BARNUM, Traveling Solicitor. Twice-Week Plaindealer, per year, \$1.50 Entered at the Post Office in Roseburg, Ore., as second class mail matter. Advertising Rates on Application. JUNE 30, 1902. Williamson lacks only one vote of having 8000 plurality. Judge Bean comes in at the head of the Republican ticket, as he well deserved to do. He has a plurality of 17,140 votes. If the Boers have decided to be loyal subjects of King Edward the British empire can boast of some mighty good marksmen. As far as heard from, Mr. Cleveland still refuses to embrace a Populist platform for the sake of getting votes for his party. The canal bill has gone to the President. The dream of a century is to be realized, and the Atlantic and Pacific are to be joined. King Edward is rapidly recuperating, and is likely, according to reports at this writing, to become as well or better than ever, at which all the hospitable world rejoices. And nobody in Oregon who went down after oil, struck it, after all—San Jose Mercury. But several of them are still going down and are not intending to soon give up the search. Well, how do the Democrats like it. The average Republican majority in Oregon at the last election was 15,036. Evidently Oregon is a "safe" Republican state, even if it did elect Chamberlain for Governor. Every county in Oregon gave a majority for the four principal Republican candidates—not counting governor. Mr. Whitney, candidate for State Printer, lost only Baker. It begins to look like Oregon is Republican; not in spots, but all over.

The first thing those Southern Oregon forest rangers should do is to put on the fire under Crater Lake which is causing its waters to boil. If they don't we may have a first class national park spoiled—Register. Supervisor Bartram will please take notice and issue orders to his rangers embodying the above timely suggestion. The Plaindealer has become member of the National Publishers Association, of Minneapolis, Minnesota, an association which aids its members in securing business and insures the publisher against the loss of regular and transient subscription and other accounts. It is not an exclusive collection agency, but an association organized for the mutual protection of its members and their general advancement of their interests, through which membership the country newspaper man is aided in many respects. This association fills a long-felt need in the newspaper field. Anybody but Geer himself can see that he has not the ghost of a show of being elected to succeed Simon. Geer has no supporters in the coming legislature. The republicans say he was not the nominee of their party, but got on the ticket by petition, therefore they are in no way obligated to support him, while a democrat who would vote for Geer would commit political suicide. There is, candidly, so far as we can see, not a single reason why Geer should be elected U. S. senator, except that he is unwilling to let go of the public test. His skulking out of Salem on the occasion of the grand Republican rally held in that city just prior to the election on which occasion he had previously agreed to preside, and his disloyalty and disinterest manifested in his party and its success during the late campaign, has placed him in general disfavor with the Republicans throughout the state and has relinquished any claim he may have had for further recognition, favors or honors at the hands of his party.

King of Danger. LONDON, June 29.—The following bulletin was issued from Buckingham palace late today: "The King has passed a fairly comfortable day and his strength has been well maintained. The surgical wound still causes some discomfort. Signed, Treves, Barlow, Laking." The word "discomfort," used in connection with the wound is not regarded as having special significance, and it is announced that the transfer of His Majesty from the bed to a wheel couch caused the royal patient no pain. The illumination fixtures are being generally retained, and will be lighted up when the expected announcement is made that the king is out of danger. Chrysanthemum Show. The Ladies Aid Society of the M. E. Church will give a Chrysanthemum Show in the fall and would like to have the cooperation of all flower growers in the County. The prizes will be announced later. They will also hold a bazaar in connection with it at which they will sell articles suitable for Christmas gifts. Committee.

PRESIDENT SIGNS IT. Indian War Pension Bill Becomes a Law. SOUVENIR FOR OLD SOLDIERS. Pen With which Roosevelt Signed Will Be Sent Them. Will Soon Be Rewarded. WASHINGTON, June 28.—The Indian War veteran pension bill is now law. President Roosevelt affixed his signature to the bill today, and the pen with which he signed it has been turned over to Representative Tongue. The bill, as soon as printed as an act, will be sent to the Commissioner of Pensions, with instructions to use all possible dispatch in putting the law into effect. He will be directed to issue the necessary blanks, which will be furnished to claimants upon application, and will be ready to receive and pass upon claims and evidence as submitted. In view of the urgency of claims under this law, Representative Tongue has urged that all Indian War pensions be made special. In order to avoid unnecessary delays, the department cautions claimants to fill out positive answers to all questions that are embodied in the blanks, and to have all evidence sworn to before a notary public before being submitted to the Commissioner. Commissions of this character necessitate the return of papers to the claimant, and often occasion considerable postponement. Representative Tongue will forward the pen used by the President, as well as Speaker Henderson and President Frye of the Senate, in signing the pension bill, to the Indian War veterans of Oregon. He has had applications from the Oregon Historical Society for this pen, but holds that it rightfully belongs to the veterans and it they see fit to turn it over to the Historical Society he has no objection. Senator Mitchell, who introduced the bill, Senator Foster of Washington, who reported it, and Representative Tongue, who accomplished so much in getting it finally a law. In fact, all the Western Representative feel that a long fight has been won, and that meritorious services are to be rewarded.

DEFENDERS' OF FILIPINOS. Democrats Want Them to Take Stump in This Country. Boston, June 27.—The New England Anti-Imperialist League held a public meeting in Faneuil Hall last night when Bourke Cockran, of New York was speaker. Its object was to formulate a demand that the representatives of Filipinos like Aginaldo and Malina be permitted to come to this country and lay their case before the American people. Daniel Bradford, president, and reminded the audience that the Philippine War had cost over \$500,000,000. Mr. Cockran spoke with earnestness. He first took Cuba as the text for his remarks on the effects and distinguishing characteristics of imperialism. He charged bad faith in the treatment of Cuba. On oppression of the Cubans, he continued, had been more scientific, more drastic and more terrible than that of Spain, because it was being taken for the purpose of enriching a syndicate. The treatment of the Filipinos by the United States, Mr. Cockran declared, was the blackest page in history. He was confident imperialism had run its course, and that the whole matter would be settled at the next election. In outlining what he believed this country should do, he said: "We ask that the chiefs of the Filipino people come before us and inform us what they want, that we may judge whether they are fit for the high responsibilities of citizenship, or whether they be held in vassalage." A petition to Congress embodying the ideas of the meeting was circulated and signed.
