Freight train No. 221, southbound, and No. 220, northbound, collided near Tunnel No. 9, four miles south of Leland about 11:30 o'clock Wednesday morning. Engineers Sampson and Wesley Riggs, who were in charge of No. 221, are reported to be badly hurt and Brakeman Gordon R. Allen, of the same train, had one of his legs crushed. It is alleged that the accident was due to Engineer Riggs overlooking his time by one hour. The engine did not leave the track, and owing to the fact that the collision occurred on a flat 200 yards south of the tunnel, where the train was up to, to leave the air, the contact of the two trains was less productive of serious results than if a high rate of speed had been maintained. Wrecking trains were called from Grants Pass and about five hours' work was required to clear the track.

WHO THE KICKERS ARE.

Something About the Men who Would Purity Douglas County Politics.

There was nothing new presented in Geo. W. Riddle's late harangue published in the Review and the "Village Post." At Dr. Nor was there anything in the Review's editorial comment on Mr. Riddle's letter. It was simply a rehash of Mr. Riddle's convention hall grand stand play with a few embellishments in the way of libellous personalities and a repetition of the yellow journalistic efforts on the part of the Review which followed after the convention. Mr. Riddle has been thoroughly tried by the republicans and people generally of Douglas county in a public capacity as county judge and representative, and he has been found woefully wanting—especially in discretion, good judgment and executive ability. He has always manifested an arrogant and arbitrary disposition even in the extreme, one of his most conspicuous characteristics being a disposition to rule or ruin, in fact he would be the bell-wether of the flock or desert the party fold. It will be remembered that during his career for representative he carried Mitchell letters in his pocket and vigorously championed that gentleman for the U. S. Senate and these so-called "kickers" who sought Mr. Mitchell's name as soon as he was elected and promised to take the oath of office and to qualify as a member of the lower house, making himself a prominent leader of the hold-up faction of that disgraceful legislature which, culminated in Joe Simon's election as U. S. Senator at the following session of the legislature.

As an evidence of Mr. Riddle's great executive ability and business qualifications we have only to recall the fact that when he was elected county judge the county was almost entirely free of indebtedness, but during his administration a debt of \$200,000 was saddled upon the county and the taxpayers of the county which to this day judicial official management has been unable to entirely wipe out. However, his difference with Mr. Riddle's management of his personal business affairs. It will be remembered that not long since a suit was instituted in the Douglas county circuit court by Mr. Riddle's own brother, Silly Riddle and son Walter, for the recovery of \$2500, on a note representing hard cash which Geo. W. Riddle owed his brother Silly, and which he refused to pay. The proceedings of this case will be local in the circuit court. Mr. Frost is trying to get the Commercial Club to take hold of the matter and it is probable they will. A meeting will be held about next Tuesday evening when the proposition will be discussed.

Mr. Frost says that every business man he has talked to is in favor of the street fair, and most of them favor the first week in September as the time to hold it.

As there seems to be no inclination to celebrate the Fourth of July in Eugene, we would take up the street fair proposition.

A Good Thing, Investment.

The Arizona and Goldfield Mining, Milling and Smelting Co. is regularly, legally and honestly organized for the purpose of further developing these properties and creating within Douglas county an industry that in the near future will surprise even the most sanguine workers of this enterprise. The stock books are printed and the price placed at 25 cents per share until further development shall have advanced them.

Every citizen of Douglas county who wishes business enterprises, development of wealth, increase of population and enhancement in value of their property and position is requested to take stock as liberally as in their judgment, they can afford and the movement merits.

BAD FIRE AT GRANTS PASS.

Two Mills Destroyed—\$100,000; Insurance \$30,000.

GRANTS PASS, May 27.—The mills, factories and lumber yards of the Sugar Pine Door & Lumber Company, the planing mills and factory of Williams Bros. and six residences, homes of the employees of the mills of this city, are a heap of smoldering ruins this morning representing a loss of \$100,000, with only \$30,000 insurance. Aside from the destruction wrought nearly 200 men are out of employment. One man, J. J. Turner, was seriously injured and burned, and may die.

Last evening at 5 o'clock a pile of burning sawdust in the yards of the Sugar Pine Mills set fire to the lumber and the west wind that was blowing a gale fanned the flames until they were
