TO PROTECT SPECULATORS.
Senator Booth introduces the Bill.

THIRD BALLOT FOR U. S. SENATOR

Fulton is Gradually Gaining at the Expense of the Geer Forces—Both Branches Hard at Work

SALEM, Jan. 22.—There was little change in the vote for U. S. Senator today, but what change there was gave the Fulton forces considerable encouragement. It will be observed that Fulton gained one more vote while Geer lost another vote. The democrats stand solid for Wood and will probably continue to vote as a unit for their man to the end of the session. The many scattering votes will eventually be centered on some particular candidate, but until they do there is likely to be little change in the result. Both branches of the legislature is now down to good work and a good many bills are being disposed of. The vote today is as follows:

| | |
|------------|----|
| Fulton | 32 |
| Geer | 17 |
| Wood | 17 |
| Scattering | 24 |
| Total | 90 |

The Lewis and Clarke Exposition appropriation bill passed the House today with but four dissenting votes. It is meeting with considerable opposition in the Senate. Senator Marsters opposes the measure and offered two amendments both of which were voted down.

LEWIS AND CLARKE BILL PASSED HOUSE.
SALEM, Jan. 20. (4:15 p. m.) The bill appropriating \$500,000 for the Lewis and Clark Fair at Portland in 1904, passed the House this afternoon with but four dissenting votes.

ABOLISHING STATE PRINTER.
SALEM, Jan. 20.—The constitutional amendment abolishing the office of state printer at the end of the present term passed the Senate this afternoon.

As it passed both houses at the last session of the legislature, it will go to the people to be voted upon with its passage through the House, about which there is no doubt.

DEFICIENCY JUDGMENT.
SALEM, Jan. 20.—Representative J. M. Shelly of Lane county introduced a bill today providing that no deficiency judgment may be taken by a judgment creditor through bidding in real property under a foreclosure of mortgage at a less amount than that for which judgment is taken.

WILL SIGN CHARTER BILL.
STATE HOUSE, SALEM, OR., Jan. 21.—Governor Chamberlain will sign the Portland charter bill tomorrow morning unless in looking it over today, he shall find errors of some sort, which is an unlikely contingency.

"I shall act on this measure tomorrow," said the governor this morning. "I have no doubt that the measure as sent to me is all right in every respect."

FOR SWEET SUGAR SAKE.
We have been told quite a number of times that the Roseburg Review had an article about the two Revolution Cottrell press were lately installed in the Plaindealer office and also some childish remarks about our new Fairbanks & Morse 5 h. p. gasoline engine etc. etc. We have not seen the article as we are too busy to hunt such stuff up, but to show our charity towards Brother Wimberly we will head a "to fer" subscription to purchase for him as a memento of the public a sugar test, a rubber ring to cut his teeth on, a kid-ding bib, a square of diaper and a safety pin.

Portland speculators and boom rascals are determined to run that \$500,000 appropriation for a Lewis and Clarke exposition rough-shod over the state at large. If it is railroaded through the house and senate we want the people at large to have the final say in the matter and the referendum should be used to settle the matter and a special bill passed to submit to a vote of the people within the next three months. We favor an appropriation but do not favor the methods employed as it looks too much like an organized raid upon the state treasury. If a majority of our people want to appropriate \$500,000 then all is well; but a minority of the taxpayers have no right to run a blazer over the majority because they are able to do so. Let the matter be referred to the people and let Portland's subscription be guaranteed before one cent of the state's fund is available.

A paragraph going the rounds of the newspapers is sending cold chills up the backs of beer drinkers: It runs thus: "According to statistics of life insurance companies, a man at 20 years of age who does not drink beer, may reasonably expect to reach the age of 61. If he is a beer drinker he will probably not live to 25. If he is 30 years when he begins to drink beer, he will probably drop off some where between 40 and 45, instead of living to the age of 64, as otherwise he should."

The National Livestock Association will meet in Portland on the second Tuesday in January, 1904, and the National Woolgrowers Association will also meet in that city on the day before. These meetings will do much for the livestock industry of the Pacific coast and be a great benefit especially to Portland.

Ingratitude is one of the most serious of social sins, and cuts to the quick. When a man has rendered another untold accommodations and assistance, and then is made to realize that the recipient does not appreciate his efforts, it is sufficient to cause him to lose faith in humanity.

Henry Watterson is booming Arthur Pue Gorman for President. From "the star-eyed goddess of reform" to Gorman! Oh, what a fall is this, my countrymen!

Coast Range Copper Co., Incorporated
Articles of incorporation were filed in the county clerk's office lately by the Coast Range Copper Co., capital stock, \$25,000 divided into 500 shares of \$50 each; incorporators, T. R. Sheridan, F. J. Blakely, H. A. Champagne and Frank Reed. The purposes of the company is to transact a general mining business.

but I shall look it over carefully today and this evening. If this inspection shows everything to be all right, as is practically certain, I shall affix my signature tomorrow."

KAY'S SALARY BILL.
SALEM, Or., Jan. 21.—Kay of Marion has introduced a bill to fix the salaries of state officials as follows:
Governor, Secretary of State and State Treasurer, \$5000.
Attorney-General, \$3000.
Chief Justice, \$4500.
Associate Justice, \$4000.
It is intended to do away with all perquisites of office.

SENATE ROUTINE WEDNESDAY.
SALEM, Or., Jan. 21.—Rev. D. A. Waters, presiding elder of the Methodist church, prayed at the opening of the Senate session this morning. The attendance was light, but several Senators who were not present at the opening came in during the first hour.

Bills were introduced by Kuykendall to provide a method of enrolling bills; by Williamson to prevent the fraudulent wearing of emblems and buttons; by Williamson, for the relief of Lake County; by Daly, to prohibit the control by trusts of traffic in food products; by Smith, of Umatilla, to require persons who drive cattle beyond the boundaries of their counties to place a hair brand thereon; by Steiwer, to provide a license upon sellers of merchandise; by Rand, to amend code; by Sweek, to prevent the construction and operation of seines in the Peacemaker River.

Messages from the House were received announcing that the Lewis and Clark Fair bill had passed; that the Speaker had signed the Portland charter bill; that the House had concurred in Senate joint memorial No. 4 calling upon Congress to support the President in his efforts to control the trusts; that the House had concurred in Senate joint resolution No. 1 for an investigation of the affairs of the State Land Board; that the House had passed the bill to provide another Judge in the third judicial district.

The judiciary committee reported favorably bills to the Governor on the care of the insane, to provide that executions be held at the penitentiary and to provide penalties for the stealing of animals; and resolutions for a constitutional amendment to legalize state institutions away from the capital and for a constitutional amendment to allow cities to adopt changes without the Legislature. The latter was referred back to the committee with a request that it be further explained.

After Tongue's Place.
WASHINGTON, Jan. 21.—A scrap is on over the chairmanship of the House committee on irrigation, made vacant by the death of Congressman Tongue, of Oregon. Beeler of Kansas, ranking member, but also chairman of the committee on mileage, insists he ought to have it. Mondell, of Wyoming is hoping Henderson will pass Reeder and name him.

The speaker has not indicated whether he will appoint a chairman during this session.
The House committee on public lands has instructed Representative Lacey to draw a bill providing coal locations on unsurveyed lands in Alaska. The locations must be along in shape, one long as wide, and not exceed 320 acres each.

Tillman Resigns.—His Victim's Death.
ACONESTA, Ga., Jan. 20.—A Columbia special from a Herald staff correspondent says: Lieutenant-Governor Tillman has decided to resign as an official of the State of South Carolina. He has prepared his resignation, which will be presented today, when the Legislature convenes.

The funeral of N. G. Gonzales, who was shot last Thursday by Lieutenant-Governor Tillman, and died yesterday, will be held at 4 o'clock this afternoon. The services will be conducted at Trinity Church, by the Rt. Rev. Bishop Capers, the life-long friend of Mr. Gonzales.

The active pallbearers will be the fellow-workers of Mr. Gonzales' paper, the Order The Knights of Pythias, of which order Mr. Gonzales was a member, will attend in a body.
Lieutenant-Governor Tillman's present term will expire tomorrow, when his new term would begin had he not determined to resign.

Plague Kills Rats and Chinamen.
Up to January 17th, eighty-seven cases of Bubonic plague has been reported in San Francisco. Of these eighty-three were Chinese, six whites and four Japanese, none proven to have originated in this country. Of twenty-two dead rats found in Chinatown in a given period, eleven were infected. Of fifty-four live rats caught four were infected.

Taking these as average rat health and mortality statistics the disease is very fatal among the rodents. While but a fourteenth of the rats caught were infected one-half the deaths resulted from the plague.

New York Boss.
ALBANY, N. Y., Jan. 21.—Thomas C. Platt was re-elected to succeed himself as United States senator at the joint session of the New York legislature today.

Portland is to have the livestock convention there in the year 1904. Heredity to Kansas City was more lively than anyone in Portland thought it would be.

A peculiar suit has been brought in Medford. Warren Howard has sued T. W. Lloyd, an Alaska miner, for \$20,000 damages to the mind of his daughter, Minnie Howard, caused by an insulting letter written her.

MR. HERMANN'S RESIGNATION.

Notifies President That He Will Quit February 1.—His Successor.

WASHINGTON, Jan. 19.—The resignation of Binger Hermann of Oregon, as commissioner of the general land office, to take effect February 1, was placed in the hands of the President today. The nomination of W. A. Richards, former Governor of Wyoming, to succeed him, probably will be submitted to the Senate tomorrow.

Accidental Shooting at Drain.

Sunday near Drain occurred an accidental shooting which came near terminating fatally. Riley Morningstar and a young companion by the name of Davis, went out hunting, and the Davis boy had been carrying the gun and upon firing it placed another cartridge in the barrel of the gun and turned the weapon over to young Morningstar without warning him the gun was cocked, whereupon it was accidentally discharged, the ball passing through the fleshy part of young Davis' thigh, but not injuring the bone. It was a narrow escape and another warning to boys who are prone to carelessness in the use of firearms.

Obituary.

DIED.—At her home near Cleveland, Douglas Co., Oregon, Jan. 19, 1903, Mrs. Martha Woodruff, aged 88 years, 7 months and 23 days.

Martha Sloan was born near Pittsburg, Pa., May 27, 1814. She moved to Zanesville, Ohio, where she married Anthony H. Woodruff, March 16, 1837. They crossed the Plains to Oregon in 1854 and settled in Douglas County, at the present Woodruff home.

She was the mother of eight children, of whom, Robert N., George and R. T. Woodruff and Mrs. Elizabeth A. Smith survive her. She united with the Baptist church early in life in Ohio and after coming to Oregon, became a member of the Christian church. Funeral services were held at the French Settlement school house Wednesday, and were conducted by Rev. Geo. H. Bennett, pastor of the Roseburg M. E. Church. A very large concourse of people followed the remains to their last resting place in the French Settlement cemetery, where they were interred by the side of the remains of her husband.

To know was to love and honor; this grand old pioneer lady and of her wide acquaintance, none will receive the news of her death with less than profound sorrow. She was possessed of many noble womanly attributes and all of the virtues of motherhood, and her memory will long be cherished by her many relatives and friends.

Hop Prices are Climbing.

PORTLAND, Jan. 20.—The hop market showed additional strength today, and prices again show an upward tendency. A number of sales were made yesterday of fair-sized lots at 26 cents a pound. Some of the brokers, in order to get the choicest stocks, are now offering 27 1/2 cents a pound. There is very little doubt now that the hop prices will go up to 30 cents and even above that figure. Even 40 cents a pound is predicted.

The Blow Out of the A. D. K.'s.

A dead cold invitation is extended to all members of the A. D. K. to attend in a body the "Wake" over the death of the old and delinquent dues of the A. D. K.'s, at the Fireman's Hall, Tuesday evening, Jan. 27, at nine o'clock. Friends of the friends of the A. D. K.'s are requested to bring Crepe and Ice, and join in the dead march. The five members will furnish the Steiner and sustenance for the inner man. SPECIAL! SPECIAL! As this blow out is to celebrate the departure of our esteemed brother, Sam S. Josephson, for the city, and the internment of his long delinquent dues. Embellishing Finland will be furnished to all regular members at the regular price, 12 1/2 cents. Reduced to two for a quarter for Sammie. Sympathy free.

Nugget Items.

John Rice went to Roseburg Saturday. James Hall spent a few days in Roseburg last week.

Work is progressing nicely on the reservoir near this place.
Phil Rice is in our vicinity prospecting. We hope he will strike it rich.

Sam Bayless of Myrtle Creek, was up last week looking after his cattle.
Andy Sherman and crew are cutting brush and cleaning the creek above here.

Mr. Den Russell was called to Myrtle Creek to the bedside of his sick sister, Mrs. Smith, who died Saturday morning. Mr. Russell returned Monday to his duties at the Little Chieftain mine.

W. B. Stewart is in our vicinity looking over his mines, the Continental. He has added some new improvements in the way of an ore car and new beltings and has the floor of an ore house down, which he will complete as soon as he can get lumber. Cloyd Chaney is working on that mine now.

CRACKER JACK.

The Copville Valley Packing Co., of Myrtle Point, has been incorporated. The incorporators are E. S. Dear, D. J. Johnson, J. A. Davenport and Wm. Shingley, capital stock \$10,000. The company will engage in the pork packing business and are buying up hogs wherever they can secure them.—Myrtle Point Enterprise.

Notice of Stock Holders Meeting.
The annual meeting of the Douglas County Agricultural Association will be held at V. C. London's office in Roseburg, on Monday Feb. 22, 1903, at 1 o'clock p. m. for the purpose of electing seven directors for the ensuing year and transacting any other business that may come before the meeting.

F. A. McCall, Sec.

Box Seal.

Don't forget to remember the Box Seal at the M. E. Church Friday evening. Ladies bring boxes, Gentlemen bring cash and a large appetite. Good time assured.

SAD ST. HELENS FATALITY.

Mr. and Mrs. Keeler Gabbert's Little Two Year Old Daughter Burned to Death.

EGGERS, Jan. 19.—It was a sad funeral party that left Eggers for the Pleasant Hill cemetery this morning.
Saturday morning Mrs. Gabbert, of St. Helens, formerly Miss Stella Rowland, of Eggers, left her little daughter of two years crawling about on the floor as she left the room. She was out of the room not to exceed two minutes, but a horrible sight met the mother's gaze on returning. By some means—the baby's dress had caught fire and was in full blaze.

The frantic mother extinguished the flames with a bedspread at hand, but it was too late. The child lived but four hours afterward, apparently not suffering to any great extent.

It is a mystery how the child's clothing caught fire as the stove was of air-tight manufacture and it would seem impossible that flames could have been communicated to the clothing by that means. It is possible that a match was ignited by the child crawling over it.

[Mr. Gabbert spent his youth in and about Myrtle Creek, this county, where many of his relatives still reside, and is well and favorably known throughout the county. The many friends of the family are sorry to learn of their sad and bitter misfortune and join in extending the sorrowing parents heartfelt sympathy in their bereavement.]

Drain News.

Mrs. Weldon is quite sick at present with bronchitis.
E. H. Wise, of Placer, is visiting relatives and friends.

Glen Wimberly returned Thursday from a visit at Grants Pass and Roseburg.

Miss Bertha Estes, of San Francisco, is visiting her grandmother, Mrs. M. J. Jackson.

O. L. Williams of the Gardiner Gazette, passed through Drain Thursday on his way to Roseburg.

Mr. Davis, of Junction, has arrived and moved his family into Mrs. Collins house in east Drain.

Mrs. John Taylor is visiting her brother, Temple Brown and sisters, Misses Lillian and Violet.

Mrs. Geo. Estes was called to Portland Friday, to attend her husband, who is quite ill at that place.

Arthur Gardiner, of Tabor, has accepted a clerkship in Mr. Black's store. His family is expected this week.

Mrs. Collins and daughter, Miss Effie, of Roseburg, were the guests of Miss Geo. Estes, going on to Portland Friday.

F. H. Wells and John Henderson came up from Elkton Sunday and went on to Roseburg to serve as jurors in the present session of circuit court.

Circuit Court Notes.

G. First National Bank, of Roseburg vs. J. L. Dewey et al., debts; confirmation. J. C. Fullerton, atty for plaintiff.

J. H. Levy & Co., pliffs., vs. Cloyd & Brown, debts; action to recover money. A. M. Crawford and C. S. Jackson, attys for pliffs., and A. Abraham, atty for deft. Verdict for deft.

J. W. Kresson, pliff., vs. C. C. McNeil et al., debts; suit for foreclosure. J. C. Fullerton, atty for pliff. Judgment for \$786.25 and \$70 attorney's fees.

J. A. Buchanan, pliff., vs. Isaac Ohlson, deft.; suit to foreclose mortgage. F. G. Mitchell and J. A. Buchanan, attys for pliff. Continued.

Will E. Taton vs. Frances C. Taton suit for divorce. F. W. Benson atty for pliff. Referred to Ellena Reed to take testimony.

Joseph Micelli, pliff., vs. Southern Pacific Co., deft.; appeal from justice court. F. G. Mitchell atty for pliff., and W. E. Willis, W. D. Fenton and Dexter Rice, atty for deft. Nonsuit; dismissed.

T. R. Sheridan, pliff., vs. G. M. Goringe, et al., defts.; suit to foreclose mortgage. O. P. Coohay atty for pliff. Judgment for \$123.46 and \$25 attorney's fees.

Acting upon instructions from Judge Hamilton, the jury in the case of F. B. White vs. J. H. Grubbe et al., heard in the circuit court Tuesday, rendered a verdict for the plaintiff without leaving their seats. This was a case wherein Mr. Waite, the plaintiff, as executor of the estate of Fendel Sutherland, deceased brought suit against Mrs. J. H. Grubbe, co-defendant, to recover \$10,000. Mrs. Grubbe, who is the daughter of the decedent, claimed that this money was a gift to her from her late father, and that he had shown her where it was buried and told her it was for her, exclusively. The will left by Mr. Sutherland made no mention of the gift, but it did state specifically that all property belonging to his estate should be divided equally among his heirs. On the legal ground that the money in question had never been actually delivered to Mrs. Grubbe by the decedent, the court instructed the jury with the result as aforementioned, the plaintiff not submitting the testimony of any witnesses in the case.

The court has been occupied yesterday and today in the case of Hall vs. Abraham, an action at law, to recover ore taken from a mine near Myrtle Creek. The case went before the jury at two o'clock this afternoon.

The jury is now being drawn in the case of Hutchinson vs. Maurice Abraham, administrator of the estate of Sol Abraham, an action to recover money.

Wood Wanted.

Sealed bids to furnish 130 tiers of oak, and 20 tiers of old fir, 20 inch wood to be delivered at the school house in Roseburg on or before Oct. 1st, 1903. Will be received by the undersigned until 12 o'clock noon, of Jan. 20th, 1903.

A bond conditional to the faithful performance of the contract to furnish said wood must accompany each bid.
The board reserves the right to reject all bids. By order board of directors, Dist. No. 4. Roseburg Ore., Jan. 10, 1903. CLARA DILLARD, Clerk.

THREATENS PROSECUTION.

Fish Warden Van Dusen to Look After Fish Obstructions in Stream Near Roseburg.

SALEM, Jan. 20.—Master Fish Warden H. G. Van Dusen was in Salem Thursday, having stopped off to see what the Legislature was doing. He was on his way to Roseburg and departed for that point Thursday night.

Mr. Van Dusen says that his mission is of a grave nature, for several parties have constructed dams in the Deer Creek tributary to the Umpqua River, near Roseburg, and the coast fork of the Willamette River, near Cottage Grove, in violation of the fish and game laws, in that no fishways have been provided, so that the fish are prevented from reaching the interior and the spawning grounds and as the owners of the dams are very stubborn in yielding to his warnings he fears that he will be compelled to prosecute them.

Cook County For Good Roads.

On Wednesday last week a good roads convention was held in Marshfield, presided over by S. B. Calkins, state vice-president for Cook county. The attendance was quite large and a strong interest was manifested in the effort to bring about a better system of roads for Cook county. Addresses were made by several of the prominent citizens of that county, the trend of the sentiment being that the time had come when good roads were an absolute necessity to the further development of the county.

Permanent organization was then effected by electing Judge Harbeck, president; H. W. Airey, secretary; George H. Wilson, F. P. Norton, D. E. Stitt, J. H. Schroeder, William Abernathy, John L. Barker and Charles Bodine, vice-presidents; O. C. Sanford, treasurer.

In motion the president and vice-presidents were made the executive committee of the association. The vice-president were authorized to call such good roads meetings in their respective districts and assist in making permanent organizations thereof as they may deem necessary and expedient.

Before adjourning the following resolutions were adopted:
First: That we heartily endorse the plan for state and county Good Roads Association as adopted by the Good Roads Convention recently held in the city of Portland and hereby recommended that such plan be adopted for the organization of a county association in this county.

Second: We endorse the recommendations made by said convention as to proposed amendments in our present road laws.

Third: We recommend that further amendments to our present road laws should be urged in the following particulars:

First: That our present road laws be so amended that all roads to be hereafter opened and established shall conform to a practical maximum grade, and that all existing roads exceeding such grade shall be made to conform thereto as soon as practicable, excepting mountain roads that cannot be made to conform thereto.

Second: That all proposed roads shall be viewed at the same time as they are surveyed in order to ascertain whether the same will be feasible or practicable and can be made to conform to the established grade.

Third: That when such survey is made two viewers shall be appointed to accompany the surveyor and if the survey shall show the proposed road to be feasible and practicable, and can be made to conform to the established grade, the viewers and the surveyor so appointed shall appraise the damages and benefits to the property through which said proposed road is to run and report the same to said court at its next term, subject to the approval of said court; and that the present method of appointing viewers and appraisers be abolished.

Fourth: That we tender a vote of thanks to Hon. S. B. Calkins for the interest he has taken and energy and expense he has expended in the interest of good roads in this county.

News Notes.

The Chicago grand jury has indicted forty-five coal dealers for "conspiracy" in advancing the price of coal. Highway robbery is the better designation.

Germany is said to seek our friendship. Her new minister says so. She has abandoned her warlike program and is now making love to the United States.

According to the Gazette, Gardiner offers great inducement at presents for a Salvation army. It is a town of 400 inhabitants, and there is no minister nearer than Marshfield.

In Astoria, during 1902, 86,466 inches of rain fell. In 1899 the rainfall there was 101,400 inches. The rainfall at Marshfield for the year 1902 was 80 1/2 inches, according to the report furnished by the Railroad Weather Service. At Roseburg it was less than 33 inches.

O. B. Hinsdale, of Gardiner, has placed an order with Holland Bros. for a 38-horse power engine. Mr. Hinsdale intends to use the boat in connection with his business interests on the Umpqua and Smith Rivers.—Marshfield.

The Bulletin mentions that Coquille is afflicted with an epidemic of market fever in a very mild form, and that the health officer has advised the exclusion of all people from school from families where sickness of an indefinite form exists.

An exchange says that the value of the product of Oregon dairies last year was \$3,000,000, and the supply was not enough to meet the demand. Oregon dairymen receive from 6 to 7 cents a pound more for their product than do the dairymen of the Eastern states. There are about 300 creameries and cheese factories in the state.

Fifty thousand tons of agricultural implements made in the United States will be shipped from New York during the next six weeks, eight steamships being used in transporting the machinery to foreign countries. One vessel alone will carry 8500 tons of the machines manufactured in Chicago, which is the largest shipment ever forwarded from America.

V. R. Buckingham,

(Successor to W. L. Cobb, Mrs. Boy's old stand)
