## Of Local Interest.

Claude B. Cannon of the Roseburg News Co., has just received his magnificent fountain and set it up in his store where it is admired by all. The fountain was made by the popular Jas. Tufts people of Boston and is a credit to any city. It is in three separate pieces all of which set on the counter. The fountain proper occupies the center and on each side are the cases holding the flouring in neat bottles, both the fountain and the flouring cases are silver plated, as is also the fine ice water tank and the tops of the crushed fruit dishes. The dishes themselves being cut glass. On top of each of the flouring cases are glass bowls for gold fish, surrounded by dancing cupids, the top of the center piece contains a very pretty figure surrounded by water lilies. To say that the entire fountain and fixtures are beautiful is but putting it mildly. Mr. Cannon is a man who never does anything by halves and when fitting up his store he has used the best of judgment in his selection of all fixtures. Harry Shoups, general City Treasurer, has accepted the position of clerk for Mr. Cannon, and any one wishing to see him in regard to city affairs will always find him at Cannon's Book & News Store.
