Democratic Congressional Convention.

The democratic congressional convention met last Saturday at Albany and was called to order by Sam White and J. K. Weatherford.

The following platform was adopted unanimously: "We are unalterably opposed to the present trust dictatorship of our financial legislation, especially as exemplified by the Aldrich and Fowler bills now pending before Congress, and declare such control harmful to good government."

"There is an overwhelming demand from a vast majority of the people for revision of the tariff along rational lines. We repudiate the absurd proposition of continuing high protection on products of the gigantic trusts, now grown to plethoric wealth under Governmental favor."

"We demand favorable action in lieu of mere promises in securing Federal improvements of our rivers and harbors. We demand the passage of effective laws controlling the trusts, and sincere efforts to enforce them."

"Public lands belong of right to the people, and any attempt to alienate said lands contrary to law should be condemned at the bar of public opinion; we therefore favor an honest administration of the Land Department, as well as all other departments."

"The administration of Governor Chamberlain is justly receiving the commendation of the people, irrespective of party, and the record of the Democratic party in the recent Legislature reflects honor upon the party, and will redound to the welfare of the state."

"We commend the earnest endeavor to curtail public expenditures in the interest of the taxpayers."

The only points left out of the resolutions being 16 to 1; a pledge to renew worship of Jefferson and 40 acres and a mule.

Glendale News.

The general health in our city is now improving and whooping cough is almost a thing of the past.

David and Frank, the little sons of Mr. and Mrs. D. C. Tyler, are now convalescing under treatment of Dr. F. R. Bowerman.

The "donkey" engine for the Zwright-Snyder saw mill was unloaded from the cars Saturday, and work at the mill will commence as soon as it is put in position.

Dick Guthrie, who was disappointed in getting the Plotner property, has bought seven acres adjacent to that property, and will commence to build at once. We cordially welcome the Guthrie's to our city.

School will commence at our new school house on Monday, April 20th with Mrs. H. E. Hamlin and Miss Mary Benn as teachers, and no doubt those estimable ladies will appreciate the fact of having a comfortable school house with plenty of room.

D. N. Fish, the newly elected mayor of this city who has been dangerously ill, is reported as being better today.

Mr. Fish is one of the most popular and highly esteemed men in our city, and a universal feeling of sympathy is expressed for his illness, and the hearts of all go out in the wish for his recovery.

Houses are scarce and tents are not being used for homes. It seems to us that the erection of four or five cottages for rent would be a good investment for some one who has money to do the building. Stueshoff colony will want at least six houses upon their arrival here, which will be about May 20th.

Seeking a Refuge.

At Natchez, Miss., last Thursday the members of St. Mary's congregation had a most peculiar experience at high mass that morning at 7 o'clock, when a large iron door down Union street into the iron door at the cathedral, severely injuring itself. The door then ran into the cathedral and up down the aisles among the members of the congregation. It finally made its way out, running at high speed, and when two blocks from the cathedral fell to the ground and died in a few moments.

The door had been driven from the Louisiana parishes by high water, swam the river, climbed the hill at the river front and raced through the streets to the cathedral.

Bottom Dropped Out of Hops. A Santa Rosa, Calif., dispatch of yesterday's date says: If the hop market remains in the same condition as at present it will mean a loss of thousands of dollars to a number of Sonoma county growers who still have a portion of last year's crop on hand.

At the present time the bottom has dropped out of the market. Several hundred bales of hops were sold here yesterday at prices ranging from 17 to 19 cents per pound.

Thirty days ago 24 cents per pound was offered for the same hops. To one large hop-grower the fall in the market will mean a loss of between \$15,000 and \$20,000. The fall has been caused, it is stated, by a combination of dealers in New York. One grower sold yesterday 381 bales of hops at 17 cents per pound, for which he was offered 24 cents earlier in the season.

Good Pig Feeding. There is more enquiry and more interest taken in feeding hogs than in almost any other topic of the farm.

A grain ration consisting of a mixture of oats, peas and barley in equal parts gives a firm crop of excellent quality. Skim milk not only tends to thriftiness and rapid growth, but counteracts in a very marked manner any tendency to softness. Rape, pumpkins, artichokes, sugar beets, turnips, and mangels can be fed in conjunction with a good ration without injuring the quality of pork.

The last of young pigs and animals of authority growth is often that of finished pigs that have increased steadily to the finishing weight—Indians Farmer.

Oakland News.

Will Thompson, of Coler Valley, is quite sick in this city.

Dr. Page was called to Elkhead last week to see Grandma Langdon.

Marion Cozad, of Looking Glass, is visiting his mother in this city.

Mrs. Ellen Rogers, of Central Point, is visiting her sister, Mrs. J. M. Leoper.

James Brown, of Looking Glass, was an Oakland visitor one day last week.

Mrs. Russell, who has been in Baker City, returned home Thursday evening.

G. W. Adams has sold the old McFarland property to Louis Villipogee.

Mrs. A. N. Orcutt, of Drain, is visiting relatives and friends in this city last week.

Republican Convention.

The convention proceedings at Eugene last Thursday, were given in the last issue except the direct announcement that the Hon. Binger Hermann had received the nomination.

Dear Sir: Look out for a piece signed "Canonicus." It was written over a week ago by the City Recorder J. H. Miller and he is consulted the article will never go in print.

Why did not Editor Vernon match the club with his "shooting stick."

When we can get the names of the two eastern dudes and the full particulars of their disgraceful conduct which has not appeared in print and which was, if our information be correct, a disgrace not only to Oakland but to the state at large.

Resolved, That we hereby record our high appreciation of the private worth and public services of the late Thomas H. Tongue, congressman from this district, and we deplore his death as a loss to his state and the nation.

Strenuous Journalism.

Ladybird and San Jose Scale.

Government entomologists have demonstrated that the Asiatic ladybird has a great liking for the larvae of the San Jose scale as a article of steady diet, and are now propagating this species of insect for distribution among orchardists in districts affected by scale, says an official report.

After this excellent meal was finished the guests were entertained by music and other amusements for awhile, after which they dispersed, agreeing on and all that Mrs. Wollenberg was the present of hostesses.

Women of Woodcraft will hold a special meeting Wednesday, April 15, at 2:30 p. m. for the purpose of electing and initiating candidates.

Notice is hereby given that the State Land Board will receive sealed bids until April 28, 1903, at 10 o'clock a. m., for the sale of the following described school lands, to-wit:

Sections 16 and 36, Township 31 South, Range 9 West, Section 16 Township 31 South, Range 10 West of Willamette Meridian.

Valley League Organized.

EGGERS, OR., April 11—Preliminary steps of organization for a baseball league to comprise the towns of the valley were taken at a meeting held in Eugene tonight, although there was not the enthusiasm displayed in the meeting that had been hoped.

A resolution passed that one representative from each town, together with the president of the league, constitute a board of control, which shall have full power to settle disputes and transact all legitimate business for the league, and shall act upon all matters of grievance.

The gate receipts at each game are to go to the team on whose grounds the game is played, and out of these receipts the expenses of the visiting team are to be paid.
