City Council Proceedings.

At the regular meeting of the city council last Monday evening, a full board was present except Councilmen Kohlhagen and Norman. The bill of the Roseburg Water & Light Co., for water for January was presented for payment, and on motion of Councilmen Wollenberg the same was ordered paid. Mayor Hoover in the meantime had made a strong plea to deduct a certain amount from the bill for the time the city has been without fire protection. Chief Engineer Sykes of the fire department was present and stated that the city had not been without fire protection since the accident, as the Water Co., had closed the gates keeping a reservoir in case of fire, which could be turned on at any moment. After considerable wrangling between the mayor and council, a vote was called with the above result. Councilman Aiken voting "no."

A petition signed by over 100 business men was presented by a committee from the fire department, asking the city to allow $2.50 to the first teamster who, in case of fire, appeared at the hose house and drew the cart to the scene of the fire. This was asked to be allowed only during the time of year when the mud in the streets would prevent the firemen from drawing the hose carts with any degree of rapidity. The mayor objected to granting the petition on the grounds of economy, holding that the city is too much in debt to expend any sum, no matter how small, needlessly. The council disregarded the mayor's objection, and granted the petition, fixing Oct. 15 to April 15 as the time in which this $2.50 allowance shall hold good.

Upon report of a committee the petition for a sidewalk on Pitzer street was denied. It was reported upon investigation that the walk would benefit only one person, while a number of others remonstrated against its construction.

Saloon bond of G. R. Linser approved and license ordered issued.

Propositions to furnish the city with pipe were submitted by Beard & Culver Churchill & Woolley and Carroll & Bards of America. Action deferred pending consideration.

The petition of Beard & Culver, asking permission to erect an iron roofed shed back of their place of business was referred to the committee on fire and water.

The proposed entrance of North Roseburg into the city proper, caused an amendment to be offered the proposition to extend the city limits to West Roseburg also. This extension will include practically all residents between the river bridge and the east line of the Soldiers Home grounds, but leaving out the big bridge. It is almost needless to say that the amendment was promptly adopted by the council.

The celebrated De Moss family, the famous musical entertainers of America, who are now making their thirty-first annual tour, have just made arrangements to appear at the Opera House in this city on Wednesday evening, Feb. 11, and render their program of vocal and instrumental selections. A great number of the older residents of Douglas county have heard this celebrated family on some of their former tours, but the improvement made by them in the last few years is so great that they are justly entitled to the title bestowed upon them in recognition of their efficient work at Chicago World's Fair—that of "Lyric Bards of America. Reserved seats will be on sale at B. W. Strong's on Saturday, Feb. 7, to accomodate those who wish to secure their seat in advance, as these verassatile musicians have been greeted with crowded houses at all of their engagements on this tour.
