Articles of incorporation were filed in the county clerks office Wednesday by the Oakland Drug Company with a Capital stock of $4000 divided into 40 shares. J. A. Eggers, of Dillard, was in this city Wednesday from F. B. Waite's place where he has been doing carpenter work for Mr. Waite. He readily notes the activity in building in this city and from some of the flattering offers for labor he may consent to do considerable building in the Kinney addition. He is at present figuring on building several cottages in Roseburg for Mr. Waite.

A message from Sodaville, Lane county, says that the farm residence of Henry Volstedt, who resides on the Hill place was destroyed by fire on Thursday evening and his eight-year-old son was burned to death. The origin of the fire is a mystery, but when discovered the entire building was in flames. The child had been an invalid since infancy and the parents, who were some distance from the building, were unable to reach the unfortunate boy in time to save his life.

J. B. Riddle and Geo. K. Quine are in town today on business before the county court. It is proposed to make the road running through Mr. Quine's place opposite Riddle, a county road and Mr. Quine agrees to deed the land to the county and fence it for $400, half of which has been subscribed by the public. The court will no doubt accept the proposition. Mr. Riddle is also urging the building of a bridge across the South Umpqua between Riddle and Myrtle Creek, a roadway having already been secured. Both of these improvements are badly needed, will benefit a great many large taxpayers and the public generally, and will no doubt receive the favorable consideration of the county court.

Drain Normal Notes.

EDITORIAL BOARD.

MYRTLE MOORE, Senior Class.
LEO HICKETHIER, Junior Class.
MADGE BISHOP, Sub-Freshman Class.
J. F. BONEBRAKE, Freshman Class

The members of the Cottage Grove football team and their friends were entertained on Friday evening, Oct. 24, by the Normal School. The dining hall was decorated with the colors of both teams. Refreshments were served at ten o'clock. Conversation, games and speeches by prominent members of both teams made the evening pleasant to all.

The Literature class thoroughly enjoys the study of classics. They have just finished the reading of Shakespear's "Hamlet" and began the study of Milton's works this week. After reading the prologue to the Canterbury tales, one of the class exclaimed, "I didn't think I should like Chaucer at all, but now I feel just as though I know him".

Among our late visitors were Supt. Hamlin, Prof. Briggs, of Cottage Grove, Mrs. E. A. Johnson and Mrs. J. H. Orcutt.

Glen Wimberly and Benj. Huntington presented the Literary society with a number of type written copies of the constitution. The society wishes to extend its thanks to these members.

The literary portion of chapel exercises has been in hands of the freshman class for the past two weeks. Miss Violet Brown's paper on "The Famous Men of Douglas County" well deserved the hearty applause which it received from the student body. Miss Bishop's paper on "The Advantages of Country Life" was an effective answer to Miss Colvin's paper setting forth the pleasures of town life.

Teachers who attended the local institute held in Drain on Friday and Saturday of last week were as follows: Prof. Briggs, of Cottage Grove; Prof. Sanders and Prof. Stewart of Roseburg; Miss Parks of Yoncalla; Miss Cynthia Applegate of Comstock; and Miss Putnam. A large number of the Normal students were present, as well as the members of the faculty of the school.

The Bible study class of the Y. W. C. A. has selected Murray's "Studies in the Life of Jesus" as a text book for the year.

The faculty of the Normal school gave a reception to the students of the Normal department on Saturday evening Nov. 1st. The boarding hall was decorated with autumn leaves and ferns. The faculty acted as a reception committee. Roses, chrysanthemum and other flowers, the gift of Mrs. B. D. Boswell, were used effectively in the dining room. Refreshments were served from eight to ten by the ladies of the faculty. The affair passed off very pleasantly to all concerned.

The evening of Oct. 21st proved of benefit to all who attended Supt. Ackerman's lecture on "The Function of the Normal School." His clear argument and appropriate illustrations brought out the necessity of Normal schools as the audience had never seen it before.

The Best Remedy for Croup.

This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as hive syrup and tolu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by A. C. Marsters.

ANOTHER GREAT ENTERPRISE.

Oregon Land & Livestock Company File Articles of Incorporation.

Hon R. A. Booth, of the Booth-Kelly Lumber Co., is spending the day in Roseburg looking over the fine new Douglas county bank building, which is nearing completion and attending to business matters in relation to his interests here. Senator Booth is one of the principals in another big company which filed articles of incorporation with the Lane county clerk Wednesday. The new corporation is known as the Oregon Land & Livestock Co. The names of R. A. Booth, John F. Kelly and Geo. H. Kelly are given as incorporators. The principal office and place of business is Eugene and the capital stock is $1,000,000, divided into shares of $100 each. The objects of the corporation as given in the articles are in substance as follows: To raise, keep, produce and market livestock, consisting of cattle, sheep, goats, hogs, horses, etc.; to construct and maintain buildings, roads and other necessary improvements; to reclaim and irrigate arid lands; to acquire water rights, build ditches, flumes, reservoirs, etc, on lands of the Military Wagon Road grant and other lands that the corporation may lease or purchase.

Senator Booth says the company was formed for the purpose of handling all that part of the Military grant east of the east line of the forest reserve—to be explicit, from the Des Chutes to the Idaho line. When the grant was acquired recently this syndicate secured that portion of it through R A Booth, trustee, while the Booth-Kelly Co secured the western end, on which most of the timber is located.

Besides Messrs Booth, J F and Geo H Kelly, the following gentlemen are stockholders in the new company: F H Buck, A J Hechtman, J A Chanslor and Herbert Fleishacher, all of San Francisco; Frank Miller, president of the National bank of D O Mills & Co, of Sacramento; Adolph Heiborn, director of the California State Bank of Sacramento; H A Heibron a wholesale hardware merchant of Sacramento and J H Booth of Roseburg.

Having the immense acreage of the Military grant, besides other lands to be purchased, at its command, the company will probably be the heaviest operator of its kind on the coast. The country through which the grant runs is the finest in the world for grazing, and other lands which will be secured, when irrigated, will produce some of the finest crops that grow.

Mr. Booth stated that the organization of the company will be completed next week, and he will leave this evening for Grants Pass to look after matters connected with the business.

Wanted to Trade.
