LATE NEWS SUMERIZED.

State, General and Foreign News Condensed for the Perusal of the Busy Reader.

A. R. Barler, a postal route inspector, reports 3500 people now in the new Thunder Mountain, Idaho mining camp.

A dispatch from Medford says, the prospects for the fruit crop in Southern Oregon are better than in many years.

If all the lands in the United States planted in corn this year was sowed its area would equal the British Isles, Holland and Belgium combined.

The S. P. Co are preparing to send out forest rangers to protect their timber lands from forest fires. They consider their timber valuable enough to warrant special attention in this respect.

David Hume the well known Oregon cannery man, died at his home on the lower Columbia Thursday. Several brothers survive him who have also been identified in Oregon's upbuilding.

It is said that one of the largest ranches, if not the largest, in the world, is owned by a woman, Mrs. John George Adair. This ranch is said to comprise over 1,000,000 broad, rolling Texas acres.

A three days shooting tournament for the entire Northwest began in Portland Thursday. It was participated in by the crack shots of Oregon, Washington, Idaho, Montana and B. C.

A remarkable tale of an escape from a terrible death is brought from Falls City, Oregon. Little Archie Montgomery fell into the slab chute of the mill. He shot down the chute 100 feet, and was hurled through the air a distance of 50 feet before lighting. Strange to relate, he was not injured in pieces, but crawled back 10 or 12 feet before being rescued. Aside from several bruises, he was none the worse for the accident. A heavy man would have been killed outright.

Friday afternoon J. C. Harmon, a car repairer, while working under a car at Grants Pass, had a leg cut off at the knee joint. A train was switching in the yards and left four cars on a siding. Harmon thought the train had gone and crawled under the rear car to do some repair work. The train, unnoticed, backed into cars, which ran over and smashed his leg. It is doubtful if Harmon will recover. He was an old employe in his line of work.

PRESIDENT OF THE SENATE

Senator R. A. Booth is Mentioned as a Candidate

The Portland Telegram, in mentioning candidates for president of the next Oregon senate, says:

"While his district consists of Lane, Josephine and Douglas, the nominal residence of Senator Robert A. Booth is at Grants Pass. His career in the legislature is declared to be a credit to himself and the party. One thing is certain, Senator Booth is a popular man, and if it came to a long-drawn-out fight he would probably stand the best show of carrying off the capital prize. This is considered as the last year Booth will be in politics, as his lumber interests are so extensive that it will soon require the undivided attention of his partners and himself."

A New Fish.

TACOMA, June 26.—J. W. Blackwell of this city, Superintendent of the Skomish fish hatchery, has succeeded in propagating a new fish. It was bred in from a cross of the silver salmon and the chum or dog salmon, and is a very bright yellow in color, appearing in the water as pretty as a goldfish.

Blackwell has about 10,000 of these little fish in the hatchery, and is watching the experiment with much interest.

Bill Goes To President.

WASHINGTON, June 25.—Morgan presented the conference report on the canal bill, and it was adopted. This passed the bill and it will be sent to the President. An amendment was agreed to in the general deficiency bill appropriating \$45,000 to cover all unpaid expenses incurred on account of the illness and death of President McKinley, including compensation to the physicians, no payment to be made to any employes of the Government. The deficiency bill was then passed.

Breaks all Auto Records.

CLEVELAND June 26.—Alex Winton today made a mile here in 51 1-5 seconds with an automobile, breaking all records.

Porto Rico to Be Represented.

WASHINGTON, June 26.—The House committee on rules has unanimously agreed on a rule for a resolution giving the Commissioner from Porto Rico the right to the floor of the House of Representatives.

Bargains in Wheels.

We have in stock several second hand bicycles which we will sell at very low prices or trade for wood.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at A. C. Marsters & Co.

LATEST NEWS.

Aguinaldo to be Given His Freedom July 4--Coronation of King Edward Postponed.

AGUINALDO TO HAVE FREEDOM.

WASHINGTON, June 27.—At the cabinet meeting today it was agreed to issue a proclamation of amnesty for all political prisoners in the Philippines to take effect on the Fourth of July. It includes Aguinaldo and all others like him.

DEWEY'S ACCOUNT--DISTRUSTED AGUINALDO

WASHINGTON, June 27.—Resuming his testimony this morning before the Senate committee on the Philippines, Admiral Dewey gave further details regarding the arrangement he had with the Governor General for the surrender of Manila just as soon as the American troops arrived to take possession. He says he fired a few shots at Fort Matate and then signalled the Spaniards asking them if they surrendered. A few seconds later a white flag was hoisted by the enemy. It was fully understood among the squadron that there was to be no resistance by the city. He continued all his preparations for battle, however, as neither he nor General Merritt trusted the Spaniards. Continuing Admiral Dewey gave it as his opinion that Aguinaldo went to Manila for the sole purpose of gain—for loot and money.

CORONATION TO OCCUR IN EARLY AUTUMN.

LONDON, June 27.—From an equally authoritative source, the Associated Press learns that the King reads and converses continually with the Queen and the Prince and Princess of Wales. All that the doctors insist is that he shall not discuss matters requiring careful weighing. The government officials expect possibly within a week to fix the approximate date of the coronation, which will probably occur early in the Autumn.

BRYAN WAS SNUBBED.

LINCOLN, Neb. June 27.—W. J. Bryan has announced that he was not invited to the Tilden Club banquet in New York, adding that if he had been, he would have responded, explaining why he would not attend a political banquet given in honor of one who twice opposed the Democratic ticket and has never since announced his intention to return to the party.

NO PLACE FOR AMERICAN WORKMEN.

NEW YORK, June 27.—Hundreds of indigent Americans now in the island are petitioning the Minister for aid, says a dispatch to the Herald from Havana. This prompted Minister Squiers to call a meeting of the Americans in the Legation, when liberal subscriptions were made to send the needy Americans to the United States.

PECULIAR DOUBLE HANGING.

PATTERSON, New-Jersey, June 27.—A Polish man and his wife were found dead, hanged in an attic today. They had hanged themselves with the same rope, one dangling from each end of the rope.

HOUSE TO ADJOURN.

WASHINGTON, June 27.—The leaders of the House have informally settled on next Tuesday as the date of adjournment.

THEIR WAGES INCREASED.

PITTSBURG, June 27.—All the unskilled employes of the Carnegie Steel Company, nearly 15,000, have had their wages voluntarily increased 10 per cent. This will make the wages of the lowest laborer \$1.65 a day.

CHINESE COMMIT MORE DEPREDATIONS

PEKIN, June 27.—The Viceroy of the Province of Szechuan has notified the Government that the American and British mission buildings at Tien Ku Choa have been destroyed by a mob and that a missionary has been murdered. His name and nationality were not reported. An imperial edict just issued deprives the local magistrate of Tien Ku Chao of his rank and orders the extermination of the rioters. Several of the leaders of the outbreak are reported to have been beheaded. Apparently this was an anti-indemnity riot, like those which have occurred elsewhere in China.

SUING SOUTHERN PACIFIC.

PORTLAND, June 27.—The case of Mrs. R. H. White, as administratrix of the estate of William H. White, against the Southern Pacific Company for \$5000 for the death of her husband, while in the employ of the company as an engineer, was taken up before Judge Bellinger, in the United States Court, this morning. Mr. White was killed in Marion county in December, in an accident alleged to have been due to the spreading of the rails, and an effort to settle the matter out of court in a satisfactory manner was not a success.

CASTRO'S STAR IS WANING.

NEW YORK, June 27.—Ships arriving here today from ports in the Spanish Main report considerable fighting in Venezuela. The forces of President Castro have been repeatedly defeated, and his overthrow is forecasted. It was said his government could not last 14 days at the time the ships left port. The whole country is in a state of turmoil.

LIKELY TO ISSUE A CALL.

Governor Geier Favours a Special Session And Will be Petitioned to Make the Call.

SALEM, June 27.—The enactment of a law which will place all state officers on flat salaries and require all fees to be paid into the state treasury.

The enactments of a law which shall provide the details of procedure by which the initiative and referendum privilege shall be exercised.

The appropriation of a sum of money in aid of the Lewis & Clark Exposition to be held at Portland in 1905.

The vote on the matters which are to be legislated upon at the special session of the Oregon Legislature which it is now conceded is almost a certainty for next winter. Governor Geier has not as yet made any definite statement as to whether he will issue the call, but the fact that a very general sentiment seems to prevail that flat salaries should be the order for the next state government, it is believed that the special session will be called.

In case it is so decided the session would probably cost about \$25,000. The time of holding such a session is limited by law to 29 days, which, in the opinion of the supporters of the scheme would be ample to settle the matter.

Petitions are now being very generally circulated over the state, asking the Governor to issue a call before the meeting of the next Legislature.

The Official Vote

SALEM, June 26.—Secretary of State F. I. Dunbar this afternoon made public the official abstract of the vote for state and congressional officials at the recent election. The total vote was 92,920. As the vote for Governor is canvassed by the Legislature, the vote for that office is not shown. The returns heretofore published show Chamberlain's election by a plurality of 156 votes.

Character of Prince of Wales.

NEW YORK, June 27.—A cable to the World from London says: Everybody's thoughts are turning to the Prince of Wales. "What manner of man is our future King?" the British are asking. The necessity for the question tells its own tale.

The Prince of Wales is a negative, uninteresting character, who has never made any impression on public sentiment. He is also insignificant in appearance, mind and ambition. He lacks entirely the geniality, tact and kindness of his father. He never has shown a marked passion for anything except stamp collecting and fishing.

He has avoided taking the social lead his position as Prince of Wales gives him. He leads no set. He is dull and rather shy and retiring in society. When he attends functions it is so manifestly a disagreeable duty that his presence acts as a damper. Unlike the King who loved to enjoy himself and see every one bright and gay around him, the Prince is subject to fits of intense depression, when he is unapproachable. With the family history of insanity in his mind, the increasing frequency of these attacks have caused his circle no small concern. He is said to entertain great contempt for the King's innates, especially the plutocrats, whom he loses no opportunity in snubbing.

He cares nothing for the arts, the drama or literature. He has inherited his mother's obstinacy about trifles, and resembles the late Duke of Edinburgh in his liking for the wine cup.

King Edward is known to have the liberal tendencies in politics and the humanitarian instincts of his mother. The Prince has never shown the slightest concern about public affairs, and it is greatly feared that he may fall under the influence of a clique of obscure Tory aristocrats, whose company alone seems to attract him. Under his sway the court is expected to resume the dowdyish character which his father has abolished.
