### Pelee Again Causes Consternation--Work Progressing on Bohemia Railroad--Cause of Wreck.

**PELEE AGAIN ACTIVE.**

FORT DE FRANCE, Island of Martinique, June 6.—As if to show its contempt for the scientists who examined Mount Pelee crater and gave an opinion that the active days of the volcano were over, for the present at least, the volcano broke into eruption again today.

The people had got tolerably settled into a feeling of safety, but now are again clamoring for removal from the island. Many assert that it will be entirely destroyed or submerged in the ocean.

**THE BOHEMIA RAILROAD.**

COTTAGE GROVE, June 7.—The work on the Oregon and South Eastern railroad from Cottage Grove to Bohemia is progressing rapidly. Connection has been made with the S. P. Co.'s line about 300 yards south of the depot and track is being laid from that point. Friday morning a number of cars loaded with rails, ties and bridge timbers were set out on the new track. The bridge carpenters are busy framing the timbers in the yard. The grading gangs are getting along rapidly with the work. The grade has been practically completed from town out to the Mosby Creek bridge a distance of about 4 miles, and at the rate work is now progressing this end of the road will be ready for rolling stock soon.

**WAS THE WORK OF FIENDS.**

SAN FRANCISCO, June 6.—A special to the Bulletin from Redding says that there seems not the vestige of doubt that the terrible wreck of the South-bound Oregon express last night at 11:10 o'clock five miles south of Redding in which Engineer White and Fireman Van Tassel, were killed, was the work of fiends, who opened the switch with the deliberate intention of sending the train to destruction. Possibly they were robbers, but it so they were disappointed in that, no passenger coaches were wrecked, and they went away without attempting to go through the train.

**THE COST IN BRITISH LIVES.**

LONDON, June 6.—An official statement issued by the War Office last evening shows that the total reduction of of the British forces in South Africa up to May 30th of the present year was 97,477. This includes killed, wounded, prisoners, deaths from disease and men invalided home. Of these, many have recovered and are joining their regiments, leaving 28,434 dead or permanently incapacitated. The total number of troops killed in action or who died of wounds is 7792, while the total number of deaths from disease is 13,250. These figures bear out the statement of old Oom Paul Kruger at the opening of the war, that "its cost will stagger humanity."

**ROOSEVELT MAY VISIT CRATER LAKE.**

PORTLAND, June 7.—President Roosevelt has been invited to visit Crater Lake this summer, joining a party at Portland bent on that purpose, and it is not improbable that he will do so. It would be a great honor for Southern Oregon to have such a distinguished visitor. Also his journey here would be the means of giving our scenic attractions, cool midsummer climate and substantial resources a great deal of favorable advertising.

**ELECTION MAY BE CONTESTED.**

SALEM, June 6.—As has several times been intimated, the election of governor will be so close as to make a contest before the legislature or in the courts possible.

There is no provision in the constitution to govern proceedings in such a contingency, and it would have to be decided by the action of the legislature and the courts.

**TO DREDGE COLUMBIA BAR.**

WASHINGTON, June 6.—The Senate today passed the Mitchell resolution authorizing the Secretary of War to investigate the feasibility of the operation of a Government ocean dredger on the bar at the mouth of the Columbia River.

**TOOK HER OWN LIFE.**

PORTLAND, Ore., June 6.—The body of Miss Inez Rigg, a well known tailoress was found in the river today. She had had trouble with her sweetheart, Chas. Ray, a commercial traveler. Miss Rigg disappeared from her home on May 25th. The coroner's jury returned a verdict of suicide.

**ANOTHER GOLD STAMPEDE.**

DAWSON, June 7.—Rich strikes have been made on Chicken Creek. There is a stampede of gold hunters to the new diggings.

### CONVICTED OF FRAUD

**Letsom Baillet of Baker City Herald and White Swan Mine.**

**SYLVESTER PENNOYER'S WILL.**

**Bequeaths Valuable Lands to Portland Hospitals. Estate Worth \$130,000.**

Des Moines, Iowa, June 5.—The Baillet case went to the jury about 1 o'clock this morning. The arguments were concluded last evening at a night session, and Judge Minger delivered his instructions this morning. It is not expected that a verdict will be returned before this evening, if then. The present trial of Baillet was begun on May 29 and has continued without delay, excepting one day, when a juror was ill. A former trial, started last November, was terminated suddenly by the death of one of the jurors, so this was virtually the second trial.

In instructing the jury the Judge stated that it was not necessary to prove that any person actually was defrauded by Baillet; that it was not essential to know whether Baillet told the truth or not in the circulars which he sent out, or to show any attempt to defraud; that it was necessary for the Government to show that it was the intention to defraud at the time the letters were mailed and not subsequent thereto, and that if his intention to defraud came after he mailed the letters, he should be found not guilty; and furthermore that it was not necessary to prove that Baillet was the originator or author of the letter if he was a party to the attempt to defraud.

Des Moines, Iowa, June 5 p. m.—Baillet is found guilty. Baillet is of Baker City Oregon.

Letsom Baillet, the millionaire mine owner and owner of the Baker City Herald, has been found guilty at Des Moines, Iowa, of using the U. S. mail to defraud people in connection with his mining properties in Eastern Oregon.

The extreme penalty is eighteen months in the Penitentiary, and \$50 fine.

**PENNOYER'S WILL.**

Estate Valued at \$130,000--Lands Bequeathed to Local Hospitals.

PORTLAND, June 6.—The will of Sylvester Pennoyer, deceased, was filed for probate in the County Court today. Two magnificent bequests are made to local hospitals. His Columbia Slough farm of 20 acres is devised to the good Samaritan hospital, and the seven-acre tract at Woodstock is devised to the St. Vincent's hospital. A part of the remainder of the estate is devised to lawful heirs, the residue to be divided if the testator had died intestate. The will is written in the deceased's own hand writing, dated March 27, 1902, and is scrupulously prepared. It follows:

"I, Sylvester Pennoyer, of Portland, Ore., do hereby make this my last will: "I give the 20 acres, more or less, of land lying north of the Columbia Slough road in the Cubert Slough donation land claim, except the west 68 feet thereof, over which a right of way is given, to the officers of the good Samaritan Hospital, of Portland, Ore., and their successors in trust to be forever used for the benefit of the patients of said hospital; said gift to be void whenever the property is not so used, or whenever any encumbrance shall be permitted upon the property.

"I give under like conditions, to the officers of the St. Vincent's Hospital, of Portland, and their successors my seven acre tract, west of and adjoining Woodstock.

"I give my 455 acres of land in Clark County, Washington, to my daughter Gertrude Elizabeth, during her life, the remainder to the lawful issue of her body, her surviving.

"I give to each of my nieces and nephews \$100. The rest of my property, real and personal, to go to my heirs as if I had died intestate.

"I hereby appoint my wife, Mary A Pennoyer, my executor without bonds, and direct her to employ Wm. M. Gregory whenever any lawyer shall ever be necessary in the settlement of my estate."

The entire estate is said to be worth about \$130,000. It includes a valuable sawmill on the water front and a fine residence on West Park and Morrison streets.
