Another Pioneer Gone.

John Andrew, the subject of this sketch, was born in Hucksamuck County, New York, on the 7th of March 1822, and died Nov. 12, 1902.

He was of Scotch ancestry, his grandfather having emigrated from the Scotch Highlands about the middle of the Eighteenth Century.

In 1844 Mr. Andrew went from New York to Michigan where he was for a time a workman on the first Railway ever built in that State. "The Central Michigan Rail Road."

In 1846 he moved from Michigan to Missouri and in 1848 joined a band of those brave spirits who became the Pioneers of Oregon.

The train broke and scattered at various points on the route but the remnant to which Mr. Andrew was attached, reached Oregon City on Oct. 16, 1848. He spent four years in the Willamette country, but in 1852 finally settled in Yoncalla Valley, where he established his Donation Claim and where he has since continuously resided.

He was married in 1852 to Mrs. Mary E. Valentine who survives him. He leaves three children, Francis M. Andrew, George S. Andrew and Mrs. Rose Newman of Yoncalla also eleven grand children and four great grand children to mourn his death.

Mr. Andrew was in very poor circumstances when he reached Yoncalla, but he brought with him great patience, perseverance and industry.

All the tools and furniture of his farm and household were for a number of years made with his own hands, and they were skillful hands. He planted fruit trees, made a fine garden, raised fowls and did any and all kinds of work from which any profit might be derived and was assisted by his wife, who was a real help mate, and in a few years the fruits of so much care and toil were realized in a fine orchard of all kinds of large and small fruits that the climate would produce, a fine garden, domestic animals and fowls. He tried some experiments with the plants and vegetables of the other states which were abundant after a time as unprofitable, such as flax, sorghum, artichokes, etc.

Mr. Andrew became a member of the Baptist church in early life and lived a consistent Christian; though not able to attend church during his later and feeble years, he observed the Lord's day and was a faithful student of the Bible till the end of his days.

Mr. Andrew was a good neighbor, a faithful husband, a kind parent. In the fifty years he has spent in this country he has made many friends, and he goes to his last rest with the esteem and respect of all who knew him.

"Careless crowds may daily pass you
Where your fate at last has cast you
Leaving neither right nor fear
But your noble works out-last you
Brave old Pioneer.

Little care the careless thought—
When your heart is hid
Though they thrive upon the strong,
Resolute work you did
But our mourning eyes have found you
And we hold you ever dear
With the peace of God around you
Sleep old Pioneer."

A FRIEND

Colonial Basket Social.

The Y. P. S. C. E. of the Christian Church are making great preparations for an old time social on Friday evening Nov. 21. George and Martha Washington, with many of their colonial friends are expected to be present, and an enjoyable time is assured for those in attendance. A musical and literary program will be rendered in the Opera House, after which a large number of boxes and baskets of different sizes and styles containing tasty lunches, prepared by the courtly dames and fair damsels, will be auctioned off to the highest bidder. Admission 10 cents.

Ladies Aid At Looking Glass.

Despite the fact that the weather threatened a goodly number of the people of Looking Glass gathered at the home of Elijah Olivaint on the evening of Nov. 15, to attend a sale of fancy articles held under the auspices of the Ladies Aid Society. Games, songs, the rules of the Arkansas Traveler, and the auctioning off of some of the articles, made the hours pass quickly and pleasantly until the time to serve refreshments had arrived. One of the features of the evening was the sale of a life-sized rag baby of ebony hue, bid in by Mr. Bacon, pedagogue, of Looking Glass school, under the impression that it was a lump of anthracite coal. We are happy to be able to state that the ladies realized a snug sum as the result of their well directed efforts.

American Ambassador Under Arrest.

The American Ambassador to Italy, George V. L. Meyer, was arrested near Florence, Friday, for running down and fatally injuring a little child while he was riding in an automobile. Mr. Meyer and his chauffeur were placed in the barracks, so the cables say, by the gendarmes.

GROWING ROSEBURG.

Fifty Acres Have Been Platted to form a New Addition to the Town.

The Aaron Rose tract of nearly 60 acres, lying at the south side of the city, recently sold by Administrator I. F. Rice to a company of local capitalists, is now being platted preparatory to opening same to purchasers. County Surveyor C. E. Roberts has been busy during the past ten days surveying the tract, laying out streets and platting the property into lots and blocks. The new addition will comprise about 400 lots, and is all very desirable property. It lies immediately adjoining the choicest residence portion of the city. Jackson street is to be opened right on southward through the tract, and this will bring it in direct connection with the business portion of the town also. Sidewalks are to be built at once on this extension of Jackson street, and considerable building activity may be expected in the near future. When the new plat is formerly filed it will be known as Waite's addition to the city of Roseburg.

Trains Delayed.

The regular northbound local train, due here at 10:18 a. m., was delayed for about three hours yesterday by a freight wreck near tunnel No. 4, just beyond West Fork. Three cars of merchandise of an engine cast left the rails doing considerable damage. A wrecking train was dispatched from here at 7:30 o'clock that morning and its crew succeeded in clearing the track in a comparatively short space of time. A stub locomotive here on scheduled time, 10:40 a. m.

The local No. 12 which left this city yesterday morning at 10:45 was wrecked at Walker yesterday on account of a switch engine which the local was pulling. The switch engine and several cars left the track causing the delay of the south bound trains. No one hurt.

Drain 11—Roseburg 5.

The return game of football was played between the High School team, of this city, and Normal School team, of Drain, Saturday evening Nov. 15.

The Drain team was enforced by several new players, and averaged heavier punch than the one that played in this city recently. The game was called at 1:30 o'clock, and although the weather was cold and threatening, very little rain fell during the progress of the game. The field was dry and in a most desirable condition. The only fault being that the ground was slanting causing one team to play up hill most of the time.

Wollenberg, of Roseburg kicked off for 15 yards and followed the ball, dropping on it, but after two straight line bucks with out gain, Roseburg tried a kick which was fairly successful, but Whipple, of Drain, carried the ball to the 60 yard line. Through a series of line bucks, Drain carried ball forward 16 yards where they tried to kick and lost ball on a fumble. Short then tried to take ball around end but lost it on the down. After this the Drain boys by end runs and a few line bucks carried ball into Roseburg territory where in a play on the Roseburg 35 yard line, quarter back Ramp was laid out but soon recovered. Roseburg got the ball and kicked to Drain's 35 yard line after which the Drain team by a series of end plays made mostly by Whipple's and Helgepath on a double pass, walked over the Roseburg team for a touch down, Whipple carrying the ball across the line from the 20 yard line. Wimberly failed to kick the goal. In the next kick off Wimberly made a fair catch and kicked back to Wollenberg on the first play, T. Townsend made an end run for a gain of 15 yards, carrying the ball into Drain territory, but soon lost ball to Drain. Ball was carried to Roseburg's 35 yard line when time was called. Drain 5—Roseburg 0, 25 min.

What Life Insurance Does

It keeps the family together. It educates the children. It takes care of the mother. It pays the mortgage on the home. It provides ready money to keep a business solvent. It supports the insured in his old age. It saves the respect of the family. It saves the credit of the insured. It saves money which would otherwise be lost. It saves the insured from anxiety as to the future of his family. It saves the insured from anxiety for his own old age. It takes care of the mother, which is locked up in human life. It does the very things which the insured plans for, works for, prays for, in hopes if he secures, and unhappy if he fails to get. It helps him to make a success of life, takes up his work when he dies and carries it forward to completion. Can you afford to be without it? W. J. MOON, Agent, Roseburg, Ore.
