Another thing which struck the dispassionate observer was the loving regard in which the speaker held the republicans, who had assisted to elect him to two or three but practically non-political offices, and now was the accepted time to help him out again. Mr. Chamberlain is not quite so much his own champion, but it seemed to please him to use the phrase, "When I am elected." He referred to the growing expenses of the state, and believed that all state officials should be placed on a flat salary. The school lands had been frittered away and there had been other leaks, and if he were elected he would take steps to remedy those abuses or getting in that, to give them the fullest publicity. The background campaign stories of W. J. Furnish's alleged record in the office of deputy U. S. marshal and of sheriff of Clatsop county, were then gone into without any variations from the accepted democratic version. His own career as attorney general and as district attorney of Multnomah county and his services to the state in general were then eloquently enlarged upon, and he kept keeping up those services until, in his own mind at least, his opponent looked like 30 cents.

W. J. FURNISH MAKES HIS APPEARANCE ON THE STUMP.

SENATOR FULTON MAIN SPEAKER

Mr. Ackerman and A. M. Crawford Also Make Speeches--All Candidates Make Favorable Impressions.

At 7:30 P. M., May 2--The republican state campaign was opened in Ashland tonight under most favorable auspices, and in the presence of a large and enthusiastic audience that completely filled the large Clatsop opera house. Hon. E. S. Carter, nominee for State Senator from Jackson county, presided at the meeting, and upon the platform, in addition to local Republicans, were W. J. Furnish, nominee for Governor, C. W. Fulton, the principal speaker, J. H. Ackerman, nominee for State Superintendent of Public Instruction, A. M. Crawford, nominee for Attorney General, and J. A. Whitney, nominee for Sheriff.

The Ashland meeting, composed of Messrs. Burnett, Patrick, Edlin and Mitchell, approved the law of 1897, their speeches and a regular order of business was the instrumental in securing Furnish's popular strong endorsement of Messrs. McCull, S. Lewis and Jordan.

Mr. Furnish was first introduced, and spoke briefly, but involving matter in a few words. His address and the subject, straightened number in which it was delivered, created a favorable impression with the audience. A St. Paul, Minn. man, Mr. McCull, was introduced, and said he did not offer a set speech in the political arena, but would rather use his own words, and would, accordingly, refer to the closing of the democratic party at 11:00 P. M. on the money question, since it pertains to the party, his biggest job being the statement that the Democratic party

would come down from Eastern Oregon to Multnomah county with 1500 majority.

OREGON'S NEXT GOVERNOR.

Sound, Business-like and Economical Policy to be Adopted by Mr. Furnish.

In an interview as to his policy if elected governor Mr. Furnish said: "I can promise the people of the State of Oregon that when I am elected governor their every right shall be deeply respected. I believe that I can truthfully say that when my term shall have expired the people will have no cause for complaint against my administration. My every act shall be in accord with the rights of the entire people. My administration of public affairs shall correspond to my administration of my private business--shall be conducted on a plane of economy commensurate with the best interests of a progressive commonwealth. It shall be my ambition to serve the state as the trusted manager of a great private business would be required to serve those by whom he was employed. There will be no unnecessary frills or furbelows about the gubernatorial office if I am chosen to fill it. I shall seriously contemplate the trust imposed in me and shall aim to discharge it in the interest of all the people as my best judgment shall dictate. In my hands the office of governor shall conserve the entire state, preferring no one section to another section, nor one class of citizens to another class.

Boers Will Decide.

At 7:30 P. M., May 2--The Boer leaders have decided not to take the responsibility of deciding upon the acceptance of the British terms of peace. They will ask Boer electors to vote their wishes at an election to be held for that purpose.
