LEGISLATORS ELECT TO PRESIDE.

In the event of the Governor convening the legislature in special session on or after July 7, 1902, the newly elected representatives and senators and not the old as was formerly announced would participate in its proceedings. It is said petitions are to be circulated and presented to the governor asking him to convene the legislature in extra session. The proposal does not seem to meet with any great amount of favor by the press of the state or by the members elect of the legislature. Both parties in the recent campaign declared in favor of the passing of a flat salary law by the next session of the legislature and the members of the legislature and state officers elected are practically pledged to such a law. All contemplated the passage of such a law at the regular session of the legislature, and the influences at work for a special session are not clearly defined. If a special session is called those identified with the movement contend that it neces sarily will have to be convened some few weeks prior to the time of the regular session, that ample time may be given for the consideration of the important matters of legislation to be proposed. It will require several days to repeal the great many existing laws that operate in connection with the present fee system. It is estimated there are more than a score of statutes regulating the fees of the Secretary of State's department alone. It is thought the work proposed to be undertaken will consume the major part of 20 days, the maximum term allowed for special legislative sessions. Special sessions are usually very expensive for the taxpayers and when one is proposed to be called so near to the date of the regular session only an extraordinary occasion should demand it. No such reason is known or announced and the people will scarcely favor a special session.

BY DETHRONED BOSSES.

Geer writes to Chamberlain: I regret very much that circumstances made the election of a democratic governor possible, but since it was so," etc. It is not probable, however, that Mr. Geer very much "regrets" the circumstances—and results—that he had a large part in bringing about. We are to have a democratic governor because of the malignity and meanness of dethroned political bosses—Simon, Geer, Lowell and local whipper-snappers throughout the state, who couldn't have things all their own way this year, and worked in concert for revenge. It will not be forgotten in a day.—Oregonian.

OPPOSES EXTRA SESSION.

The democrat has always been opposed to extra sessions of the state legislature and will continue to be at the present time, as much as it believes in the flat salary system. The next legislature should do justice to the occasion at the regular session.—Albany Democrat.

EASTERN OREGON'S SUICIDE

This part of the state cannot well complain of Western Oregon's greediness when it refuses to take advantage of its own opportunities. The blow that Eastern Oregon received was dealt by its own hand.

CUTS NO ICE.

Geer for U. S. Senator has a majority over Wood, but that fact will not have an iota of weight with the legislature.—Jefferson Review.

Oregon elected two congressmen, and both are Republicans, one by 7000 plurality, and the other by 8172 plurality, a large gain over two years ago. The legislature, which will elect a United States senator, is republican by 7 to 1. The seattle platform adopted by the Oregon Democrats made the state almost unanimously Republican on national issues. All the Republican candidates in Oregon were elected by big majorities except the man named for governor. Oregon must be a lively place for a scratch-feast.—Globe Democrat, St. Louis.

The Salem Republican Sentinel, is mad and expresses itself thus vigorously: "There is at least this satisfaction: Geer will not be governor after next January. It remains to be seen if he can succeed Simon as U. S. Senator. He made victory possible for the democrats in Oregon. He assisted Oregon democracy in administering a reprimand to President Roosevelt, and will a republican legislature reward him for this treachery? Will any republican senator or representative endorse his dishonorable metods by voting for him for U. S. senator? We think not."

Taking his own case as an example Editor Roberts, of the Myrtle Point Enterprise says: "The revision of the Presbyterian creed seems to be worrying a lot of editors who haven't been to a church since their mother took them there."

Senator Elkins has offered a resolution in the United States Senate for the annexation of Cuba.

Governor Gage has commenced libel proceedings against the San Francisco Call.

The Productive Umpqua Valley.

The Editor of the PLAINDEALER, accompanied by Attorney C. S. Jackson, enjoyed a very pleasant jaunt to the country Sunday afternoon awheel. Proceeding down the river on the west side about five miles at a point opposite Mr. Davenport's place a boatman's services were secured and we crossed the river to the east side and visited the fine strawberry field of Mr. Davenport, where for two weeks the family of Mr. Buckmaster, of Coos county, has been employed picking and packing the fine berries for the market and several days yet will be required to gather the crop, which is universally large this season, and the prices obtained both in the local and Portland markets have been very remunerative, good wages have been made by many families in the various Umpqua Valley berry fields this season, and a very pleasant outing enjoyed at the same times. The fruit crop in this vicinity seems to be the heaviest in years and all small grain looks particularly fine, the spring season having been favorable for late sown grain, most of which will probably be cut for hay. The large fruit orchards, especially prunes and peaches promise an abundant yield throughout the Umpqua Valley, and the cultivated hills, green waving wheat, oat fields and pastures, golden tinted barley fields and heavy laden apple, prune and peach orchards on the hill farms along the Umpqua, present a beautiful picture just now and one which seems to promise a rich and well deserved reward for the honest and industrious tiller of the soil.

The trip home was made by way of Elkenower and Riverside and happy, prosperous looking homes were in evidence on every hand. The future of Roseburg and the fertile Umpqua Valley is certainly most promising.

To the Memory of John Boyd.

Once more the angel of death has hovered over our fair city and has taken from our midst one whose bright smile and sunny disposition gave him a place in our hearts that no other can fill.

In the person of Johnnie Boyd we lost an esteemed friend and something more.

There was a tranquil unobtrusiveness in his manner, a genial welcome in his presence that endeared him to all he met and made friendship everlasting.

Kind, good-natured, congenial, with a frank outward manner, and a natural aptitude for making people happy, he left a state fragrance alone in the hearts of many.

He found happiness in the happiness of others, and we will know him back in our schoolboys, he a bright companionable lad, ever ready to share in our many sports with his youthful vigor, never failing to put a word of praise or comfort in its proper place among his many schoolmates.

One year ago we knew him in all the vigor of youth, good humored, plain spoken, genial, while today all that is earthly of Johnnie lies in a beautiful casket beneath the sod.

What a pity it seems that all of the best things that come before us in this life are fastest fleeting. Yet, what finer tribute to our standard of civilization, than the passing of a character like this?

He was of the highest model of the American boy, and though our grief shall melt in tears, we must find solace in the never ceasing hope, that we may again know that bright smile and sunny disposition in a better world.

What a noble soul departed—John Boyd.

A NEAR FRIEND.

Grand A. O. U. W. Parade

PORTLAND, June 15.—The grand A. O. U. W. parade, last evening, was participated in by about 5000 men, who marched through the principal streets of Portland, while thousands of citizens crowded the sidewalks the entire length of the line of march. The parade was reviewed at the Portland Hotel by Supreme Master Workman A. C. Barwick and the representatives to the Supreme Lodge. This was the greatest demonstration ever made in honor of the Supreme Lodge. No award of premiums for the best-appearing lodge has been made. At the drill team contest at the Exposition building last evening, Protective Lodge, of Salem, took first prize, and Portland Lodge second prize.

Probate Orders.

JAS. H. DARLING, admr. of the estate of Anton Lau, deceased, presented his final account for settlement. The day set for this action was July 12, 1902.

I. F. RICE, admr. of the estate of Aaron Rees, deceased, filed a report showing that at the end of June there will be on hand a sum of $2,500 with which he could pay out standing claims against said estate, at the pro rata of 25 per cent of the face of those allowed. This was ordered to be done.

The bond of Jane Adams, guardian of Henry and Kate Adams, minor heirs of the estate of Henry Adams, deceased, was filed and approved. John Hall, Willis Kramer and A. F. Cornutt were appointed appraisers of said estate.

THINKS WE WOULD ENJOY IT.—The Roseburg PLAINDEALER is threatened with a libel suit. Bro. Conner would no doubt enjoy a little notriety of this kind.—Myrtle Point Enterprise.

TO ROSEBURG PEOPLE.—For some weeks I have been solicited by numerous Roseburg friends to apply for the principalship of the schools of this city. While I desire to express my thanks to these good people for the confidence they repose in, and the honor they seek to do me, I must add that I am practicing law and have no present intentions of changing therefrom.

Gratefully Yours, LOUIS BARZEE.

S. C. BARTRUM SECURES A PLUM.

Is Appointed Supervisor of the Southern Division, Cascade Forest Reserve.

Our worthy townsmen and fore some time past, traveling representative of the PLAINDEALER, S. C. Bartrum, received notification Saturday from Senator John H. Mitchell, at Washington, that he had been duly appointed supervisor of the Southern Division of the Cascade Forest Reserve to succeed Nat Langel, resigned, who with Supt. Armsby strongly recommended Mr. Bartrum's appointment. This comes as a well deserved promotion for Mr. Bartrum, who has given the government efficient service for three years past in the capacity of forest ranger, which has given him much practical and valuable experience in this branch of government service, as well as thoroughly acquainting him with this division of the Cascade Reserve. The PLAINDEALER and Mr. Bartrum's numerous Southern Oregon friends join in heartily congratulating him upon his appointment and well deserved promotion. He is thoroughly qualified for the position, is a genial gentleman, whose strict integrity and faithful and conscientious discharge of any duties or obligations devolving upon him has won for him the highest esteem of the public within the range of his acquaintance. That he will render the government efficient and faithful service in the capacity of supervisor of this division of the forest reserve his many friends stand ready to guarantee. The appointments, if any have yet been made, for supervisors of the Central and Northern divisions of the Cascade Forest Reserve, have not yet been announced.

NEW DEPOT FOR COTTAGE GROVE

Will be used Jointly by S. P. and O. & S. Railways--New Sawmill.

COTTAGE GROVE, June 13.—General Manager Koehler, of the Southern Pacific Company, arrived this morning on a special car and completed negotiations with Long & Bingham for the yard grounds pledged the railroad company some time ago.

In consideration of the grant a new depot will be erected immediately. The new structure will be built where the present depot stands, only a little further back, so as to admit of another track. The new building will be used by the Oregon & Southeastern road as well, and will be a passenger and freight depot combined. It will be 28x112 feet.

TWO NEW ENTERPRISES.

COTTAGE GROVE, June 13.—The new saw mill to be built in the Long & Bingham Addition to this city, mention of which has been made, is now an assured go, the order for the machinery having been placed with a Portland firm this week. The mill will originally be 30,000 capacity, and as soon as the Bohemia railroad line can carry logs from the timber land already obtained by the company on Row River, the capacity will be increased to 100,000 feet. Long & Bingham will hold the controlling interest in the plant, and Mr. Bingham stated today that the mill will be in operation 60 days from date.

Another important improvement already under way is the erection and equipment of a new hotel. The large flouring mill building formerly owned by J. C. Long & Son, the machinery of which was shipped to Hood River this spring, where it is to be installed in George Long's new mill in that section, will be remodeled and refinished for this purpose, the work having already begun. The elevator is being torn down and the addition to the main building is being raised to the height of the main part. The hotel will accommodate at least 100 guests, and is expected to be completed in 30 days.

W. C. U. U. Items.

The seventh annual convention of the Woman's Christian Temperance Union will be held in the M. E. church at Roseburg, June 25, 26, 27th. We hope Unions will send full delegations. The Roseburg Union will provide free entertainment and will try to make it as pleasant and profitable as possible to all who will attend.

We are glad to note the new interest taken in the Union and gain in membership. We urge local treasurers to see that state dues are sent in to the state treasurer that we may have due credit. All county dues should be sent to the county treasurer, Mrs. Amy Merriam, Riddle, immediately.

The second evening of the convention a gold medal contest will be held. All those holding silver medals in the county are invited to take part. Mrs. Jennie Scott, of Riddle, is county superintendent. A full program of the convention will be printed later.

Youngest Shriner in Oregon.

Following a good picture of J. O. Johnson Jr. in Sunday's Oregonian, the following sketch appeared regarding a well known and popular young man of Drain, this county: The distinction of being the youngest Shriner in Oregon belongs to J. O. Johnson, Jr., of Drain. He has been in Portland since the day of the opening of the Imperial council, and has largely assisted Captain Brown and John Dukehart in the entertainment of the visitors from the different temples. Mr. Johnson is a native of Oregon.

CHILD MURDERER CAPTURED.

Paul Underwood Apprehended at South Bend.

SOUTH BEND, Wash., June 14.—Paul Underwood, accused of the murder of his three-weeks-old baby, was captured about 6:30 o'clock this morning near here after a two weeks chase. From the start the officers have been trailing him, all experienced woodsmen, keeping the trail, while the others sought to head the fugitive off by beating the woods ahead. As usual, they started out at daybreak this morning, and at the hour stated Sheriff Cudihee saw Underwood come down a hill, and the latter, evidently spying the officer, dropped into the tall grass on the tide land at the bottom of the hill, but gave himself up promptly when Cudihee came up to him. He had about half of his supply of provisions left when captured. He was taken to a barber shop for a shave and then to the jail. His first wish was for a glass of bare, which was not gratified.

UNDERWOOD TALKS FREELY.

Underwood talked quite freely when assured that he would be treated fairly. He said:

"My baby was dead when I threw it in the water. This is the honest God's truth. I had to take most of the care of the baby from the start, for I loved my baby I confess, more than I did my wife. She did not seem to have so much love for it. It slept on my arm at night, and I had to wash and take care of it. It then took sick. I got some catnip tea, which did not seem to do it much good. It would nurse all the milk my wife had, and I would feel it more out of a cup, and then it would throw it all up. Mrs. Hetzler told me it might have the Spring fever, and if it had it could not live. Friday night, before we left it was the most ill. I told her we would sell everything and move to Aberdeen, where my mother would be glad to care for it. Her parents did not know that she had a baby; but my mother did, and she told me to bring it home."

Underwood fairly raged when informed that his wife was reported to have expressed ignorance of how the child was made away with, and had laid the blame on him.

"She knows that is a lie," he said. Why don't she tell the truth and be done with it. She wanted me to get rid of the baby, and I refused to do it. She said she didn't want any babies, and I told her that it was no use for us to live together then. Why, she held one side of the sack when we dropped the baby into it with the rock, and then jolted the bag. She knew all about what I was going to do when I dropped the baby in the water. If I had wanted to drown the baby I would not have gone that long distance to do it. I could have done it at Ballard, when we were going to catch the street-car to take the train for Aberdeen.

"It began to groan and then to cry. It had not slept well for two nights, I happened to have along a little bottle of chloroform I had bought for my wife to take during her illness, but Mrs. Hetzler said it was dangerous to use it unless a doctor was present, and I did not use it then. The baby needed sleep, and I put a few drops on my handkerchief and put it over the baby's face. It stopped crying. A little while afterward it groaned and seemed to be gasping. Then it became limber. It stopped breathing and began to grow cold. Oh, I loved my baby. Then I put my ear down to its breast and its heart had stopped beating. We put it in the sack and threw it into the water. we ought to have remained and given it a decent burial. This is God's truth. I shall tell this story on the witness stand. It was a healthy baby, and with proper, intelligent care it would have lived."

CHASE IS AT AN END.

Posse Abandons Effort to Capture Tracey and Merrill.

SALEM, June 15.—No trace of Tracey and Merrill, the escaped convicts, has been found since they left the Graves farm, near Needy, Thursday afternoon. Reports from New Era and Barlow yesterday evening, to the effect that the outlaws had been seen in those vicinities, turned out to be canards. Tracey and Merrill have disappeared as completely as if the ground had opened and swallowed them.

Superintendent Lee, of the Penitentiary, and Sheriff Durbin are holding a conference this afternoon, to plan a course of action for the future. There is little probability that the chase will be resumed unless the convicts shall be heard from again.

SALEM, June 14.—Sheriff Durbin and all members of his posse including the militia, and Mr. Carson with the bloodhounds, returned last evening from their futile chase of the fleeing convict-murderers. They reported that the rumor of the convict's visit to Barlow and New Era yesterday morning was untrue, and that they are still in the country eastward and north from Needy, Clackamas County. Mr. Durbin holds himself in readiness to resume the chase as soon as Sheriff Cook, of Clackamas County, shall notify him that the fugitives are again located.

WHY NO ONE WAS HURT.

While there is considerable criticism of the manner of the pursuit and its failure so far, the fact that no casualties have resulted has mitigated the dissappointment and has generated a feeling of thankfulness to Sheriff Durbin among the relatives of those who constituted the pursuing party.

Offers $3000 Dead or Alive.

SALEM, Or., June 14.—The reward for the capture, dead or alive, of Tracey and Merrill was last night increased to $3000, or $1500 for either man. The reward of $500 for information that will lead to arrest and conviction of the party or parties who furnished the convicts with rifles and ammunition remains unchanged. Charles Ferrell, of Reno, Nev., brother of Frank Ferrell one of the murdered guards, last night offered an additional reward of $100 for the capture dead or alive, of Tracey, who is known to have killed Ferrell.

The law prohibiting prize fights is not intended to apply to physical culture contests between husbands and wives.

MR. BOOTH INTERVIEWED.

Roseburg Land Office Besieged by Entrymen.

PORTLAND, June 12.—J. H. Booth, receiver of the Roseburg Land Office, was in the city on business today. He says the receipts of his office have been unprecedentedly large this year on account of the rush for timber claims.

"The demand for timber in the counties of Josephine, Curry, Lane and Douglas," he said, "bids fair to transfer the Government holdings to the hands of private citizens in a little while longer. In fact, the bulk of the land is taken up now, and only a small proportion remains to be entered.

He looks for a very active Eastern demand for timber lands in large tracts this year, and knows of a large number of inquiries from capitalists who desire to purchase for future use.

"Timber land cannot help advancing very rapidly in value under the influence of this demand," he said, "and this year will probably witness enormous sales. I notice that the Southern Pacific Company has withdrawn all its timber lands from the market, pending a rise in value, and this move alone will have a tendency to raise the price of timber land all over the district of the Roseburg Land Office. The company will sell only isolated tracts and has decided to reserve all its large bodies indefinitely.

"Homestead entries have been more numerous than timber land entries of late," he said, "and this shows that the coast counties are settling up with a desirable class of people who intend to stay in the country. There is not so much money in homestead entries for the Government as there is for the timber lands claims, however, as the latter brings $400 each for every quarter section taken up. The fees for the homestead are comparatively small, but the entryman must live on the land and proceed to make it his home according to law."

IMPORTANT SCHOOL MEETING.

Principal and Teachers Employed for the Year.

An important meeting of the Roseburg school board was held Friday evening and among other business the selection of a principal and teachers for the ensuing school year occupied the attention of the directors. For principal Professor C. M. Saunders of Seattle, was the choice of the board. Prof. Saunders comes to us highly recommended as a practical and up-to-date educator, as well as a splendid gentleman. He held the position of principal of the Dallas academy for some time and is well and favorably known throughout the northern portion of the state.

All of the teachers of the various grades were re-employed except Misses Smith and Bently who did not apply for their respective positions for another year.

Miss Cook, who taught two months in the Canyonville public schools during the last school year was employed to fill one of the vacancies caused by the non-application of one of the above mentioned young ladies. The newly employed principal and his able corps of assistants will no doubt be able to give our school patrons complete satisfaction and receive the same hearty support and encouragement which was accorded Prof. Traver and his able assistants, who have been so successful in building up the school to its present high standard.

ANNUAL SCHOOL MEETING.

The annual school meeting for Roseburg District No. 4, passed off quietly this afternoon, the school patrons seemingly being very well pleased with the present management of the affairs of this school district.

The meeting was called to order and presided over by chairman of the board, F. W. Woolley, W. C. Conner being chosen secretary.

Miss Clara Dillard, clerk of the district, presented and read the annual report and financial exhibit which showed a total enrollment of 755 pupils for the year, against 741 for last year.

Cash on hand at time of making last annual report $2536, there being at the same time an indebtedness of $1,017 on the new addition to the school building. The financial statement presented today showed that during the past year this $1,017 indebtedness had been entirely wiped out, with a cash balance on hand of $3,168 19.

F. W. Woolly and Miss Clara Dillard were practically re-elected director and clerk respectively by acclamation, there being no opposition whatever to their re-election and but twelve votes cast. Mr. Woolley was re-elected for a three year term as directory and Miss Dillard, for clerk for one year, this being her fifth term. The board now comprises B. W. Strong, chairman, S. C. Flint and F. W. Woolley.

D. S. T. West, having accepted several old and reliable fire insurance companies is now prepared to do a general fire insurance business. Insure with him. Office at the City Hall. tf.

Patronize Home Industry.

Prove your loyalty to home industry and use Douglas County Fancy Creamery Butter. Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for *catarrhal troubles*, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Notice for Publication.

United States Land Office,
Roseburg, Oregon, May 27, 1902.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892.

ZEPHERINE BROOKS

of Burlington, county of Skagit, state of Washington, has this day filed in this office his sworn statement No. 3756 for the purchase of the north west quarter of section No. 8, township 31 S., of range 3 west and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Thursday, the 16th day of September, 1902. He names as witnesses: John Slater, William Smith, Sanford Slater and Leonard Brooks, all of Burlington, Washington.

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 16th day of Sept., 1902. J. T. BRIDGES, Register.

Harness Oil Blacking

Put up in the consistency of cream, and positively will not gum or mold. Gives the leather firmness, yet makes it soft and pliable. Preserves the leather and stitching from inclement weather and gives the harness a neat and finished appearance. Really makes old harness look new and will make it last twice as long by the use of 1900 Harness Oil. It is also equally good for boots and shoes. Manufactured by J. W. MOTE, Roseburg, Oregon. On sale at Blodgett's Harness shop. (8p)
