They have built a lot of new stalls for live stock at the State Fair Grounds—amidst there will be more stock than stalls. It is going to be a great fair.

George W. Prosser, postmaster at Oswego, was robbed of \$85 while going to a circus. Any man who goes to a circus with that much money should be under the care of his parents.

A baby tiger was born at Ringling's circus in Portland last Tuesday. Another advertisement for Portland. It should be named after the city and state of its birth.

King of watermelons is that which has been grown at Rocky Ford, Colo. This agricultural wonder measures five feet in length, weight 280 pounds, and is three feet in circumference.

There are this year two Republican tickets in Vermont and one Democratic ticket. The Republicans are divided on the question of prohibition or high license, and the Democrats hope to win the Governorship in that Gibraltar of Republicanism.

Rev. J. R. N. Bell, pastor of the Presbyterian church at Baker City, is laid up at Mt. Taber, Portland, from the effects of a fall at Menahan a few days ago. He was attending the Freshwater at that place and in conversing with a brother pastor on a bridge beam on a hand-rail. The hand-rail was loose and gave way to his weight, causing him to fall a distance of six feet.

The coal situation is becoming desperate. All over the land the consumer is being made the victim of the industrial struggle between the Pennsylvania coal operators and their striking mine workers. The latest piece of cheering information from Pennsylvania is to the effect that by the middle of September the supply of anthracite coal in the hands of railroads and dealers will be exhausted.

Contracts have been signed between Jesse Smith, of Natron, Lane county, and a large Eastern lumbering firm, leasing 20 acres of land for 90 years on which a sawmill with a capacity of 175,000 feet per day will be built at once. The new company has acquired 100 acres of timber land, and has an option on a large tract and is also negotiating with the railroad company for another tract.

President Roosevelt has begun his tour of New England and the trip promises to be a notable one in the history of this section. The hospitality of the City of Boston has been extended to Presidents Cleveland, Harrison, Hayes, Arthur, Grant and McKinley, while they were in office, but President Roosevelt is the first Chief Executive of the nation to undertake a tour of all the New England states.

Jerry Morris is another sufferer near Leona. Wednesday he was engaged in fooling a team of mules with a rope. He was carrying a coil of rope and he filled to bind the mules, as the words have come. He attempted to climb up on the side of the loaded car, when the rails started to roll toward him. In jumping backward to get out of the way, he fell flat on his back, and one of the rails rolled off the lead and fell across him, breaking one leg and badly bruising the other.

Jealously caused "Little" George Smith, colored, to murder his white wife at 12:30 Friday in a cheap lodging-house at Portland, by sending a bullet through her left breast. In trying to make his escape he ran into the arms of Officer Kitzmiller, and was lodged in jail a short time afterwards. The victim is evidently about 27 years old. She was legally married to Smith about three years ago. It is said she formerly lived near Forest Grove. For the last year or so she has been in the crib of the North End, and sometime ago left her husband, claiming that he beat and abused her.

**LATEST NEWS.**

**Republicans in Session at Olympia-- Fire at Pendleton--Foul Murder at North Yakima.**

OLYMPIA, Wash., Aug. 23.—The indorsement of A. J. Falknor for Congress without a dissenting vote, a walkout by 25 delegates and the tabling by an overwhelming vote of a railroad commission resolution were the three stirring incidents of today's Republican county convention. The convention was presided over by State Senator A. S. Ruth, who was elected chairman without a contest. As soon as the vote on the committee on credentials' report was had, all of the anti-Falknor men from the Sixth Ward, excepting Allen Weir, arose and, headed by J. R. Chaplin, left the convention. They were followed by County Commissioner Thomas Ismay, at the head of 13 delegates from Bucoda precinct, and four from Tenino, amid cheers and cat-calls. The names of 15 delegates to the state convention were reported by a committee, and the report recommended that they be pledged to the candidacy of A. J. Falknor for Congress. The report was adopted with great enthusiasm, and Mr. Falknor responded to many calls for a speech.

The platform in brief is: A. J. Falknor, of Olympia, is indorsed for Congress. Cuban reciprocity is held to be as certain as fate. Action of Roosevelt in dealing with trusts is indorsed. Railway Commission resolution is tabled. State board to assess corporate property lying in more than one country is demanded.

**IDAHO REPUBLICANS.**

Nominate a full ticket. Resolution for the suppression of Trusts.

BOISE, Idaho, Aug. 22.—The Republican State convention yesterday nominated the following ticket:

Representative in Congress—Burton E. French, of Latah.

Supreme Justice—J. F. Alshie, of Idaho.

Governor—John T. Morrison, of Canyon.

Lieutenant-Governor—James M. Stevens, of Bingham.

Secretary of State—Will H. Gibson, of Fremont.

State Auditor—Theodore Turner, of Bannock.

State Treasurer—H. N. Coffin, of Ada.

Attorney-General—John A. Bagley, of Bear Lake.

Superintendent of Public Instruction—Mrs. Mary L. Scott, of Bingham.

Inspector of Mines—Robert Bell, of Custer.

**THE TRUST QUESTION.**

On the trust question the platform says:

"Resolve, That the formation of enormous over-capitalized corporations, commonly called trusts, for the purpose of concentrating all of the industries and products of the country in the hands of a few men, stifling competition and enabling them to dictate the wages of labor and the prices of commodities to both the producer and the consumer in the interest of their own aggrandizement, is a great and growing evil, the plain remedy for which should be laws regulating the capitalization of corporations within reasonable and moderate limits. We recognize the fact that under the Constitution of the United States, as it now stands, no adequate restrictions can be put upon the organization of such corporations; therefore, we favor such amendment to the Constitution as will enable Congress to effectively regulate and suppress all trusts and injurious combinations of aggregated capital."

The platform favors the opening of lands in forest reservation in the state that are more valuable for agricultural than other purposes.

**Fierce Fire at Redding.**

The thriving town of Redding was visited Wednesday morning by a fierce conflagration that destroyed property to the estimated value of \$14,000, on which there was an insurance of \$11,400.

The scenes of the fire was a block of frame warehouses along the east side of the S. P. Co.'s railway tracks, between Telama and Shasta streets, and no fire was the blame that the entire property went up in smoke inside of one hour. The first building destroyed was the 90 by 40 warehouse, owned by the Wieland Brewing Company and occupied by the Shasta County Democrat office, composing and press rooms, by Ballour & Garrette, brokers of Woodland, and the half next the railroad by Etter Brothers as storage for grain. The next building was the 90 by 52 foot feed and fuel store, warehouse and stable of Etter Brothers. The third building was the 60 by 40 foot warehouse and receiving depot of Charles Jacobson, grocer.

**Indian War Veterans Pensions.**

Up to and including Tuesday, the 19th inst., the Pension Office at Washington had received \$27,419.95 for pensions under the Indian War veteran act passed at the last session of Congress, and because of the completeness with which the evidence has been submitted in many cases it is now expected that allowances will commence within two or three weeks after the papers can be examined to identify signatures and other marks of authenticity. The Bureau finds that as a rule the veterans have properly followed instructions and submitted such evidence as was required. The applications now on file have come from all parts of the country and have not been classified by states.

A book found in one of his pockets contained the name of Moulton, Camden, Ark. At 5 a. m. today a pistol shot was heard by the people living in the vicinity where the body was found, but nothing was thought of this.
