UNSCRUPULOUS CAMPAIGNING.
 A very prominent and conservative citizen of Olalia writes as follows: "The Republicans are gaining ground out here every day. I heard a democrat say yesterday that the speeches made out here recently by the democratic candidates were sickening, especially the effort of the candidate for County Judge, who goes around intimating that his opponent is unable to account for about \$80,000 of the tax-payers money. Since a full financial exhibit was recently published by the county officers in both the County seat papers, this statement seems the more preposterous and inexcusable. This had broken on the part of the Democratic Candidates will cost them many votes in this county. The farmers are not so glib, but demand fair play and this unscrupulous trick and rank falsehood on the part of the Democrats is condemned by all fair minded men regardless of party affiliations."

WANT OREGON DEMOCRATIC.
 It is announced at Washington that certain trusts are preparing to bring whatever influence they can to defeat the Republican party in Oregon, because they believe that such defeat will be constructed as a rebuke to the President, and they will make the most of it in future campaigns. It is claimed that a defeat in Oregon would be heralded as an evidence of the unpopularity of President Roosevelt and his policies, among them being the attacks that he has made through the Attorney-General on the "merger" and the meat combination. The championship of the isthmian canal by the President is another policy which those who wish to make capital against him will point out as having its effect if Oregon should be adverse to the Republican party.

QUESTIONS FOR THE HOUR.
 Shall President Roosevelt be discredited, and Pacific expansion rebuked, in order to help Joe Simon to assassinate some of his political enemies?
 Which is more important, to sustain the policies to which the Republican party throughout the Nation is committed, or to make George Chamberlain a present of the Government?
 There is a lot of men in Oregon whose business welfare depends upon the confidence and prosperity that are bound up with continued ascendancy of the Republican party, and that are sure to be grievously threatened by the success of the Democratic party.—Oregonian.

Mr. Wann in his first speech of the campaign, said that the children in the public schools should not be expected to have more than reading, writing, spelling and arithmetic, and leave the idea that he would throw out grammar, history, geography, civics and physiology.
 It requires no argument to show how unsatisfactory our schools would be with these branches excluded from the course of study. Germany has the best public school system in the world, and the pupils in the schools there are required to do much more than in America. At fifteen years of age the child is expected to be able to take up Latin, algebra and other studies on children would not think of taking up so early. They are at least two years ahead of our pupils in advancement.

Congressman Tongue seems to have a walk-over. So far we have not heard of a speech made in this district against him.

CHARGE AGAINST FURNISH.
 Funny isn't it, that the democratic press of Oregon which has had many golden opportunities in the past to examine Mr. Furnish's record never found the slightest objection to him until he became a republican. It is certainly a striking thing that Bill Furnish's actions as a sheriff of Unmilla and as a federal office holder when he was under the influence of democracy, were above reproach, but now that he has long since reformed, his opponents conclude that his democratic record was bad. The fact is, that all democracy has against Furnish, is that he is a republican.

There is not a young man in the county who stands higher in the estimation of the people generally than Ira B. Riddle, his several years of active public or professional life having brought him in contact with the people all over the county, all of whom are proud of this very promising Native son of old Douglas. His legal and business experience and his natural ability especially well qualify him for the office to which he aspires. And if elected, which there is not the slightest doubt, he will labor faithfully and diligently for the welfare of the people of his county in particular and the state in general.

The spectacle of an assessor lowering the assessment of his home town \$13,630 in one year and directly in the interests of three or four heavy democratic tax-payers, while at the same time raising the valuation of the rest of the county \$55,430 according to his own figures, is enough to open the eyes of the county's tax-payers and cause them to murmur about increased taxes. Vote for a man for assessor who has no pets to favor.

FRANK H. ROGERS.
 Republican Candidate for Representative.
 The North Douglas county nominee for Representative is a well educated and practical business man of the gardiner and lake precincts. He is a native of New London, Conn. where he was born 28 years ago. For several years he successfully conducted, as editor and proprietor, the Gazette, a live, wide-awake newspaper at Burwell, Nebraska. He came to Oregon in 1880 and soon afterwards became book-keeper and business manager of the extensive business interests of the late Senator A. W. Reed, at Gardiner, which position he held up to about the time of Mr. Reed's death when he was appointed postmaster at Gardiner. He was also some time ago appointed a United States Commissioner which position he still holds. He is a very genial, intelligent and wide-awake gentleman, well qualified in every particular to ably represent Douglas county in the lower branch of the Oregon Legislature and should receive a large majority at the polls June 2nd.
 To know "Frank" Rogers is to honor and esteem him for his many sterling qualities.

The Review seems to be very much provoked and badly put out because the Douglas county republicans are lining up along with the PLAINDEALER for a straight party vote at this election. No doubt the Review has thought right along that the rest of the democratic candidates could be traded off in exchange for republican votes enough to elect Dillard. The republicans will not be found in the trading business. They propose electing the entire ticket.

Do the people of Oregon want the news flashed over the world that Oregon has voted for the old democratic doctrine of free trade? We think not. It is reasonably certain that the people of Oregon will give a ringing vote of confidence in the principles which have made the country prosperous.

The Democratic press grows frantic over the prospects of Republicans voting for an ex-democratic for governor. They seem to forget what would avidity they voted for the two-year-old democrat (Mr. H. R. Kincaid) in '98.

So far 40,000 Furnish buttons have been distributed over the state and there is a call for more. Only 10,000 Chamberlain buttons have been sent out and 10,000 more will meet the demand. This is how the "landslide is going to Chamberlain"

Business men all over the state are supporting Mr. Farnish for Governor. He is a successful and reliable business man and the people have confidence in him.

Good Advice Offered by Good Women.
 Womanly Counsel Which Brings Womanly Comfort.
 Suffering women sympathize with each other. Even though their condition seems hopeless, there is a common bond of suffering which draws them together. But no woman can sympathize with a woman who is sick, as can one who has herself had a similar sickness, and has been cured, and is once more a healthy, stranger, an outcast Samaritan, to bind up the wounds of the injured man. And in answer to the question of "Who was this man's neighbor?" it is answered, "He that showed kindness unto him." Neighborliness is not a thing dependent upon proximate residence or acquaintance, but upon the kindly spirit which seeks to help and comfort.

Suppose a woman suffering from some form of womanly disease, inflammation, ulceration, prolapsus or several diseases in complication. She is weak, worn-out, miserable. Part of the time she keeps her bed—part of the time she drags around in constant pain. There comes to her a neighbor who has heard of her condition and this neighbor says: "I was like you are and I can tell you what cured me of every ache and pain." Suppose not one neighbor, but a score or a hundred come and say in similar words: "I was afflicted with a disease like yours, but I was told of a means of cure and I am restored to health and vigor." Would not such re-iterated statements from sympathetic and reliable women bring the desire to try this means of cure which had brought health and strength to so many in a like condition?

Your neighbors recommend Doctor Pierce's Favorite Prescription for womanly ailments. They have tried it, been cured by it and are anxious that every suffering woman should be restored to health and vigor. "My health is the best now that it has been for four years," writes Mrs. Phoebe Morris, of Ira, Cayuga Co., N. Y., Box 52. "I have had but two bottles of your medicine, 'Favorite Prescription' and 'Golden Medical Discovery.' These medicines have done me more good than all that I have ever taken before. I couldn't do my work about half the time, and now I can work all the time for a family of four. Before I took your medicines I was sick in bed nearly half the time. My advice to all who are troubled with female weakness is to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery'—the most wonderful medicines in the world."

Glendale.
 C. P. and E. E. Totten of Glendale were doing business at this place on Monday.
 Glendale city is fair to look upon surrounded by the verdure and beauty of springtime.
 Mrs. L. L. Hurd, the amiable wife of our popular postmaster, is some better at this date; she returned from Roseburg ill.
 Mr. and Mrs. Charles Flint of San Francisco, who have been on a two month's visit with relatives in the eastern states, left for San Francisco on the 7th inst.
 Mrs. M. A. Tuller, is having ten acres adjoining this city, surveyed and divided into town lots. It will be known as Tuller's addition to Glendale. The increase in our population has made this necessary. We are informed that 40 families are to arrive this month, who will locate here.
 E. G. Hodson, game warden, is at Glendale, visiting his old friends. We have a faint suspicion that he is seeking information as to whether we patronize our local butcher or five on game. At any rate he is always welcome, and is regarded as a faithful officer, a loyal republican and a genial gentleman.
 Rev. W. M. Jordan, pastor of this church of the M. E. church, will hold services here next Sunday. He is taking up his regular work here, by order of the presiding elder, D. T. Sumnerville.
 Politics are engaging the attention of our people. We hear on all sides the opinion that E. L. Parrott for sheriff is good enough. He is careful, cautious, courageous and competent; no one doubts his re-election.
 Also our county clerk, D. R. Shambrook, is just as popular as he was two years ago. He has made a good officer, and we could ill afford to exchange him for a new man. He has many democratic friends in this valley, and his continuance as county clerk is assured.
 M. D. Thompson will build our bridges for the county, for the coming four years. He has filled his office with dignity and has given entire satisfaction to his party and to the people generally.
 J. M. Hansbrough will look after the interests of Douglas and Jackson counties, at the next session of our legislature. He has assured all of his qualifications for this office by his industry and his faithfulness to his employees in his railroad work. He is also a member of a family who have shown great ability as statesmen and speakers. He is also a brother of H. C. Hansbrough, U. S. Senator from South Dakota, who earned for himself the title of the "baby senator" by being the youngest member of that august body at the time of his election.
 Capt. F. B. Hamlin visited the Glendale schools, recently, and won laurels by the judicious manner in which he solved knotty school questions in this city. His suggestions were considered and a beneficial change will result.
 MOLLIE.

THOUSANDS OF NEIGHBORS
 testify to a cure of their diseases by the use of Dr. Pierce's Favorite Prescription. It cures irregularity, heals inflammation and ulceration and cures female weakness. It cures nervousness, sleeplessness, headache, backache and other ailments caused by womanly diseases.
 "Several years ago I suffered severely from female weakness, prostrations and nervousness, and used Dr. Pierce's Favorite Prescription with splendid effect," writes Emma Stetson, of Washington, Tenn. "I had never heard of it for a few years past, but if I should have any return of the old trouble would surely try 'Favorite Prescription' to my own recommendation; it has cured me of it."
 "At the last this question of cure comes down to a personal matter. After trying many medicines and local physicians I can say it is no wonder that some women think their case is exceptional. But a majority of women cured by 'Favorite Prescription' thought the same thing. Yet they were cured by the use of this remedy. It is a possibility that in some cases no complete cure can be made. But it is on record that 'Favorite Prescription' has cured ninety-eight women out of every hundred who have given it a trial. In a few cases where a cure was impossible great benefit has been received, and relief from pain secured, though perfect health could not be re-established.
 There are certain medicines which contain stimulants or narcotics which make the person using them feel good for a time, because they dull the sense of pain, but they do not produce any lasting benefit. 'Favorite Prescription' contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It does not numb the nerves but nourishes them.
 Sick women are invited to consult Dr. Pierce, by letter, free, and avoid all offensive examinations, indicate questions and obnoxious local treatments which the home physician often deems necessary. All letters addressed to Dr. Pierce are treated as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.
 'Favorite Prescription' has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place."

At last the necessary repairs were finished and the locomotive resumed its "chug-chug" and the train proceeded to Grants Pass, a short halt at the station on Engineer Jennings' engine answered by Engineer Kenny on the helper and away swept the royal train with a sigh of relief from Kohler as he settled back in his official chair.
