

SUPPLEMENT

ROSEBURG PLAIN DEALER.

ROSEBURG, OREGON, THURSDAY, MAY 21, 1903.

WILL SELL CHOICE LOTS.

Kinney's Addition To Be Sold At Auction.

A. Harris, of A. Harris & Co., real estate brokers and auctioneers of New York City, will conduct a big auction sale of city lots here next Tuesday, at 2 p. m. Mr. Harris has made arrangements to entertain a big crowd, for he offers great inducements to home-seekers as well as investors. The lots offered are the Kinney lots lying on the east side of Jackson street. These lots will double in value in the next twelve months, if factories that will employ hundreds of people are built on this addition. The feature of the sale will be the easy terms on which property will be sold. One lot will be given away. Everybody gets a chance on that. Free carriages will convey the people from the business section to the grounds. Mr. Harris sells a lot a minute so those that want to buy will have to talk quick. There will be no by-bidding as the lots will positively be sold to the highest bidder. For further particulars, see large ad. in today's paper.

Myrtle Creek Mail Local.

Preparations are in progress to have the school house painted. It needs it.

Prof. Jas. Patterson has returned after closing a seven months term of school.

R. V. Dunham, principal of our town schools, spent last Saturday in Roseburg on business.

The county convention of the W. C. T. U. will meet in the city of Riddle the first week in June.

Phil Rice has fixed up a cozy consultation room for Atty. C. I. Leavengood. Mr. Leavengood is agent for the National Fire Insurance Company of Hartford, and is ready to do insurance business.

The new wagon bridge across the Umpqua at Canyonville is finished and opened to the public.

The first wild strawberries of the season put in their appearance last week. There are plenty now, but not enough in proportion to the wild vines.

Mr. and Mrs. Joseph Lane have moved back home from Ruckles. The cold and chilly winds that blow up and down the Umpqua valley are too much for them. We are pleased to have them back again and they will have a pleasant place in Mrs. S. Selig's home.

Beware of tramps. They are circulating more freely since the warm weather came. And there are reports of burglaries taking place in towns along the main line. A little timely precaution of the home people may often save the town marshal trouble, and perhaps a few personal valuables.

Representative Willis Keamer celebrated his fifty-third birthday last Sunday evening. A number of his friends came in and helped him to have a good time. The party indulged in games, and some very nice musical selections were rendered by those present. Mrs. Kramer served ice cream and refreshments. Mr. and Mrs. A. E. Shiria, Mr. and Mrs. W. Kruger, Mr. and Mrs. John Hall and Mr. G. W. Burnett were among those present.

What is supposed to have been an attempted case of burglary took place last Friday night at the home of Grandma Gibbs. At about one o'clock Mrs. Gibbs was awakened by the noise of someone trying to get into the house through the back door. Her cries soon aroused some of the neighbors who came to her rescue, and the supposed criminal fled. Aside from a bad fright no damage was done. The culprit is not known and it will not be very healthy for him if Marshal Drake finds him.

Mrs. J. R. Bellshe and Mrs. Margaret Strong Slater, both of Moro, this state, are here visiting at Mr. and Mrs. F. Fisher's this week. Mrs. Slater is a sister-in-law of Mrs. Fisher. The ladies are here looking after property interests and are thinking strongly of buying some property and making this their home.

A crowd of jolly Masons from Myrtle Creek drove to Canyonville last Friday evening and took part in the regular May meeting of the local order. As Masons always do they combined a bit of social pleasure with the work, and put two new candidates through the Fellowcraft degree, and initiated one. Those from here were: I. N. Humphreys, Phil Rice, J. J. Chadwick, Frank Hoover, Ben Hunsaker and W. Monn, of Salem.

Gambling Will Stop.

During this week the Knights of the Green Cloth have received a rather severe set back. The fines paid into the school fund being nearly \$900, and a few who were not "well heeled" are now "star boarders" at the rate of two dollars per day. Now the Editor had his ears on the wireless telegraph indicator and knows from the vibrations that there is a wave of moral sentiment sweeping over the city and that sentiment is not in favor of running wide open games in Roseburg. The Circuit Attorney and also the Circuit Judge, are determined that gambling shall be closed and remain closed in Roseburg, and while the Judge has been very lenient in the cases coming under his knowledge, it has been intimated, that if any more new cases should be prosecuted that no leniency will be shown. The gamblers well know that there is no foolishness about the court and they can expect to receive the full sentence without mercy from this time on.

Local Almost Wrecked.

The south bound local train No. 11, met with an accident at Shady Point, two miles south of this city, shortly after leaving here last night and was delayed two hours and a half. The accident was caused by a stick falling off of the tender of the engine and landing under the rear wheels of the mail car, causing the rear trucks to leave the track and tear themselves loose from the body of the coach. The train was immediately brought to a stand-still, and the flagmen stationed, after which Conductor Thomas Kearney returned to this city on foot and reported the accident. An engine and wrecker were sent to the scene of the wreck, and the rear end of the train returned to this city after which the trucks were replaced, track put in proper condition and the train proceeded on its way at 9:35 p. m. Had two sticks fell instead of one, it is probable that Roseburg would have had a glimpse of the President.

Blizzard in Montana.

A special dispatch from Great Falls, Montana says: The heaviest sheep and cattle loss in the history of Montana, the damage of which will foot up as high as \$5,000,000, has been caused by the terrible storm which has been raging for the past three days. In some sections fully 90 per cent of the sheep on the ranges have perished.

Three herders, at least, have wandered away in the blinding storm and been frozen to death. It is difficult to get names. An aged herder, employed by H. H. Wilson, at Portage, was lost Sunday. Two more in the Shelby Junction country, employed by the Flowers Cattle Company, are missing and there is no hope that they can be found alive.

Two thousand five hundred sheep are drifting on the ranges without herders. The latter have abandoned their flocks on every hand and fled for safety to the settlements and ranches. Nothing like the fury of this storm has ever been witnessed in Northern Montana.

Of a consignment of 600 cattle bound from Havre, all but five were found frozen stiff. Losses are reported on every hand from Harlem, from Lethbridge, from Chinook and Havre, and this district will feel the effects of the losses for years.

How! Democrats! How!

The entire democratic press of the state backed up by the Portland aggregation have attempted to show that the Hon. Binger Hermann and President Roosevelt were at outs. The news report of last week in which President Roosevelt stated that he desired the election of Binger Hermann and that all good Republicans would vote for him in the First Congressional District of Oregon, dampened their expectations; and the following telegram which came to Mr. Hermann at Roseburg, on Monday evening, and by request was forwarded to McMinnville, Oregon, has caused the democratic press of the State to shed not tears but their upper teeth.

"TO HON. BINGER HERMANN,
McMinnville, Ore.

"The President will be pleased to have you join his train at Salem and ride with him to Portland.

WM. LOEB, JR.,

"Secretary to the President."

The telegram has settled once and forever the falsehood that Mr. Hermann was persona non grata to President Roosevelt and proves that the President has a warm personal feeling for his late Land Commissioner. The democrats set a trap for the President and Mr. Hermann to walk into with the result that the President sprang the trap and caught the democratic press and its candidate around the neck. The democrats can always be dependent upon to show their ancestral long ears at the proper time. Mr. Reames met the President by request at the depot at Salem, but Binger Hermann, Well! He got aboard the old ship in fine style, and all Republicans are singing "Glory, Glory, Halleluiah," while the democrats sing "Hark from the tomb a doleful sound" etc.

GRAND JURY REPORT.

"In the Circuit Court for Douglas County, Oregon.

"Final report of Grand Jury.

"To the Hon. J. W. Hamilton, Judge: "We, the grand jury of the May, 1903, term of the above entitled court in our final report say:

"That we have visited the various county offices and found them all well kept and in good order; we also visited the county jail and found it in a very poor sanitary condition, and would suggest an immediate improvement in the way of ventilation, light and sewerage. We also wish to thank the district attorney, and the Honorable Judge for their assistance and courtesies extended to us.

"Having completed our labors, we ask to be discharged.

THE PRESIDENT IN ROSEBURG.

Arrives on Schedule Time—Slumbers During 5-Minutes Stop.

President Roosevelt's special train of six handsome coaches drawn by two gaily decorated engines pulled into this city at 2:30 a. m. today, and after a change of engines and crews and testing of the air, was again on its way northward with Engineer Dick Morris at the throttle of the gala attired engine 2199, Conductor Shan Conser being in charge of the train and R. R. Peebler and C. S. Miller as brakemen.

Base Ball.

And now the troubles of the managers in the Willamette Valley league have commenced. Hartley and Lorimer, first baseman and pitcher of the Engine team have jumped. Hartley was the captain but has been replaced by Buck Star.

Piano Buyers.

You will notice that we do not have to be continually striking out for a new make of Pianos. The Needham has been our leader for 14 years and is today a leader among the high grade pianos of the world. Some cheap pianos are made high grade simply by getting a boost in the Oregonian or some other leading paper, through those big dealers who think they can, and do make the majority of people believe it simply because they say so. It doesn't take ink, boost or high commissions to make a good piano, but instead the very best mechanics, and the very best material such as are always used in Needham pianos.
