MR. DOCKERY TALKS.
Pays Hon. Binger Hermann a Splendid Tribute.

WASHINGTON, May 18.—Mr. E. J. Dockery reached the city this morning from an absence of nearly two months and a half at Washington, D. C., where he represented Idaho before the interior department in the adjustment of the entire public land grants of the state and in various contest cases, principally that of the Northern Pacific Railway company against the state, involving 10,000 acres of valuable white pine lands. Through the numerous courtesies shown him by Hon. Binger Hermann, commissioner of the general land office, Mr. Dockery was enabled to successfully perform his extensive task in so brief a time and he speaks in the highest terms of the tact and conspicuous ability with which the honorable commissioner performs the great volume of important duties of his office.

"I cannot too strongly express my appreciation of Mr. Hermann as a public officer, and for the generous courtesies and assistance shown me in my daily conferences with him in the performance of my duties for the state," Mr. Dockery replied in response to a question as to what sort of treatment he received from the officers at Washington.

"I regard Mr. Hermann as one of the very strongest men in this administration, and his administration of the commissioner's office will rank among the best we have ever had. In waiting my turn for a hearing in his capacity of special agent, I repeatedly saw him and firmly believe that the public and the planter, and even the ardent, pleas of special interests. He has a wonderful capacity for work and for getting at the heart of things, and has the enviable knack of calling a spade without giving offense, even to the big fellow who falls to get the law stretched or ignored in his favor. He will go into history as one of the great commissioners, and I shall be surprised if Oregon fails to reward the credit he has conferred on that state by presenting him with still greater honors in the future."

In reply to a request for a statement of his professional work at Washington, Mr. Dockery said:

"I cannot give you a very satisfactory off-hand statement of the numerous things done in connection with our public lands, but I shall file with the state land board an official report within a few days from which you may inform the public as fully as you may think will interest or instruct them."

GREAT DAY FOR CUBA.
General Wood Lowered the Stars and Stripes and Hoisted Cuba's Flag.

HAVANA, May 20.—Senior Palma today attached his signature to a document as President of the Cuban Republic, after an exchange of congratulations and the veteran generalissimo ascended to the roof of the palace, where he was accorded a great reception.

General Wood personally lowered the American colors, which were saluted, and with his own hands hoisted the Cuban flag, as an act of the United States, General assisting.

General Wood and his staff and the American troops embarked immediately after the hoisting of the Cuban flag, and the American ships steamed out of the harbor.

At the time the transfer took place in Havana, General White, at Santiago, turned over his authority to Cuban successor and sailed away with the American colors, which had been in garrison there.

GENERAL WOOD'S STATEMENT.
NEW YORK, May 20.—In a dispatch from Havana, the World publishes General Leonard Wood's review of the work accomplished during the American occupation:

"Cuba is turned over in a well-ordered, healthy condition, and the new government will find all departments well equipped and in good running order."

PRESIDENT PALMA GRATEFUL.
NEW YORK, May 20.—In a dispatch to the American and Journal, President-elect Tomas Estrada Palma says:

"I have nothing but gratitude for the American people for giving us our independence. Cuba is grateful and never will forget what the mother of republics has done for her."

NOTICE.
Sealed bids will be received by the County Clerk up to one o'clock July 2, 1902, for building a rock road eight feet wide and one foot thick, near the residence of J. T. Spangh, and also upon the road leading from Roseburg to Looking Glass; also bids for a plank road eight feet wide over the last named road. Specifications as to construction and material to accompany each bid. Bonds will be required in all cases.

M. D. THOMPSON,
County Judge.

IF THE TEACHER

IF THE TEACHER could wipe away the blotches from her skin as easily as she does the carriage with its pimply face, she would be a happy woman.

Pimples and eruptions are more than a disfigurement to a woman—they make her sensitive and unhappy. The way to cleanse the skin is to purify the blood. Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the clogging accumulations and poisons which corrupt it. When these are removed, pimples, boils, eruptions, sores, and all other consequences of impure blood are entirely cured.

*For about one year and a half my face was very badly broken out," writes Mrs. M. E. Adams of West Main St., Butterick, Mich. "I was treated with doctors and for different kinds of medicine, but received no relief. At last I obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one-half of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

Do not substitute for the "Discovery." There is nothing "just as good" for impure blood and skin diseases.

The People's Common Sense Medical Advice, 628 pages, is given away. Send 21 one-cent stamps expense of mailing only, for the book in paper covers, or 37 stamps for the volume bound in cloth.

Address Dr. R. V. Pierce, Buffalo, N. Y.

NOTES FROM GLENDALE.
Important School Meeting. Vote for a New School Building.

The special school meeting that occurred on the 17th inst., which was called for the purpose of deciding by ballot the question of selling our school house and site, and buying a location and building a larger school house in the city of Glendale or adding another building to the present structure, which is across the Azalea river and Elfin creek, at some distance from our city; it was decided in favor of the former proposition. The ballot standing 20 to 12 votes.

Andrew Marshall, chairman of our school board, presided over the meeting with his usual urbanity and geniality. Chas. Doherty, clerk of this district, who has filled his office most acceptably and ably in making the meeting a successful one. The object of the meeting was carefully delineated by our esteemed and popular townsmen, J. J. Guth, H. G. Sonemann, M. T. Chase, A. J. Ostern and others. Mr. Guth displayed much parliamentary ability in observing rules and regulations pertaining to such meetings. Glendale city is justly proud of the progressiveness that has secured this much-to-be-desired change in school matters. And now it becomes our duty, and certainly it will give us pleasure to urge the division of this district; the division line should be the Azalea river, which will give our esteemed neighbors on Elfin creek a school district. And to that intent the school voters of this district will sign a petition for that purpose at any time that such petition is presented to them.

Mrs. Ambrose Marshall and Mrs. Thos. Scott are seriously ill; the former with grippe and the latter with the mumps.

Mrs. M. J. Kennedy is convalescing; also Miss Effie Palmer is better today.

OLALLA NEWS.
We are getting tired of continual showers, though we see no particular damage to growing crops.

Col Day is preparing to start up his saw mill, he is also building a kiln for drying lumber.

The miners are still piping by heads, not having made a clean up yet, their prospects are good for a profitable season.

A PERTINENT QUESTION.
Can the Oregon farmers, whose painful condition touched my heart when I was last in your state, so soon forget the costly error they made when they left the Republican party?—Congressman Sibley to Congressman Tongue.

School under the management of R. A. Giles at this place is progressing well. He is giving general satisfaction as teacher.

Professor Geo. Crane, who is teaching the Upper Olalla school is progressing with his school as usual, and teaching his scholars as well as could be.

Our general B. F. Wells has accepted a position with the Hammond Packing Co., as salesman and will soon take the road, about half his time will be taken up in this business.

Our County candidates visited this place last week. Hon. A. M. Crawford delivered an interesting speech, showing up the follies of the Democratic party. Other candidates spoke and explained their positions.

Post-master W. H. Wells has succeeded in getting the Administrator of the Marks estate to agree to sell lands near by, belonging to that estate, in small tracts, those lands will divide up into small homes very conveniently and once sold, improved and populated will be a help to the neighborhood.

Supervisor F. D. Newland is doing some excellent work on our roads. Some say he is doing this nice work as an election dodge for his own interests, he being the Republican nominee for supervisor, we say no; he has had one year experience and has now learned the art of road building and should have another term while in practice.

Holds Up a Congressman.
"At the end of the campaign," writes Clapp Clark, Mission's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by A. C. Masters.

Horses Wanted.
Mr. Shields, of Seattle, will buy at Barnard's Stable on Saturday May 17 for the purpose of buying Draft horses, weighing from 1300 to 1600 pounds; parties having such horses for sale are requested to bring them in on that date.

NOTICE.
Sealed bids will be received by the County Clerk up to one o'clock July 2, 1902, for building a rock road eight feet wide and one foot thick, near the residence of J. T. Spangh, and also upon the road leading from Roseburg to Looking Glass; also bids for a plank road eight feet wide over the last named road. Specifications as to construction and material to accompany each bid. Bonds will be required in all cases.

M. D. THOMPSON,
County Judge.

Agents Wanted.
Life of T. Dewitt Talnage, by his son, Rev. Frank Dewitt Talnage and associate editors of Christian Herald. Only book endorsed by Talnage family. Enormous profit for agents who act quickly. Outfit ten cents. Write immediately Clark & Co., 222 S. 4th St., Phila., Pa. Mention this paper. 324
