

The Twice-Week - Roseburg PlaineDealer Published Mondays and Thursdays. PLAINDEALER PUBLISHING CO. BROOKS & CONNER, Editors and Publishers. Twice-Week PlaineDealer, per year, \$2.00. FRED WAGNER, City Editor, Solicitor, T. G. RUTZ, Foreman. Entered at the Post Office in Roseburg, Ore., as second class mail matter. Advertising Rates on Application. NOVEMBER 10, 1922. GIVE THE GLAD HAND.

During the past three months several enterprises have started or proposed starting in this city; and in every case the men engaged in the enterprises, or who proposed to start an enterprise, have been met with a spirit of ultra conservatism. Maybe it would be best to call it musculism.

Now we are aware that all the old settlers and business men, of Roseburg, are well fixed financially, and many are scourged with money or lands that they cannot enjoy; and any man having more wealth than he can enjoy is scoured and is a scourge to the community in which he lives because that man's miserly, miserly miserliness of dealing with public affairs reflects upon his own nature and he is a dead man to all public enterprise and a millstone about the neck of men who would push forward the city's true interests. It costs but very little to meet a stranger and speak kindly to him and make him feel that you are not a stranger in the town. Then if he starts any enterprise that you are not familiar with or any business that you know nothing about, do not discourage or ensure him for so doing, for if he should make a success, in spite of all the cold water poured upon him you will feel yourself to be a fool if you are a man and not a dummy.

Roseburg needs today men who will assist in pushing forward every enterprise having a tendency to build up the city, and the talk that the town is big enough, or that there are people enough, is the very kind of rot. It is a certainty that the town had attained its growth the value of real estate would tumble until those three and four thousand dollar lots would be begging at so many hundreds. It is people constantly coming in and settling that enhances the value of real estate, and changes farm lands into town lots.

Then there are other ways to discourage enterprise and settlement, and one is to attempt to graft every man who comes among us. There are some in every town who would not know how to live if it was not by bleeding men who earned their money by honest labor, fanning them with soft words or a hot blast just in order to suck blood like a vampire when their victim is asleep. Instead of such practices and discouraging features how much better it would be for Roseburg to organize a citizens' club, or resurrect the board of trade or chamber of commerce and invite every stranger who comes to the city to the rooms of the organization and make him feel perfectly at home from the start and extend to every worthy man the warm hand of American citizenship.

It is now in order for Messrs. Fisher, Sheridan and McDoom, of Idaho, formerly Democratic politicians of this county, to migrate to Missouri or Texas. A late dispatch from Boise says: The results of the Tuesday landslide continue to come in. It is now known that the majority for the Republican state ticket will reach close to 7000, while French, for Congress, may have 8500. In the Legislature the Republicans will have at least 50 on joint ballot out of a total of 67. It has been determined to hold a great Republican jubilee here on Wednesday, November 12. The leading Republicans of the state are expected to be present. There will be addresses in three halls. A torch light parade will be a feature of the evening. Special rates are hoped for on the railroads.

Under date of Oct 28th, General Immigration Agent McKinney writes from Chicago: "The Oregon exhibit which we had at the Peoria Corn Carnival is now in our office, composed as you are aware of agricultural products and fruits from the Grande Ronde Valley, Linn and Washington counties, Oregon. We have arranged shelves along the south wall of our office, and have placed this last named exhibition there; the apples in the window attract people into the office and when they get inside, they view the other exhibits. It would amply repay the senders of these exhibits if they were here but one day, to hear the expressions of wonder and delight which the exhibits call forth from the crowds now in our office."

Mr. Kelly had his redeeming qualities. The first of the week one of the town arches entered the office and being asked what we could do for him said: "I want to see Mr. Kelly." Upon being told that Mr. Kelly had sold and had left town, the little boy began to cry. Upon being further interrogated he replied: "When Mr. Kelly was here he used to give me a bottle whenever I came in."—Drain Nonpariel.

The "Medford Success" is the latest candidate for public favor in the Southern Oregon newspaper field. The first number was issued last week and consists of six pages of four column each. It is newsy and neat typographically and will be issued twice a week. May it prove all its name implies.

Is a strange coincident that the "irrigation" and "bar" associations should meet in Portland at one and the same time, Nov. 18 to 22.

HEREFORD CATTLE FOR OREGON
In conversation with County Commissioner Nichols, who owns a ranch near Riddle, we learned that he has several head of purebred Hereford bulls on his ranch and that he has a far greater demand for white-faced cattle than any grade or breed he has on the place; and he also said that whenever he sold cattle to purchasers to be shipped eastward for fattening or feeding purposes, that the Hereford grade cattle were the very first selected. His experience is the experience of all cattle raisers on the grazing lands of Texas, New Mexico, Oklahoma, Colorado and Kansas; and as we are perfectly familiar with the cattle business in that territory we state: Fifteen years ago on every range except the J A and J D brands, that the cattle were like Jacob's kids and were in appearance a job lot. When sent to market for fatteners they were sorted by the commission men at Kansas City, St. Louis and Chicago and sold on their side. About that time several prominent cattle raisers commenced to introduce into their herds purebred registered Hereford bulls from the herds of the prominent breeders in the North, and in a few years the cattle going to market were grade Herefords, which were snatched up like hot cakes by the cattle feeders of Kansas, Missouri and Iowa. We know that such cattle today in Kansas City and Chicago sell for a better price for feeding purposes than any other breed of cattle; and our readers will pardon us for wandering from the direct point, we desire to state: In England on the grasslands and meadows of Herefordshire on the banks of the Tay and Wye we have seen Hereford bulls weighing from 3,000 to 3,500 pounds, and many cows weighing from 2,500 to 2,600 pounds. In fact, at one time on our breeding ranch, near Amarillo, Texas, we had three imported cows each of which weighed, when shipped from England, over 2,300 pounds. They were registered under the names of Camilla, Miss Hartington 3rd, and Bessie 3rd, and were from England's most noted breeders. Any one having the American Hereford Association books can readily verify the statement. We owned also a head of purebred Shorthorn cattle, and know all the traits of the two breeds, and will here state, that for an all purpose cow, on a small farm, where the cow is expected to raise her calf and at the same time furnish the family with milk and butter, we think that the Shorthorn or Durham cow is the best; but for a purely beef breed of cattle to be raised on the range as an industry for profit, we believe that the Hereford cattle will give better results than any known breed. The great difference between Hereford and Shorthorn cattle on the range is: When feeding time comes, in winter, the Shorthorn cattle will not leave the barn, sheds or feed lots and will almost starve to death in a sheltered spot rather than risk a forlorn hope. On the contrary, Hereford cattle, just as soon as the feed in the lot is cleaned up, will go direct to the pasture and rattle for themselves. In feeding from one to two hundred head of cows, through winter storms and blizzards for the past twelve years, we found out that Shorthorn cattle required three times as much feed as Hereford cattle during the winter months, and in spring when grass grows the Hereford cattle would be in far better condition than the Shorthorns. With the Hereford breed there is a steady growth in the calves and rapid maturity. About five years ago, W. S. VanNatta and Son, of Fowler, Indiana, purchased 26 car loads of long yearling Hereford steers from a breeder in the Texas Panhandle. These steers were range bred and raised, never having been in a pen except to be branded, up to the time of shipment. The writer accompanied the cattle to Fowler, Ind., and knew they were turned on concrete and blue grass pasture for the winter, and in spring they were run on blue grass where they continued until late summer or fall, when they were placed in the feed lots, and when shipped to Chicago to market, they weighed from 1,500 to 1,650 each, and were then from 30 to 33 months old. Every shipment to the Chicago market, except the last four cars, topped the market in price for fat cattle and were bought for export. We could go on and give a score of just such instances. Now we are willing to admit that Shorthorn cattle may be slightly larger in size, but the trouble is after they have once lost the calf fat they receive such a setback that a Hereford steer at two or three years old, with the same care, is much more matured. For profit in the cattle business, early maturity must be taken into consideration and the cattle raiser who, in two years, can put a first class article of "baby beef" on the market, is the man who will make money in the cattle business in the future. For early maturity, for rustling qualities, for range purposes and for every one of the essential qualities necessary to make rapid profits, Hereford cattle have been found to be the best on the plains and grazing lands east of the Rocky mountains, and we believe, that the cattle raisers of Oregon would find that Hereford cattle on our ranges will develop the same sterling qualities as developed in the territory named.

Nebraska seems to delight in rubbing it in on W. J. Bryan. His home precinct went solidly Republican at the last election along with the balance of the state.

The Gazette, a new paper published at Gardiner, this county, is at hand. It is published by O. L. Williams, formerly of the Drain Nonpariel, and is quite a newish little paper. Success to the Gazette.

Big Red Apples.
This office is in receipt of a box of fine large red apples from Geo. W. Staley, assessor-elect, of Yoncalla. These apples are of the Baldwin variety, are perfect in color and flavor and entirely free of blemish—beauties to behold. Mr. Staley is evidently an orchardist who thoroughly understands his business and it has been practically demonstrated that there is no more profitable branch of this industry than winter apples raising for which this country is so well adapted.

Heavy Shipment of Hogs.
"Last Monday was 'hog day' in Medford, in other words 75,000 pounds of hogs were exchanged for coin of the realm at 4 1/2 cents a pound, probably the biggest price ever paid for live hogs in Southern Oregon. They were weighed on Hubbard Bros. scales and averaged about 230 pounds each. J. W. Wiley, Gora & Wortman and C. C. Ragsdale purchased them from the following parties:
Adolph Schmitt, 43 head; S Van Dyke, 47 head; J. S. Owens, 12 head; W. H. Stewart, 9 head; J. Schaefer, 44 head; A. C. Clark 18 head; W. R. Smith, 105 head; Wm. A. Stewart, 3 head; F. Pell, 22 head; J. W. Clark, 5 head; J. Patterson, 12 head; J. Boardman, 23 head; A. Weeks, 16 head; O. Borsell, 17 head; Total 265 head.
Four thousand dollars were paid for them, a little more than \$10 a piece. They will be shipped to San Francisco and occupy eight cars. This is more evidence of the fact that nothing pays better than raising swine."

A Lane County Pioneer Dead.
Robert Dillard, a well known and highly esteemed Lane county pioneer, died at his farm home two miles north of Cottage Grove, Saturday, Nov. 8, 1922, aged 67 years, 3 months and 9 days. He was a native of Missouri, and crossed the plains with his father and mother in 1853 and located in Lane county where he remained until his death. He was married June 23, 1878, to Miss Mary England, who survives him. He united with the Presbyterian church in 1870 and has been a prominent and consistent member of the church ever since that time. His faults were not great, faults and vices had a genial, generous hearted gentleman, a good neighbor, kind husband and a man who will be greatly missed in the community in which he has so long resided. He was closely related to the Dillards for whom the station eight miles south of Roseburg was named, and was a cousin of our townsmen F. L. and Finis Dillard. The funeral service was held at the Presbyterian church at Cottage Grove Sunday morning, Nov. 10, at 10 o'clock, past of the church, preaching the funeral sermon. At the conclusion of the service the remains were taken to the Shields cemetery for interment, followed by a large concourse of sorrowing relatives and friends.

Klamath is No More.
The town of Klamath on the Southern Pacific in Northern California will soon be numbered among the things that were. Recently the town was almost wiped out by a big fire. And now the Southern Pacific station at that place has been discontinued and the agent, J. W. Gilmour, has been ordered to move his office and Wells, Fargo & Co.'s express office to Laird, a new station two miles this side of Klamath, at the point from which a railroad is being built up the Klamath river into Klamath county.

Myrtle Creek Items.
Mrs. Alice Cotton is resting easier the past few days.
Hon. Dexter Rice and wife were visiting friends here on Sunday.
Development work is steadily proceeding in the Little Chief Mines.
Everybody come out to the social Friday evening and have a good time.
Rev. Bro. Zimmerman, of Canyonville, delivered a most able sermon here Sunday morning.
Little Milder Kramer is fast recovering from the effects of her fractured arm.
B. M. Armitage is on the sick list, having been kept in doors for the past week with an attack of pleurisy.

Church Social at Myrtle Creek.
An entertainment will be given in "Weaver Hall" on Friday evening, the 14th inst., by the Presbyterian church at Myrtle Creek. Admission ten cents, children free. Light refreshments will be served at an additional cost of ten cents. A good program is being prepared and an enjoyable social time is expected.

Wyck Easter Married.
Wyck Easter, formerly of Ashland and well remembered as a star football player at the normal, but now a resident of New Pine creek, Lake county, was married Oct. 26, to Miss Belva Mulkey, of Willow Ranch, Medoc county.—Ashland Record.

Pay Up.
All those knowing themselves indebted to F. F. Patterson for laundry work up to Nov. 1, 1922, will please call at the office of Attorney Frank G. Mitchell, Review Building, and settle on—F. F. PATTERSON.

NEW BOHEMIA RAILROAD

Two Trains Are Running Daily to Bedrock—Work Being Pushed.
COTTAGE GROVE, Nov. 7.—The new railroad to connect this city with the Bohemia mining district, is slowly but surely pushing its way along. Two daily trains are regularly run to Bedrock, 10 miles distant. The passenger traffic is steadily increasing, and the freight business is all that can be expected. About six miles more of grade is nearly completed and track laying will be commenced Monday next and pushed steadily forward until completed to the red bridge, a distance of 16 miles from town.

A branch line is being built to Mosby creek into the big timber district to connect the logging camps with Long & Bingham's sawmill here, and over a mile is now in operation, with train loads of logs arriving daily. The general manager of the new road has gone east to arrange for more cars and passenger coaches. A new depot is soon to be built at the intersection of the main line and the Mosby creek branch, to be known as Walden Station, about three miles from here.

The second engine, which recently arrived, is actively at work on construction and fills the requirement fully. The finishing touches are now being put upon the roundhouse in the corporation yard for housing the engines. New and commodious quarters have been fitted up and are now accepted as the office of the company in the east end of the big freight house on the terminal grounds.

Roseburg, 5 Drain O.

Last Saturday afternoon the football teams of the Roseburg High School and the Drain Normal School locked horns on the Gridiron, at the Pine Street grounds, in the snappiest game of football ever seen in this city, and not without standing that the High School had the lighter team, they won the hard fought battle fairly and squarely, as a representative of the PLAINDEALER can swear to because he was where he could see, in fact he was too close, and during his excitement was surrounded by the swarming warriors and was unmercifully trampled in the mud, but all this time he kept his eye on the ball and seen "Vie" Short carry it to the line, where when he was tackled and fell, with the ball barely across the line, with all the players piled on top of him, a clemp fair touch-down was made.

The Drain team were the first on the grounds and as the Roseburgers had worked all afternoon laying the ground they did not arrive there until about 15 minutes of three, and the Drain boys, talked seriously of claiming the game on forfeit for the non-arrival of their opponents, but they were joshed so much by the spectators that they decided to wait.

There was a fairly large crowd considering the miserable weather, all enjoying the game.
Of course there was a usual display of "off" and "right" coats. Among the wearers were Nat Curry and Sam Rogers who resembled in several details a pair of "cap" section hands, "Baney" Mathews who never misses a game, rain or shine, who resembled a lone elements with the exception of carrying an umbrella instead of a fish pole, "Squire" Ramp was there and carried off scores real estate on his shoes than he will be able to pay taxes on, should he sell all the Pork in Douglas county.

Promptly at three o'clock the referee's whistle blew and Roseburg who held the north goal, sent the pigskin flying into Drain's territory where it was caught and quickly carried forward. After a run of 20 yards the ball was downed for the first line up and buck. Here it was shown that the Orange and Black were to be dangerous competitors for the days honors as they easily held their own, but on account of the weight of the Red and White, the ball was gradually pushed toward the north goal. Several times the ball changed hands, each time being carried forward by the team, having the ball in play. It was plainly seen that Drain depended entirely on Whipple their big full back and Hedgepath their left guard for all their plays, in fact time after time Whipple would call their plays when quarter back Wimberly would make mistakes. After 20 minutes play the ball was forced within six yards of the Orange and Black goal it being Drain's ball. Then Wimberly sent the ball, around Roseburg's left end in charge of Halpach Hedgepath who had broken the line and was headed for the goal when Fraley the Roseburg's end stopped him. Hedgepath fumbled the ball, and "Vie" Short was on it in a second, passing the game with the ball within two yards of the Roseburg goal. After that Roseburg forced the ball 14 yards from their line when time was called.
Time of half 25 minutes.

In the second half after twelve minutes of hard play, Roseburg, succeeded in making their touch down, and Ramp kicked for the goal.
Score—Roseburg 5—Drain 0. The next eight minutes was spent in hard play, but neither were able to score. Following is the lineup of the teams:
High School Normal School
Adams e Griggs
Eskott rg Hedgepath
Ferguson rt Herrington
Townsend t Johnson
Townsend re Hedgepath
Fraley le Whipple
Ramp qb Wimberly
Shurt rb Herrington
Hannan ln b Hedgepath
Wollenberg fb Whipple

Referee, Irving Gibson, Umpire, Prof. Hillbrand.
Wollenberg, V. Short, Ramp and Hannan did most of the playing for the Roseburg team and may be termed the stars of the Roseburg team.
In the evening the Roseburg High School indulged a reception to the Normal School football team, and their friends, at the residence of Miss Parrott. A general good time was enjoyed, there being about 100 students and their friends in attendance.

Yoncalla Items.
Fred Meuzer and son are erecting a fine new dwelling.
C. E. Gaddis, of Roseburg made a short business trip here last Saturday.
Mr. Kruse of the Yoncalla shingle mill has been sick the past few days, but is now rapidly improving.
G. W. Staley is shipping 400 boxes of prime Baldwin apples to Marysville, Calif., for C. P. Devore.
The output of prunes for Yoncalla this year will be about 7 carloads, of apples about 7 carloads, in addition to these about 7 carloads of hay will be shipped.
John Andrews, the aged pioneer, it is feared is slowly nearing the end. With deep sorrow we regret say he is not expected to live. Mr. Andrews is 81 years of age, came to Oregon in 1848 and has resided near Yoncalla since 1854.
During the last 6 months many East ern people have come to Yoncalla to live. Never before in the history of the town have so many timber and homestead claims been taken. We are proud of our valley and believe it will compare well with the very best in Oregon.

THANKSGIVING DAY.

Governor Geer Issues His Proclamation, Setting November 27, as the Time.
SALEM, Nov. 7.—Governor Geer issued his proclamation yesterday for the observance of Thanksgiving day. In accordance with the proclamation of the President, Thursday, November 27, is the appointed day. One paragraph, in which he refers to blessings of the people of Oregon, says:
"The people of Oregon have many reasons to be thankful. The recurring seasons have brought their abundant harvests; no epidemics have visited them; labor has been employed in all lines of business at an advanced rate of remuneration; the state schools have been liberally patronized and supported, while intelligence and prosperity go hand in hand, rapidly pushing our commonwealth to the forefront among the other states of the Union."

High School Notes.
The football teams of Oakland and Roseburg high school met at Oakland and the high school was defeated by a score of 10 to 0; both touchdowns being made in the second half. The high school proved itself much superior in team work as it was much the lighter and managed to keep the ball entirely in Oakland's territory and the first half ended with the ball near Oakland's twenty-five yard line. In the second half Oakland, by a series of line blocks and end runs, forced the ball across Roseburg's goal line for two touchdowns but failed to kick the goal for the first and a punt out after the second touch-down failed. Roseburg's boys could not stand the line plunges of their heavy opponents for any length of time and were forced to take defeat. However, they are not discouraged and will play the following games on the dates mentioned: Ashland Normal, Nov. 12; M. A. of Cottage Grove, Nov. 27; Eugene high school, Nov. 29. Return games are to be played with Ashland and Drain and as several more games are being negotiated, for the boys expect to be kept busy.

The class of '03 met in the school building Nov. 3, and the following officers were elected: President, Katharine Fullerton; vice pres, Thomas Townsend; Sec. Floyd Ramp; Treas. Ella Black. Senior class are as follows: Bessie Kidder, Floyd Ramp, Katharine Fullerton, Gertrude Rast, Thomas Townsend, Lillian Stanton, Ella Black.
The high school now numbers forty-eight students, the first year class being much the larger.
Harry E. White, superintendent of the schools of Princeton, Minn., was a recent visitor. He was away from his work on leave of absence for ten days.
Most of the pupils who have entered school during the last two or three weeks are recently from other states: California, Washington, Idaho, Minnesota, Wisconsin, Michigan, Iowa, Nebraska and Oklahoma are represented.
The per cent of attendance was lower somewhat last month by the district fair. Excepting that one week the attendance was very good.
Directors Woolley and Strong visited some rooms of the school this week.

ROSEBURG SCHOOL REPORT.
Below is a report of the public school for the month ending Oct. 31, 1922:

Name	No. Absent	No. Present	Total
Miss Burrow	48	695	743
Miss Hargrove	38	676	714
Miss Byers	48	699	747
Miss Mowery	39	693	732
Miss Stewart	45	743	788
Miss Simmons	44	790	834
Miss Clark	40	674	714
Miss Aldrich	47	800	847
Miss Hestine	49	776	825
High school	48	748	796
Total	520	8021	8541

The following were neither absent nor tardy and did not fall below 90 in deportment, nor 80 in scholarship:
Miss Burrows' room—Nellie Hamlin, Florence Kohlhagen, Pearl Patrick.
Miss Hargrove's room—Charles Stanton, James Wright, Glen Carmory, Louis Colvin, Theo Bond, Vista Kruse, Edna Jones, Velva Lewis, Willie Holmes, Woodley Stephenson, Jessie Baldwin.
Miss Byers' room—Nora Cordean, Ada Ryan, Irma Clements, Clarence Gilder, Rayce Jones, Johnnie Parks, Guy Colvin, Dale Coshov, Clara Murphy.
Miss Mowery's room—John Mitchell, Virgil Hamilton, Jennie Wharton, Bessie Carlson, Ada Thomas, Aileen Townsend, Dorothy Dutas, Corney, Hastings, Jean Woolley, Eva Batey, Hazel Erickson.
Miss Stewart's room—Grace Dutas, Leola Dinmick, Adelaide Wollenberg, Eva Bra, Percy Fletcher, He en Cardwell, Andrew Mathews, Joe Wright.
Miss Simmons' room—Mabel Clements, Helen Hamilton, Eva Thom, Olive Lamson, Leland Hewitt, Katherine McDonald, Ruth Woolley, Eva Batey, Iva Goodland, Mary Holson, Eva Loux, Alice Martin, Elsie Norton, Manfred McCulloch.
Miss Clark's room—Florence Kidd, Alvin Tipton, Hazel Carlson, Guy Gordon, Perry Setzer, James Porter, Fred Reed.
Miss Cook's room—Andrew Bridges, Christine Fraley, Ruth Barzey, Waltie Jones, Etta Dillard, Allice Black, Fred Champagne, George Wharton, Arlio Genger, Shirley Waite, Hazel Patterson, Grace Moore, Malinda Hess, Aline Norton, Mabel Norton, Frankie Brown, Hazel Coshov, Delia McCarty, Florence Cannon, Jennie Stockwell, Ray Burton, Sylvia Moore.
Miss Aldrich's room—Fred Dillard, Boss Townsend, Alice Lamson, Lucy Bridges, Bruce Briggs, Mamie Cline.
Miss Hestine's room—Pauline Thompson, Fred Critzer, Ross Preschner, George Sheridan, John Rast, Jack Wharton, Grace Boyle, Edith Patterson, Walter Fisher, Walter Barzee.
High School—Kate Fullerton, Gertrude Rast, Lillian Stanton, Hazel Jewett, Alice Mahu, Hattie Brown, Mabel Leonard, Marta Bales, Eva Currier, Horton Huntington, Nellie Negley, Vera Phipps, Olivia Risley, Harry Tyson, Birdie Tipton.

County Court Orders.

Resignation of Geo. Eliff, road supervisor of road district No. 19, accepted.
Petition received from H. Mooney and others asking for appointment of viewers to locate a county road from a point near the corner of sec 30, tp 21 s, r 4 west, to a point 170 paces north of the bridge on the county road at the McGee place, near Ashland. Court appointed J. H. Munpower, J. M. Barnett and J. W. Standling, all of Drain, as viewers to meet the county surveyor at Ashland, Nov. 21, 1922, and locate said road.
Road from Riddle to Myrtle Creek asked for in petition of Edwin Creever and others was reported unfavorable by the viewers. Ordered that petitioners pay one-half cost of viewing.
Road from Riddle to a point near corner of sec 6, 7, 8 and 9, tp 20 s, r 5 west, as asked for in petition of J. B. Riddle and others, reported unfavorable by the viewers. Ordered that petitioners pay one-half cost of viewing.
Sum of \$38 ordered reduced from the assessment of taxes of Mrs. A. W. Cotton Myrtle Creek.
Viewers reported favorable on the trail from Dabbs Creek, near Glendale, to Coss and Douglas county line, and said trail was ordered opened.
Petition of J. F. Templin and others asking for an allowance of \$5.00 per month for Young Sam was granted after an investigation by the court.

Will Investigate.
A remarkable case comes to light at Elizabethtown, Va. An old man there by name of G. W. Roberts had long suffered with incurable cancer. Everybody believed his case hopeless until he used Electric Bitters and applied Eosin's Arnie Salve. The treatment cured him completely. Now everybody who knows it is investigating Electric Bitters. It exerts a mighty power to expel biliousness, kidney and liver troubles and it's a wonderful tonic for run down systems. Don't fail to try it. Only \$5.00. Satisfaction guaranteed by A. C. Martens & Co. Drugist.

Wanted.
Owners of farms, stock ranches, timber lands for sale within ten miles of the proposed line of the Great Central Railroad to correspond with
J. J. Walker,
Colonization Agent, Roseburg, Ore. r10

Notice.
The Sunday barber law is being violated in this city, and I will take steps to have the law enforced should it occur hereafter.
F. H. Woodruff.

Notice of Publication.
Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon Nevada and Washington Territory," assessed and located for sale by me as follows:
Benjamin Hedison,
of the county of Washburn, state of Oregon, has this day filed in this office his return of said timber land, for the purchase of the NW 1/4 of section 28, Tp 21 S., R 4 west and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim before the Register and Receiver of this office on Friday the 26th day of January, 1923. He claims a right of pre-emption to said land under Wash. P. S. 1601. He claims a right of pre-emption to said land under Wash. P. S. 1602. He claims a right of pre-emption to said land under Wash. P. S. 1603. He claims a right of pre-emption to said land under Wash. P. S. 1604. He claims a right of pre-emption to said land under Wash. P. S. 1605. He claims a right of pre-emption to said land under Wash. P. S. 1606. He claims a right of pre-emption to said land under Wash. P. S. 1607. He claims a right of pre-emption to said land under Wash. P. S. 1608. He claims a right of pre-emption to said land under Wash. P. S. 1609. He claims a right of pre-emption to said land under Wash. P. S. 1610.
