LATEST NEWS SUMERIZED.

State, General and Foreign News Condensed for the Perusal of the Busy Reader.

The sum of \$145,000 is to be expended in enlarging the quarters at the Vancouver barracks.

Marion county farmers are facing the question of a serious lack of harvest hands. Building activity in Salem is partly the cause of the shortage.

Tracy has two meritorious acts to his credit—killing Merrill and telling the truth about it. There is some virtue in the most depraved human nature.

The strike in the planing mills at Portland has virtually ended by the employers securing new hands and the old ones either securing other places or leaving the city.

Gov.-Elect George E. Chamberlain has been elected president of the Elk's Central Association at Portland, and E. W. Rows general manager. Seventh street has been selected for the site of the 1902 Elk's carnival. It is to exceed anything of the kind ever seen on the coast.

The report of the army uniform board now before the secretary of war recommends that the uniform of the soldier be made of a color known officially as "olive drab." Experiments demonstrate that this shade is less visible in the fields than any other color.

A man in Ohio named Walters, who has been working in a furniture store at \$9 a week, has been informed that he is heir to several millions. Now what will he do with his wealth? It may be a benefit to him, but in majority of such cases it turns out to be a curse.

The Great Central Land Company Friday elected officers as follows: J. W. Cook, president; T. C. Devlin, treasurer; John K. Kollock, secretary. The entire amount of its stock, \$25,000, was subscribed for. The Board of Directors authorized the purchase of a tract of land at Coos Bay. It is a matter of interest to know that the Great Central Company has already placed orders with Portland business men for hardware and commissary stores to the amount of \$20,000.

Oregon Briefs.

Salem.—Warrants for \$700 have been issued in payment of the expenses of chasing Tracy and Merrill while in Marion county.

LaGrande.—Thomas Hagley has sold a five acre apple orchard adjoining this town for \$3250. This is the high-water mark in realty here.

Eugene.—The North Fairview Mining Company, owners of a group of eight claims in the Bohemia district, have decided on opening up their property immediately.

Cottage Grove.—Henning Olson, a Norwegian employed here in railroad construction, lost an arm Thursday by falling beneath a train, the first accident on the new Bohemia Railroad.

Corvallis.—The regents of the Oregon Agricultural College met here Thursday and decided on the construction of a department of household economy.

Myrtle Creek.—W. P. Johnson has been given a site and railroad concessions by local people for the erection of a sawmill with 1,000,000 feet capacity. He will start work at once.

Shaving Tracy.

Imagine the "nerve" of Tracy, sitting in a chair and permitting a young man to shave him up there at Emmelaw, Wash., with two other men in the room. What murderous possibilities there were in the position of that young man, and how well the convict understood human nature in that he guessed that his prototype barber would proceed peacefully to his task and not draw that razor across his convict throat and end the life that is so much sought, and upon which has been placed so liberal a price. As suggested herein, it was more reckless. It was keen judgment of human nature. His tonsorial artist could easily have obtained that reward, had he chosen to do so, yet Tracy believed that he would not, and believed rightly.

State Normal at Drain.

The State Normal School at Drain opens on Monday, September 8th, with a full faculty of special teachers. Physical education becomes a part of the work of the coming year, with a man as director, of successful experience.

"Actual business" takes the place of formal book-keeping. English and mathematics will be put on a stronger and more practical basis, the science and history laboratory will be strengthened; the teachers training class will be made more efficient. A teachers' review class will be continued. Special privileges will be extended to teachers having a certain experience, to avail themselves of the benefits of the training department. Improvements of school building dormitory will be made. Expenses low. Write for catalogue. (J25.) J. H. ORCUTT, President.

HO, FOR NEWPORT!

Oregon's Favorite and Popular Seaside Resort.

Recognizing the advantage of Newport as a summer resort over other seaside resorts in the northwest, and to make it possible for all who desire to do so to spend their vacation by the ocean waves, the Southern Pacific Company in connection with the Corvallis & Eastport railroad, will place on sale, effective June 15th, round trip tickets from all points in Oregon on the Southern Pacific to Newport, good for return until October 10th, at specially reduced rates.

For full information please acquire of your local agent.

LATEST NEWS.

Burial of Merrill—Tracy in Mine—Lane County Murderer Caught—Coronation—Other News

SALEM, July 17.—The body of David Merrill was received by Superintendent J D Lee, of the penitentiary, this morning from Mrs. Wagoner and Sheriff Degler, of Chehalis, and was buried in the Salem cemetery. When the 11 a. m. train arrived Superintendent J D Lee met it at the station. Mrs. Wagoner and the Sheriff arrived, and Lee asked which of the two had the body in charge. The lady, claiming to be in charge of the remains of the dead convict, was informed that her claim to the reward would be ignored, but that a reasonable settlement would be made with her for returning the body. Mr. Lee asked the woman: "Do you guarantee the body to be that of Convict Merrill?"

"I do," said the woman.

Lee then said, "I wish you to understand before I receive it that I shall be compelled to ignore your claim to a reward, but I will settle with you liberally for the return of the remains."

"The body was then taken to the prison, the box enclosing the casket was opened, and the authorities made an examination of the badly decomposed remains. It was almost impossible to recognize the face of Merrill in the casket. The remains were neatly dressed in a black suit and enclosed in a sealed coffin. Burial was had without ceremony in the prison yard.

JUDGE CAKE'S OPINION.

To the query whether or not Mrs. Wagoner should have the reward offered for the body of Dave Merrill, dead or alive, Judge Cake said this morning:

"Morally, I would say yes. From a legal standpoint I have nothing to say, because I have not given the matter a thought in that respect. I can see nothing in the way to deprive the woman of the money if she is treated right. She found the body and that settles it. As I understand the wording of the offer, it is for the return of the bodies, dead or alive, and certainly Mrs. Wagoner has found Merrill, though dead, and has returned the body to the authorities at the penitentiary, and they should not hesitate at all to give her the money, or that portion of it offered for the capture of either of the convicts."

LIGHTS IN AN OLD MINE.

SEATTLE, July 19.—Strange lights were seen in the old Danville coal mines, one mile from Lake Sawyer, and as the mines have been abandoned for many years, suspicion attaches to the unusual occurrence as being a new clue to the whereabouts of Tracy and his pals.

LANE COUNTY MURDERER CAUGHT.

EUGENE, July 18.—Deputy Sheriff Fred Fisk received a telegram today from Wells, Nevada, informing him that the sender, Sheriff W. W. Withers, of Lane county, had caught Bert Heaton, alias Ray, wanted for the murder of Bartender Benton Tracy in Al Waddle's saloon in Junction City, on the 20th day of last May. Sheriff Withers began active pursuit of Heaton on June 24th, and has steadily trailed him up to the time he arrested him at Wells. The crime committed by Heaton was a most brutal one and for the sole purpose of robbery. He secured about \$300. He will be brought to Eugene for trial.

PLANS FOR CORONATION.

LONDON, July 17.—The reports regarding King Edward's health continue to be most satisfactory. He will remain on the royal yacht off Cowes, Isle of Wight, until August 8, and will return to the roadstead after the coronation.

It has been definitely decided that the British fleet will reassemble off Portsmouth for the coronation review. The Japanese squadron has been instructed to return there, and it is understood that other foreign countries will also be represented.

KING WILL BE CROWNED AUGUST 9.

LONDON, July 18.—An official notification was issued this morning that by the King's command, the coronation of King Edward and Queen Alexandra will take place August 9th. Two rehearsals of the procession from Buckingham Palace to Westminster Abbey took place this morning and the officials of the various state departments concerned in the Abbey ceremony are again busy with preparations for the crowning.

O. N. G. ENCAMPMENT CURTAILED.

ALBANY, July 19.—The adjutant general of the O. N. G. has issued an order curtailing the encampment now in session here to six days, so that under the order it will be necessary for the men to be at home by Tuesday evening next, necessitating the breaking of camp Tuesday morning. This is on account of a shortage of funds, a fact to be regretted.

NEW MAINE IS A FLYER.

PHILADELPHIA, July 18.—The new battleship Maine, built by the Cramps to replace the ill-fated Maine, returned to this city after a satisfactory builder's trial at sea. The new war vessel proved herself to be a very speedy ship for her size, she averaging 18.29 knots an hour over a measured course. Her contract called for a speed of 18 knots. In a preliminary run last night the Maine, for 30 minutes, ran at the rate of 19.95 knots an hour, an extraordinary speed for a vessel of her displacement.

ANOTHER GOOD CHOICE.

Walter B. Dillard, Chosen Principal of Kiddle Schools.

Walter B. Dillard, A. M., of Goshen, and a graduate of the University of Oregon with the class of 1901, has been elected principal of the schools of Kiddle, Ore. Mr. Dillard not only holds an A B degree from the University but also the master's degree, having attended for a period of seven years. Since his career as a student Mr. Dillard has been engaged in teaching, having taught for a number of terms in districts 9 and 65 in this county. Last year he held the chair of language in the High School.

Mr. Dillard is an athlete of no small ability. He was a member of the U. O. track team during the seasons of 1898, 1899 and 1900.

The board of directors of the Bible schools should feel themselves particularly fortunate in securing the services of Mr. Dillard for the ensuing year.—Eugene Guard.

Distinguished Visitors to Crater Lake.

Some distinguished people will be at Crater Lake in August. Governor and Mrs. Geer have positively said they would go. Congressman Tongue and one of his daughters, or Mrs. Tongue, will make the trip. F. H. Sewell, chief hydrographer for the geological survey, Washington, will be one of the party. Inspection of the arid lands is among the objects that bring Professor Newell to this country, and correspondence with him some time ago disclosed that he had heard much of the natural wonders of Crater Lake, and desired to make a trip to the place. F. Y. Coville, chief of the botanical department, Washington, is already at the lake, having left here last Sunday. Congressman Tongue will be especially interested in the famous lake of the crater, because he was mainly instrumental in getting the bill for a national park reserve through the house.

Sugget Items.

EDDY PLAINDEALER.—Not seeing any items from this part of South Myrtle I will write a few.

Garben truck is plentiful.

Having in the order of the sky, and is a very fair crop.

Mr. W. W. Cook, of Myrtle Creek, is preparing to ship ore from his mine, the Continental.

Messrs. Sam Bayless and Charles Rice are busy building a road up Weaver Creek where they have located iron-ore. Success boys.

Mr. A. S. My's son, who had his leg broken about two months ago, is just beginning to walk around a little. The little fellow has had a hard time.

Mrs. C. J. Anstange and Misses Bertha Rice, Edwin Jackson, Amy and Ellen Anstange from Myrtle Creek are enjoying the mountain air near the Albers Mine. We wish them a good time.

Messrs. Barr Bros. have a crew working night and day getting the water out of their mine, the Little Chertain. Oh! our little berg will be on the move soon. Our Postmaster R. F. Sanders has opened up a new Post office near Potts Mill and is ready to dispatch and receive mail. Mail days, Tuesdays and Saturdays. His Doc.

Cream Wanted.

Douglas County Creamery wants your cream and will pay highest cash prices for butter fat. Write for cream cans. Will furnish you Cream separators that are second to none in Quality and Price on most any condition you may desire. The Sharples Tubular Cream Separator leads. Douglas county creamery references, First National Bank and Douglas County Bank, Roseburg, Oregon.

Catarth of the Bladder.

Is very common in both sexes, and can be cured with S. B. Catarth Cure, which cures all irritable conditions of the bladder, which causes frequent micturition by which in time you lose control and inability to retain. In children it cures nightly wetting of bed. For sale by all druggists. Book on Catarth free. Address Smith Bros., Fresno, Cal.

When the young mother is allowed to get up for her first meal, even though she takes it alone, it seems good to her to take this one step nearer the family circle, and she counts the days until her strength will be fully restored. But very often strength does not come as expected, and she lingers in languor and weakness. At such a time there is need of an invigorating tonic, and the very best tonic Pierce's Favorite Prescription. It contains no alcohol nor narcotics. It gives real strength.

"Favorite Prescription" is a reliable woman's medicine. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired, worn-out female weakness," writes Mrs. Ira W. Holmes of Cedar Rapids, Iowa. "It has helped me very much and a skillful physician said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

The Common Sense Medical Adviser, roots large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
